GROSS AND NET 2016 UPDATED BED NEED PROJECTION FOR COMPREHENSIVE CARE FACILITY BEDS (UPDATED BED INVENTORY)

In accordance with COMAR 10.24.08.07, the Maryland Health Care Commission (MHCC) publishes the following notice of jurisdictional gross and net bed need for comprehensive care facility (CCF or nursing home) beds. These projections update the projections published in the *Maryland Register* on October 3, 2014. These jurisdictional gross and net bed need projections will apply in the review of Certificate of Need applications acted on by the MHCC after the date of their publication. Updated projections published in the *Maryland Register* supersede any published in either the *Maryland Register* or any plan approved by MHCC. Published projections of bed need remain in effect until MHCC publishes updated CCF bed need projections. Projections of net bed need can change during the interim between bed need projection updates as a result of changes in the number of nursing home beds counted in the inventory, in accordance with the rules at COMAR 10.24.08.07F, or changes to correct errors in the data or computation.
