- Joseph Weidner, Stone Run Family Medicine

### Key Discussion Items

- The PMO provided an overview of the Center for Medicare & Medicaid Innovation's request for information on the progress made to date by the Advisory Council (Council). The progress update will include a recommendation to continue Council discussions and additional analysis to assure that Track 3 elements are aligned with the Maryland Model.

- The Council reviewed areas highlighted for additional conversation, including payments, national benchmarking for performance-based adjustments, development of quality and utilization measures, Seriously Ill Population program structure, and participation of practices and Care Transformation Organizations.
