

### MARYLAND HEALTH CARE COMMISSION

4160 PATTERSON AVENUE – BALTIMORE, MARYLAND 21215 TELEPHONE: 410-764-3460 FAX: 410-358-1236

Notice Date: October 31, 2012 2013 Quality and Performance Reporting Requirements (QPRR)

This document contains the 2013 reporting requirements for commercial health benefit plans required to participate in Maryland's Health Benefit Plan Quality and Performance Evaluation System. Commercial health benefit plans, including HMOs, POSs, PPOs, EPOs or other similar entities, shall be required to report specifically on services provided during calendar year 2012. All reporting will include Maryland-only data; therefore, use of multi-state data as well as rotation of rates from the prior year, are no longer authorized. In order to differentiate Maryland-only data from book-of-business data, commercial health benefit plans shall determine whether a member is a Maryland resident based on the member's residency in the State of Maryland on December 31st of the 2012 calendar year or their last known address.

All QPRR measures are derived from the following quality and performance measurement tools to address public health issues of particular importance in the State of Maryland:

- The Maryland RELICC Assessment A newly developed tool customized for the State of Maryland by the National Business Coalition on Health/MidAtlantic Business Group on Health, which focuses on race/ethnicity, language, interpreters, & cultural competency issues
- National Committee for Quality Assurance's Healthcare Effectiveness Data and Information Set (HEDIS®)- A widely used tool which focuses on clinical performance
- Agency for Healthcare Research and Quality's Consumer Assessment of Healthcare Providers and Systems (CAHPS®) survey A widely used tool which focuses on member satisfaction with their experience of care
- The Maryland Plan Behavioral Health Assessment A Maryland-specific tool which focuses on behavioral health issues
- The Maryland Health Plan Quality Profile A Maryland-specific tool which focuses on quality improvement initiatives

All commercial carriers are required to participate in the Health Benefit Plan Quality and Performance Evaluation System. A carrier may request a *Notice of Exemption* from participating in the Health Benefit Plan Quality and Performance Evaluation System from the MHCC. To submit a written request, a carrier must also present clear evidence that shows the carrier does not meet the minimum criteria for participation as defined by the Code of Maryland Regulations (COMAR) 10.25.08. The MHCC'S regulation, COMAR 10.25.08, requires participation in the Health Benefit Plan Quality and Performance Evaluation System by each carrier that:

- Holds a certificate of authority in the State of Maryland
- Has a premium volume in Maryland for each category of health benefit plan that exceeds \$1,000,000
- Has no more than 65 percent of its Maryland enrollees covered through the Medicaid and Medicare Programs (as reported in an annual statement submitted by a carrier to the MHCC that includes premium volume and enrollment percentages for the calendar year preceding the reporting period

# Commercial carriers that meet compliance with COMAR 10.25.08 and are required to report to MHCC

# **HMOs Required to Submit Performance Reports**

- Aetna Health, Inc. (Pennsylvania) Maryland
   Aetna Choice POS, Aetna Health Network Only, Aetna Health Network Option, Aetna HMO, Aetna Open Access HMO, Aetna Quality Point of Service (QPOS)
- CareFirst BlueChoice, Inc.
   BlueChoice, BlueChoice HMO CDH, BlueChoice Opt-Out Open Access, BlueChoice Opt-Out Plus, BlueChoice Opt-Out Plus Open Access, CareFirst BlueChoice
- CareFirst Blue Cross Blue Shield; Group Hospitalization and Medical Services
- Cigna HealthCare Mid-Atlantic, Inc. HMO, HMO Open Access, HMO POS, HMO POS Open Access, Network, Network Open Access, Network POS, Network POS Open Access
- Coventry Health Care of Delaware, Inc.
- Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc.
   KP Deductible HMO Plan, KP for Individuals and Families, KP High Deductible Health Plan, KP HSA-Qualified Deductible HMO Plan, KP Select Network HMO Health Plan, KP Signature Network HMO Health Plan, KP Traditional HMO, Added Choice POS
- MD- Individual Practice Association, Inc. Choice, ChoicePlus, Select, SelectPlus
- Optimum Choice, Inc.
   Choice, ChoicePlus, Select, SelectPlus
- UnitedHealthcare of the Mid-Atlantic, Inc. Choice, Choice Plus/Select Plus, ChoicePlus, Select, SelectPlus

# **PPOs Required to Submit Performance Reports**

- Aetna Life Insurance Company MD/DC Aetna Open Choice® PPO
- CareFirst of Maryland, Inc Blue Preferred
- Connecticut General Life Insurance Company Maryland/DC CIGNA OAP, CIGNA PPO
- Coventry Health and Life Insurance Company
- Kaiser Permanente Insurance Company Flexible Choice PPO
- MAMSI Life and Health

A carrier shall report on products individually or in authorized combinations, including combined data for Health Maintenance Organization (HMO)/Point Of Service (POS) products, HMO/POS/Exclusive Provider Organization (EPO), HMO/EPO, and Preferred Provider Organization (PPO)/EPO.

All commercial health benefit plans must use the Interactive Data Submission System (IDSS) tool to submit data for calculation of quality and performance measures.

