**VIA EMAIL & U.S.P.S.**

Ms. Ruby Potter  
Health Facilities Coordination Officer  
Maryland Health Care Commission  
4160 Patterson Avenue  
Baltimore, Maryland 21215

Re: Hygea Detox, Inc.  
Alcoholism and Drug Intermediate Care Facility (Matter 21-03-2450)

Dear Ms. Potter:

On behalf of applicant Hygea Detox, Inc., we are submitting four copies of its Responses to Additional Information Questions Dated June 30, 2021. Word and Excel versions will be provided to Commission Staff under separate email.

I hereby certify that a copy of this submission has also been forwarded to the appropriate local health planning agencies as noted below.

Sincerely,

Thomas C. Dame

Ella R. Aiken

**HYGEA DETOX, INC.  
Alcohol and Drug Intermediate Care Facility  
Matter No. 21-03-2450**

**Responses to Additional Information Questions Dated June 30, 2021**

---

**Project Description**

- 1. In your application it states you will provide ASAM Level 3.7 (medically monitored intensive inpatient services), specifically 3.7D and 3.7WM. Please clarify whether or not these will be the only services provided at the facility, or will you also be caring for the patients post the detoxification and withdraw?**

[Applicant Response](#)

Hygea Detox, Inc. (“Hygea Detox” or “Applicant”) understands that the American Society of Addiction Medicine (“ASAM”) defines Withdrawal Management services as services that may be offered at varying levels of care, and that ASAM no longer uses the “D” classification.

Applicant intends to provide care consistent with the American Society of Addiction Medicine (ASAM) Level III.7 – Medically Monitored Intensive Inpatient Services, and Level III.7WM, Medically Monitored Intensive Inpatient Services for Withdrawal Management. Applicant intends to seek accreditation based licensure in Maryland as a Residential-Intensive Level 3.7 Program pursuant to COMAR 10.63.03.14, and to include services licensed under COMAR 10.63.03.18 – Withdrawal Management Services and COMAR 10.63.03.19 – Opioid Treatment Service.

**Part 1 Availability and Adequacy of Utilities**

- 2. Please identify the utility companies that will provide water, sewage, electricity, and natural gas. Are the utility connections immediately available at the site? Will any extraordinary costs be required to bring utilities to the site for hookup?**

[Applicant Response](#)

Water will be provided by Baltimore City Department of Public Works. Sewage will be provided by Baltimore County Department of Public Works. Baltimore Gas and Electric Company will provide gas and electric. Utility connections are immediately available and no extraordinary costs will be required to hook up to these utilities.

**Standards**

**.05B Identification of Intermediate Care Facility Alcohol and Drug Abuse Bed Need**

- 3. Regarding the Track 1 ICF bed need methodology on pp. 13-15, provide a copy of the actual numbers or tables used as the source for both (a) the population**

projections used and (b) the information on Medicaid eligible populations in the methodology calculations. If available, provide the Excel spreadsheet or the documentation that includes the background numbers and calculations used for the bed need methodology in Table 1.

Applicant Response

This information is attached as **Exhibit 9**<sup>1</sup>

**.05C Sliding Fee Scale**

- 4. Please describe the rationale of the income breaks used in the sliding fee scale.**

Applicant Response

Applicant intends to be a new participant in the Maryland market for these services. In evaluating an appropriate sliding fee scale to establish for gray area and indigent patients consistent with the client's ability to pay, Applicant looked to fee scales of other Track One providers that the Commission has found compliant with Review Standard .05C. In all five recent Commission decisions approving CON applications for these services by a Track One provider, the providers all utilized the same fee scale. See Commission Decision, Baltimore Detox Center, Docket No. 18-03-2419, p. 9; Commission Decision, Maryland House Detox, Docket No. 16-02-2374; Commission Decision, Recovery Centers of America – Waldorf, Docket No. 15-08-2362, p. 15; Recovery Centers of America – Upper Marlboro - Docket No. 15-16-2364, p. 15; Commission Decision, Recovery Centers of America – Earleville - Docket No. 15-07-2363, p. 15. In order to be competitive in the market while still meeting the standard and providing commensurate charity care, Hygea Detox proposed an identical scale. Hygea Detox CON Appl., p. 15. Applicant notes that the recent CON application of Avenues Recovery Center of Chesapeake Bay, LLC, dated April 19, 2021, similarly proposes the same sliding fee scale.

**.05D Provision of Service to Indigent and Gray Area Patients**

- 5. Explain how the commitment to indigent and gray area patients will be met operationally, i.e., how will census be monitored and managed to assure delivery of services to low- income persons at the required level?**

Applicant Response

Applicant anticipates being able to track its provision of charity care through its electronic medical record system. Applicant plans to review its charity care provision quarterly. Beginning six months after first use, in any quarter where Applicant is not on track to meet its annual commitment, Applicant will reach out to its charity care referral partners to remind them of Applicant's charity care commitment and to invite appropriate referrals. If Applicant is significantly below its commitment in any quarter, Applicant will seek out new referral partners and agreements and take other action to publicize its charity care commitment more broadly, as

---

<sup>1</sup> Exhibit numbering continues from the CON Application, which attached Exhibits 1-8 Exhibits 9- are attached to these responses.

appropriate. Applicant will revisit its process for reviewing and tracking charity care after its first two years of operation.

#### **.05E Information Regarding Charges**

- 6. Provide a draft copy of the information to be posted in the facility regarding charges as an exhibit.**

Please see **Exhibit 10**.

