

EXHIBIT 8

SUMMARY OF UM BWMC INTENSIVIST PROGRAM

The Intensivists program at UM BWMC was started in September 2004. It was co-led initially by a board certified pulmonary and critical care physician and a board certified surgical critical care physician from Shock Trauma Associates.

The intensivist team has always had a mix of medical critical care and surgical critical care specialists. The program grew quickly into 24/7 in-house coverage of (at that time) the 12-bed ICU and the 12-bed CCU. The team now consists of 5 FTE physicians who are board certified in critical care medicine, and 6.2 FTE advanced practice practitioners. The coverage schedule is 24/7 in-house attending coverage. The advanced care practitioners are also in-house 12 – 16 hours a day with a plan to increase to 24 hours by June 2015.

The intensivist team is led by Dr. Steve Schwartz, who is trained and experienced in surgical critical care. He has seven years of experience at Johns Hopkins Hospital, covering all disciplines of critical care including cardiac and thoracic surgery, burn surgery and surgical critical care. Dr. Schwartz's curriculum vitae is attached. The lead nurse practitioner, Karen O'Conner, MS, ACNP, is also trained in cardiac surgery and she helped develop cardiac surgical intensive care units in various hospitals in the metropolitan area. Her curriculum vitae also is attached.

The intensivist-directed, multi-disciplinary team model used by UM BWMC critical care units is endorsed by Leapfrog and the Society of Critical Care Medicine. Multi-disciplinary rounding is conducted Monday through Friday. Rounds are done with the following disciplines: respiratory therapy, physical therapy, pharmacy, nutrition, nursing, and intensivists. Nursing presents a brief overview of the patient (history, chief complaint, and hospital course), current assessment findings, abnormal labs/tests, and any other pertinent information. Core measures and evidence based practices are reviewed. Plan of care for the day is made at that time based on assessments, labs, tests or discharge needs.

Steven J. Schwartz, M.D.

DEMOGRAPHIC INFORMATION

Current University Appointments

September 2012 to Present	University of Maryland School of Medicine Department of Surgery Baltimore, MD 21202 Clinical Associate Professor
May 2007 to Present	Johns Hopkins School of Medicine Department of Anesthesiology Division of Adult Critical Care Baltimore, MD 21287 Assistant Professor
January 2009 to Present	Johns Hopkins School of Medicine Department of Surgery Division of Burn Surgery Baltimore, MD 21287 Assistant Professor
January 2006 to Present	University of Maryland School of Medicine Department of Surgery Division of Surgical Critical Care Baltimore, MD 21202 Clinical Assistant Professor
June 2006 to Present	Towson University College of Health Professions Physician Assistant Program Medical Director/Professor

Current Hospital Appointments

April 4, 2014 – Present	Chairman – Critical Care Medicine Baltimore Washington Medical Center Glen Burnie, Maryland 21061
September 2012 to April 2014	Baltimore Washington Medical Center Chairmen – Surgical Critical Care Co-Director – Critical Care Medicine Glen Burnie, Maryland 21061

July 2008 to Present	Active Staff Johns Hopkins Bayview Medical Center Baltimore, Maryland 21224
May 2007 to Present	Active Staff Johns Hopkins Hospital Baltimore, Maryland 21287
January 2006 to Present	Active Staff University of Maryland Shock Trauma Center Baltimore, Maryland 21202
Work Address	Baltimore Washington Medical Center University of Maryland Medical System 301 Hospital Drive Glen Burnie, Maryland 21061 Phone: 410.553.2575 Fax: 410.595.1946 E-mail: sschwartz@bwmc.umms.org

Education and Training

1977 – 1981	Towson State University Towson, MD Bachelor of Science (B.S.)
1984 – 1989	St. George's University St. George, Grenada WI Doctor of Medicine (M.D.)
1996 – 2000	Maryland General Hospital in Affiliation with University of Maryland School of Medicine Department of Internal Medicine, OB/GYN Director: William C. Anthony, M.D. (Medicine) Bruce Gneshin, M.D. (OB/GYN)

- Maryland General Hospital
- University of Maryland Hospital Center
- Union Memorial Hospital
- Greater Baltimore Medical Center
- Shock Trauma Center

July 2000 – June 2001	R. Adams Cowley Shock Trauma Center – The University of Maryland School of Medicine Fellowship in Surgical Critical Care Program in Trauma Director: Thomas Scalea, M.D., FCCS

22. Surgical Case Conference, Lecture for House staff, Department of Surgery. April, September 2010
23. Surgical Case Conference, Lecture for Surgical House staff, Burn Management, January 18, 2012
24. Surgical Case Conference, Lecture for Surgical House staff, Ulcerative Colitis and Septic Shock. March 21, 2012

Clinical Instruction

1. May 2007 to June 2008 Surgical Intensive Care Units (WICU/SICU): Attending physician in WICU/SICU provided teaching to medical students, anesthesia and surgery residents, and critical care fellows.
2. May 2007 to June 2008 Perioperative Surgical Clinic (PEC): Attending physician in PEC Center, provided teaching to physician assistants, nurse practitioners, physician assistant and medical students and anesthesia residents.
3. July 2008 to current Surgical Intensive Care Unit (SICU) Attending physician. Provides daily teaching to SICU team including students, physician assistants, nursing, surgical residents and respiratory therapy.
4. July 2008 to current Burn Intensive Care Unit (BICU) Attending physician. Provided daily working and teaching rounds to BICU team including students, physician assistants, nursing, surgical residents.

