Mr. Kevin McDonald, Chief
Maryland Health Care Commission
4160 Patterson Avenue
Baltimore, MD 21215

RE: COMAR 10.24.07G(3)(k) - CON Application for Residential Treatment Center /
Prince George's County

Dear Mr. McDonald:

Upon approval of the Certificate of Need from the Maryland Health Care Commission, Seasons will immediately petition the Maryland Department of Health and Mental Hygiene for a license to operate as a Residential Treatment Center in accordance with COMAR 10.07.04. The program will be jointly licensed as a Specialty Hospital-Psychiatric Facility as outlined in COMAR 10.07.01.

Seasons intends to comply with all federal, state and local requirements to operate as a certified Psychiatric Residential Treatment Facility and will meet or exceed standards to operate as a RTC. As soon as permissible, Seasons will petition for initial Joint Commission review and file appropriate supporting documents to certify as a PRTF in Maryland. The process for PRTF certification requires the facility meet the minimum standards to qualify for federal Medicaid reimbursement and is also certified by the Joint Commission. Seasons intends to apply for Medicaid reimbursement prior to Joint Commission review.

In addition to the above, the academic program at Seasons will apply to the Maryland State Board of Education for a license to operate as a Type 1, General Special Education Program. If approved, Seasons also plans to seek accreditation from The Middle States Association of Colleges and Schools, Commissions on Elementary and Secondary Schools. The Maryland Board of Education does not require the additional education accreditation; however, this accreditation will provide an additional level of credibility and accountability in the community.

Please do not hesitate to contact me if you have any questions regarding our intent to seek joint licensure.

Sincerely,

Jim Shaheen
President
