Data Resource Guide Fiscal Year 2016

Maryland Department of Juvenile Services

State of Maryland
Larry Hogan, Governor
Sam Abed, Secretary
December 2016

This guide fulfills the Statutory Reporting Requirements set forth in Md. Human Services Code Ann. §9-204 regarding the Agency's comprehensive juvenile services plan as well as reporting juvenile recidivism rates.

This Data Resource Guide as well as previous editions can be found on the DJS website:
<http://djs.maryland.gov/Pages/Data-Resource-Guides.aspx>

Out-of-State (OOS) Programs

DJS policy states that youth may not be placed out-of-state without the approval of the Secretary or designee. The Department adheres to Interstate Compact requirements and agreements with other states regarding requests for permission and notification when youth are placed in another state. Maryland law includes specific criteria for out-of-state placement including the condition that a youth's individualized needs cannot be met through in-state resources. Youth placed in out-of-state facilities are visited by DJS staff at least quarterly and parents/guardians are provided with opportunities to visit youth at least once per quarter. *Note: OOS programs are licensed by local authorities, and not by Maryland agencies. DJS contracts with vendors to provide services in two broad categories: 1. RTC-level specialized mental health services, and 2. Staff- and Hardware-Secure programming., data will be presented on this page only for programs not already captured on a previous page in the Data Resource Guide.*

For RTC releases including Psychiatric Hospitals and Diagnostic Units/CEU between FY 2013 and FY 2015:

- Rearrest rates increased 6.8%, reconviction rates increased 2.7%, and reincarceration rates decreased 0.3%.

*Some programs/facilities serve a small number of youth each year; therefore, reoffenses of a few juveniles may result in a seemingly high overall recidivism rate. For this reason, numbers rather than rates are presented at the program level. Due to methodological changes, data are not comparable to Data Resource Guides prior to FY 2015.