Mentoring

Pre-Med Students

Master Clinician Program – Johns Hopkins University

- Yu-Shan Tseng – Entering Class 2013
- Grace Tan – Entering Class 2013

Medical Students

Clinical Skills Course III Quarter

Instructed in History and Physical Examination

Every Thursday Afternoon from 2 – 5 pm, Three Months 2008

- Hormuz Dasenbrook, MS 3
- Justin Johnson, MS 3

Teaching Rounds First Year Medical Student

Cardiovascular Physiology in the ICU Setting – 2008

- Maralyssa Bann
- Jennifer Cai
- Sara Khalil
- Daniel Sun
- Sydney Long
- Sean Byrne
- Evan Russell
- Di MU
- Josh Denny

Visiting Medical Student (Arizona)

- Jessica Hubbs – 7/2011

Physician Assistant Students - Clinical Preceptor

Instruction in Clinical Medicine and Critical Care Medicine

Two month blocks

- July 1 – August 31, 2008
 - Jennifer Kennedy
 - Sarah Letos
- September 2 – October 29, 2008
 - Stephanie Tolbert
- November 1 – December 2008
 - Lauren Soderstrom
 - Anna Popomaronis
- January – April 2009
 - Scott Jankowiak
 - Kevin Walsh
 - Kara Stablein
- May 2009
 - Jessica Roman
- June – August 2009
 - Hadji Malacas
 - Scott Jankowiak
 - Tomo Nedytkov
 - Amy Schmidt

Clinical Service Responsibilities

1. July 2008 to current Attending Physician in Surgical Critical Care Units (SICU/BICU) Daily teaching rounds in morning and evening. Daily radiology rounds. Supervise students, nurse practitioners, physician assistants, residents, and fellows. 40% Effort
2. July 2008 to current Medical Director Preoperative Evaluation Center. Evaluate and screen preoperative patients. Supervise team of Nurse Practitioners and Technicians. Review all charts and cases prior to surgery. 20% Effort
3. July 2008 to current Burn Medicine Intermediate Care Acting Director. Evaluate and care for a 10 Bed SIMC Unit. Supervise and train Physician Assistant students who function on the SIMC service 40% Effort
4. May 2007 to June 2008 Attending Physician in Surgical Critical Care Units (WICU/SICU) Daily teaching rounds in morning and evening. Daily radiology rounds. Supervise students, nurse practitioners, physician assistants, residents, and fellows. 56% Effort
5. May 2007 to June 2008 Attending Physician in Perioperative Surgical Evaluation Clinic. Evaluate patients and supervise anesthesia residents, nurse practitioners and physician assistants. 24% Effort
6. May 2007 to June 2008 Attending Central Intensivist. Allocate surgical beds for critically ill patients on the medical floor and post operatively. Care for patients in the post operative anesthesia care units and medical floor. 22% Effort
7. May 2007 to June 2008 Rapid Response Team covering attending physician.
8. April 2009 to Present – Trauma Service Attending Physician. Evaluate and treat acute trauma patients. Admit and treat all non-operative trauma patients and triage all operative trauma patients to the appropriate unit.
9. Instructor – Difficult Airway Course – Johns Hopkins Hospital
March 2010, September 2011
10. Instructor – Airway Management Course for Medical Students
February 2010

ORGANIZATIONAL ACTIVITIES

Institutional Administrative Appointments

Chairmen – Ethics Committee, Baltimore Washington Medical Center

Chairmen – Critical Care Committee, Baltimore Washington Medical Center

Director – Palliative Care Medicine

Clinical Practice Committee, Johns Hopkins Hospital

Johns Hopkins Bayview Executive Safety Committee

Preoperative Evaluation Center, June 2008 – present

- Director, Team leader and reviewer of all cases preoperatively.
- Developed guidelines on preoperative testing and medication usage.

Quality Assurance – Assistant Director, June 2009 – September 2012

Ethics Committee, Johns Hopkins Bayview, June 2008 – September 2012

- Consultant Team Leader two months per year

Department of Surgery, Division of Burn Surgery – 2010

- Mortality and Morbidity Director

Operating Room Committee, Johns Hopkins Bayview, July 2008 – September 2012

Critical Care Quality Care Committee, Johns Hopkins Bayview, July 2008 - September 2012

Ethics Committee, Johns Hopkins Hospital, June 2007 – July 2008

- Consultant Team Leader one week per month

CPR Committee, Johns Hopkins Hospital, May 2007 – May 2008

American College of Critical Care Medicine

Ethics Committee - Member Elected 2006
