Dear Mr. Steffen,

As you are aware, on March 5, 2020, Governor Hogan issued a proclamation that a state of emergency and a catastrophic health emergency exists in Maryland, due to the COVID-19 outbreak. Based on the increased need for acute general hospital beds due to the COVID-19 pandemic, the Office of Health Care Quality is requesting that the Maryland Health Care Commission apply its authority under COMAR 10.24.01.20 to grant an emergency certificate of need to Holy Cross Hospital.

Holy Cross Hospital will be constructing inpatient beds on the 6th and 7th floors of the hospital. Each floor will house 42 inpatient units for a total of 84 inpatient beds. The construction will be completed by May 15, 2020.

The Office of Health Care Quality recommends this certificate of need should be approved on an emergency basis, and based on the information provided by the hospital, these 84 beds can be provisionally licensed as part of Holy Cross Hospital.

Please contact me if you have any questions at (410)402-8116 or (443)681-0278.

Sincerely,

Renee B. Webster
