

TASK FORCE TO STUDY ELECTRONIC HEALTH RECORDS

Meeting Agenda – July 9th 1:30-5:00pm

Pre-Session Presentation (1:30 – 4:00pm)

Representatives from the four National Health Information Network (NHIN) consortia will present an overview on their electronic health information exchange model. Each NHIN will discuss how their prototype provides secure information sharing among hospitals, laboratories, pharmacies and physicians.

The NHIN tests patient identification and information locator services, user authentication, access control and other security protections, as well as the feasibility of large-scale deployment. The following organizations will present at the July meeting:

- *Accenture*
- *Computer Sciences Corporation*
- *IBM*
- *Northrop Grumman*

- I. MEETING CALL TO ORDER – OPENING REMARKS BY THE VICE CHAIR (4:00pm)**
- II. APPROVAL OF MINUTES – MAY & JUNE MEETINGS**
- III. NHIN DISCUSSION (4:10pm)**
- IV. CLOSING REMARKS BY THE VICE CHAIR (4:55pm)**
