Dear Ms. Cassel,

Thank you for providing the Maryland Health Care Commission (MHCC) with additional information regarding the application for the University of Maryland Shore Medical Center at Easton (UM SMC-E) Certificate of Conformance for primary and elective percutaneous coronary intervention services on May 19, 2023. After review of this information, MHCC staff has deemed UM SMC-E's application complete. However, please note that a complete application does not preclude MHCC staff from requesting additional information in the future. If you have questions or concerns, please contact me via email at eileen.fleck@maryland.gov.

Sincerely,

Eileen Fleck
