> Re: CommuniCare Health Services Request for Merger and Consolidation Exemption from Certificate of Need Review: Fort Washington Health Center and Clinton Health Center: Matter No. 23-16-EX015

Dear Mr. Chan:

Following are replies to your August 24, 2023 letter seeking replies to additional completeness questions posed in relation to the request for certificate of need ("CON") review exemption under the merger and consolidation rules applicable to merged asset systems (the "Exemption").

The Exemption request is by CommuniCare Health Services ("CommuniCare") on behalf of two of its Prince George's County comprehensive care facilities ("CCFs"), Fort Washington Healthcare Center ("FWHC") and Clinton Healthcare Center ("CHC"). The proposed Exemption will result in FWHC adding bed capacity from 150 to 196 beds using beds from CHC and eliminating all triple and quadruple rooms at both CCFs.

- 1. Question: Exhibit D, please respond to the following:
  - a. The line diagram indicates the physical layout for 200 CCF beds at Ft. Washington after project completion. Please clarify whether Ft. Washington will operate a 200-bed or a 196-bed CCF after project completion and update the narrative and Excel spreadsheet accordingly.

William Chan, Program Manager Certificate of Need Division September 8, 2023 Page 2

If the facility will operate with 196 CCF beds, please resubmit a color version on  $8 \frac{1}{2}$ " x 11" and identify the 20 private and 88 semi-private rooms.

Answer: Attached as Exhibit M is the requested diagram, showing a 196 bed CCF after project completion.

2. Question: In the Table package, the Excel spreadsheet for Clinton, Table F – Revenues and Expenses, Uninflated – Entire Facility, please explain the decrease in Net Income for FY 2023 that resulted in a Net Loss of \$1.3 million for this year.

Answer: The decrease in Net Income resulted from increased expenses in FY 2023 including wage increases for employed nursing staff, increased cost for purchased nurse staffing agency support, and increased dialysis costs. These higher purchased nurse staffing agency costs and dialysis costs are anticipated to be mitigated by the reduction of beds at Clinton based on the planned bed reduction at this facility.

3. Overall Question: In the Excel spreadsheet for Fort Washington, please reconcile the following issues:

Overall answer: An updated set of Tables is provided under Exhibit N with only changes to Tables C and H as follows:

Question: Table C – Project Budget. Please reconcile the difference in the Total Use of Funds (\$18,098,308) with the Total Source of Funds (\$18,828,398) and provide the total cost for this project.

Answer: Table C contained an error under cash, row 44. Cash should show \$3,619,661.52. See corrected Table C.

Question: Table H – Workforce Information. For Support Staff, the facility reports a current cost for 119.5 FTEs of \$6.7 million and the cost of hiring the additional 55.5 FTEs as \$1.1 million, which adds to approximately \$7.9 Million. Still, it is reported as a total of \$10.8 million or a difference of \$2.9 million. Please reconcile this discrepancy.

Answer: A formula error in Table H has been corrected.

William Chan, Program Manager Certificate of Need Division September 8, 2023 Page 3

Thank you for considering this additional information.

Sincerely,

Howard L. Sollins

### CON TABLE PACKAGE FOR NURSING HOME (CCFs) APPLICATIONS

Name of Applicant: Ft. Washington Health Care Center

**Date of Submission:** 

Applicants should follow additional instructions included at the top of each of the following worksheets.

Please ensure all green fields (see above) are filled.

	1 160	ase ensure all green fields (see above) are filled.
<u>Table</u>	<u>Table Title</u>	<u>Instructions</u>
Table A	Bed and Room Inventory	All Comprehensive Care facility applicants must complete Table A regardless of the project type and scope.
Table B	Construction and Renovation Square Footage	All applicants proposing new construction or renovation must complete Table B.
Table C	Project Budget	All applicants, regardless of project type or scope, must complete Table C.
Table D	Utilization - Entire Facility	Existing facility applicants must complete Table D. All applicants who complete this table must also complete Table F.
Table E	Utilization - New Facility or Service	Applicants who propose to: establish a new facility; a new service; or are directed by MHCC staff must complete Table E. All applicants who complete this table must also complete Table G.
Table F	Revenues & Expenses, Uninflated - Entire Facility	Existing facility applicants must complete Table F. The projected revenues and expenses in Table F should be consistent with the volume projections in Table D.
Table G	Revenues & Expenses, Uninflated - New Facility or Service	Applicants who propose to: establish a new facility; a new service and any other applicant who completes a Table D must complete Table G. The projected revenues and expenses in Table G should be consistent with the volume projections in Table E.
Table H	Workforce	All applicants, regardless of project type or scope, must complete Table H.
Table I	Bedside Care Staffing	All applicants, regardless of project type or scope, must complete Table I.

#### TABLE D. UTILIZATION PROJECTIONS - ENTIRE FACILITY

INSTRUCTION: Complete this table for the entire facility, including the proposed project. Account for all inpatient and outpatient volume that produce or will produce revenue. Indicate on the table if the reporting period is Calendar Year (CY) or Fiscal Year (FY). For sections 3 & 4, the number of beds and occupancy percentage should be reported on the basis of licensed beds. In an attachment to the application, provide an explanation or basis for the projections and specify all assumptions used. Applicants must explain why the assumptions are reasonable.

#### **TABLE C. PROJECT BUDGET**

INSTRUCTION: Estimates for Capital Costs (1.a-e), Financing Costs and Other Cash Requirements (2.a-g), and Working Capital Startup Costs (3) must reflect current costs as of the date of application and include all costs for construction and renovation. Explain the basis for construction cost estimates, renovation cost estimates, contingencies, interest during construction period, and inflation in an attachment to the application. If the project involves services other than CCF such as assisted living explain the allocation of costs between the CCF and the other service(s). NOTE: Inflation should only be included in the Inflation allowance line A.1.e. The value of donated land for the project should be included on Line A.1.d as a use of funds and on line B.8 as a source of funds

#### TABLE F. REVENUES & EXPENSES, UNINFLATED - ENTIRE FACILITY

INSTRUCTION: Complete this table for the entire facility, including the proposed project. The table should reflect current dollars (no inflation). Projected revenues and expenses should be consistent with the utilization projections in Table D reflecting changes in volume and with the costs of the Workforce identified in Table H. Indicate on the table if the reporting period is Calendar Year (CY) or Fiscal Year (FY). In an attachment to the application, provide an explanation or basis for the projected revenue and expenses specifying all assumptions used. Applicants must explain why the assumptions are reasonable. Revenue should be projected based on actual charges with calculations detailed in the attachment and Contractual Allowance should not be included if it is a positive adjustment to gross revenue. Specify the sources of non-operating income.

INSTRUCTION: After consulting with Commission Staff, complete this table for the new facility or service (the proposed project). This table should reflect current dollars (no inflation). Projected revenues and expenses should be consistent with the utilization projections in Table E and with the Workforce costs identified in Table H. Indicate on the table if the reporting period is Calendar Year (CY) or Fiscal Year (FY). In an attachment to the application, provide an explanation or basis for the projections and specify all assumptions used. Applicants must explain why the assumptions are reasonable. Revenue should be projected based on actual charges with detailed calculation by payer in the attachment. The contractual allowance should not be reported if it is a positive adjustment to gross revenue. Specify the sources of non-operating income.

<sup>\*</sup>The combined total site and offsite cost included and excluded from Marshall Valuation Service should typically equal the estimated site preparation cost reported in Application Part II, Project Budget (see Table E. Project Budget). If these numbers are not equal, please reconcile the numbers in an explanation in an attachment to the application.