For questions related to this document, please contact Scharmaine Robinson, Chief, Health Benefit Plan Quality and Performance via email at <a href="mailto:scharmaine.robinson@maryland.gov">scharmaine.robinson@maryland.gov</a> or by telephone at 410-764-3483.

2013 QPRR Table of Required Measures
(HEDIS®, CAHPS®, Maryland RELICC Assessment, Maryland Behavioral Health
Assessment, and Maryland Health Plan Quality Profile measurement tools)
All measures are subject to audit.

Automated Source Code Review Measures for 2013 include:

- Asthma Medication Ratio (AMR)
- Annual Monitoring for Patients on Persistent Medications (MPM)

# 2013 Required Measures for Supplemental Member Level Detail File Submissions

- 1. AAP Detail File Adults Access to Preventive/Ambulatory Health Services
- 2. CAP Detail File -Children & Adolescents' Access to Primary Care Practitioners

For each submitted IDSS, the organization will submit separate member specific data for each member that is counted in the AAP and CAP measures respectively, similar to the Patient-Level Data File required for Medicare Managed Care Contractor organizations. This member-level file submission shall be due by August 1<sup>st</sup>, 2013. It should be noted that since both of these measures are first-year measures that are required for detail file submission reporting to MHCC, therefore health benefit plan performance in 2013 on these detail file measures will not be publicly reported.

The Member Level Detail File is to be submitted as a fixed-width ASCII text file. The final file layout for the Member Level Detail File is shown on the following page. All fields are required to have a valid value. Data elements being collected include the following:

Organization Name Member's Race/Ethnicity

Product Type Method of Determination for Member's

Member's Payer-Encrypted ID Race/Ethnicity
Member's Gender Member Months

Member's Date of Birth Date of Visit for Numerator Compliance

It should be noted that rather than using the Names (and Member ID) of each member, a unique, randomly generated, payer encrypted identification number shall be used instead. The payer-encrypted identification number shall be generated by the Health Benefit Plan to identify each of the members in the file. The payer-encrypted identification number shall be consistent with the payer-encrypted ID number used by the Health Benefit Plan for Medical Care DataBase (MCDB) reporting to the Maryland Health Care Commission (MHCC).

Also to further protect a member's protected health information, rather that listing the complete date of birth for each member, instead substitute two zeros for the day component of the member's date of birth (e.g., mm00yyyy).

Regarding race/ethnicity reporting, the direct method of reporting on race/ethnicity is preferred and Health Benefit Plans should make every reasonable effort to obtain direct information when sources are available. For Health Benefit Plans that do not have race/ethnicity information directly available on the commercial population, the use of indirect methods to gather and report on this information has been authorized. Health Benefit Plans should be able to match the information gathered from geocoding, surname analysis and other indirect methods, to each member that is counted in the eligible population for this measure. Once the matching is done, the appropriate member-level value surrounding race/ethnicity will be able to be assigned to each member of the eligible population based on which race/ethnicity category received the highest probability.

The member specific data should match the numbers for the denominator and numerator for each measure. For the numerator, please provide the date of service upon which numerator compliance was determined. If the member was noncompliant, please list zeros for the date of compliance instead. Total members in the AAP and CAP files should match the total eligible population for the AAP and CAP measures respectively, as reported in the IDSS year.

# Format for Supplemental Member Level Detail File Submissions

- 1. AAP Detail File Adults Access to Preventive/Ambulatory Health Services
- 2. CAP Detail File -Children & Adolescents' Access to Primary Care Practitioners

Data Element	Position	Description
Organization Name	1-30	List name of organization, abbreviate to fit in the space provided. (Left justified)
Product Type	31-37	Options are: HMO, HMO Combo (POS/EPO/other), PPO, PPO Combo (POS/EPO/other). (Left justified)
Member's Payer-Encrypted ID	38-67	List the member's unique identifier; up to 30 alphanumeric characters. (Left justified)
Member's Gender	68	List the gender of the member; either 'M' (male) or 'F' (female)
Member's Date of Birth	69-76	Substitute two zeros for the day component of the member's date of birth, in the format mm00yyyy
Member's Race/Ethnicity	77-80	The member's race/ethnicity as defined by the footnote below. (Left justified)
Method of Determination for Member's Race/Ethnicity	81	In order to differentiate whether the member's race/ethnicity has been determined by the DIRECT or INDIRECT method, please list "D" to indicate that race/ethnicity determination was by any direct method or "I" to indicate that race/ethnicity determination was by any indirect method.
Member Months	82-83	The number of months the member was enrolled during the measurement year.
Date of Visit for Numerator Compliance	84-91	If a member is compliant for this measure, report the date of service in the format of mmddyyyy. If a member is noncompliant for this measure, report the date of service as zeros (e.g., 00000000).

### **Race/Ethnicity Codes to Use:**

WH – White

BL – Black or African American

AI – American Indian/Alaska Native

AS - Asian

NH – Native Hawaiian or Pacific Islander

HI - Hispanic/Latino

OT - Other

TM- Two or More Races

UN – Unknown

DA- Declined to Answer