#### **.05I Utilization Review and Control Programs**

- 7. The policies included in the exhibits are labeled “excerpts,” are these complete policy drafts?**

#### *Applicant Response*

The policies provided are complete drafts for the individual policies referenced / titled at the beginning of each policy. The policies are part of a working document that will become Hygea Detox’s Policies and Procedures Manual. The remainder of the material in that manual is not yet complete and/or is not in a form that Applicant is prepared to share publically, and will address functions outside of the scope of this CON review. Hygea Detox expects to complete the manual sometime after CON approval, if obtained. The policies included in the extract attached to the application are in their complete draft phase, subject to any changes that may be required during this review process before the Maryland Health Care Commission and/or during the accreditation or licensing process.

#### **.05J Transfer and Referral Agreements**

- 8. In the chart, rows (b) and (c) are combined. Please separate out to differentiate between (b) halfway houses/therapeutic communities, LTC, local alcohol and drug intensive/outpatient vs. (c) local community mental health centers.**

#### *Applicant Response*

Many of the providers listed in the chart supplied in response to Review Standard .05J provide several types of care. While no provider could be described exclusively as a local community health center, MedStar Franklin Square Medical Center and Sheppard Pratt Health System each provide robust mental health services such that Applicant’s referral agreements with these providers should be deemed sufficient to meet Review Criteria .05J(c). See <https://www.medstarfranklinsquare.org/our-services/behavioral-health/> (describing Behavioral Health Services available at MedStar Franklin Square Medical Center); <https://www.sheppardpratt.org/care-services/> (offering information on services provided by Sheppard Pratt Health System). Applicant’s agreement with Baltimore County Health Department further states that the “Baltimore County Health Department will accept appropriate patient referrals from Hygea Detox of eligible residents who may be qualified for services that the Baltimore County Health Department provides or makes available through community providers of substance use prevention and disorder treatment services.” Exhibit 6.

<p><b>(b) Halfway houses, therapeutic communities, long-term care facilities, and local alcohol and drug abuse intensive and other outpatient programs;</b></p>	<ul style="list-style-type: none"> <li>• Ashley, Inc.</li> <li>• Baltimore County Health Department</li> <li>• Jenifer Wilson LSCWC LCADC LLC<sup>1</sup></li> <li>• Maryland Addiction Recovery Center</li> <li>• MedStar Franklin Square Medical Center</li> <li>• New Points Sober Living</li> <li>• Samaritan Houses, Inc.</li> <li>• Sheppard Pratt Health System</li> <li>• Summit Community Health, Inc.</li> </ul>
<p><b>(c) Local community mental health center or center(s);</b></p>	<ul style="list-style-type: none"> <li>• Baltimore County Health Department</li> <li>• MedStar Franklin Square Medical Center</li> <li>• Sheppard Pratt Health System</li> </ul>

Note 1: Ms. Wilson is a Clinical Social Worker/Therapist in private practice, whose specialties include substance use disorder, children, severe mental health and family work. She may not fall strictly within this category but Applicant identifies her as a referral provider with relevant services.

**9. The contract with Baltimore County Health Dept has a signature, but the document is not dated. Please have this agreement signed and dated.**

[Applicant Response](#)

A revised agreement and an acknowledgement from the Baltimore County Health Department are attached as **Exhibit 11**.

**.05L In-Service Education**

**10. The policies included do not address training for volunteers, will your facility use volunteer services? If you will use volunteers, please include volunteers in the in-service education policy.**

[Applicant Response](#)

Applicant does not anticipate using volunteer services at this time.

**11. Although the ongoing in-service education elements/modules are listed on p. 25, please also provide a brief description of each training element or module.**

[Applicant Response](#)

Each of the in-service education elements/modules are discussed in greater detail below.

Recognizing and understanding emotional problems: This training is designed to educate staff on how to identify emotional challenges that patients are experiencing that may be impacting their treatment and recovery. The goal of the training is that staff will be better

able to identify and refer those patients who are appropriate and in need of mental health services to psychiatric services within the facility.

**Social Needs of Clients:** This training is designed to educate staff on the evaluation, assessment, and referral of individuals to recreational and social activities at the facility to ensure that patients are developing appropriate relapse prevention skills and social engagement to support their recovery.

**Community Resources:** This training is designed to provide staff with an understanding of the region specific resources available to patients to build community connectivity and to ensure that patients have access to services they need. This includes educational services, social services, church/spiritual/12 step support, recreation, legal services and other opportunities.

**Management of Problem Behaviors:** This training is designed to educate staff on effective ways to manage and redirect problematic behaviors in the facility and with patients, including how to write and use behavior contracts.

**Treatment Plan Development:** This training is designed to educate staff on how to use assessment information to develop a person-centric treatment plan that addresses all ASAM dimensions and creates a whole-person, individualized treatment plan.

**Confidentiality:** This training is designed to educate staff on the limits and restrictions of individual and facility confidentiality, including 42 CFR Part I and II.

**Cultural Issues:** This training is designed to educate staff on ways to be more culturally competent, the definitions, implications and practice of diversity, equity and inclusion and how to use cultural and structural competence to improve treatment engagement.

**Interpersonal Relations and communications skills:** This training is designed to educate staff on best practices related to communication with patients and how to encourage and foster positive communication among staff and patients.

**Client Dignity and privacy:** This training is designed to educate staff on a 'person first' model of treatment and supports patients as people and deinstitutionalizes the approaches to privacy while also maintaining agency and person safety.

**Conflict Resolution:** This training is designed to educate staff on the most common causes for conflict in a residential treatment setting and ways to reduce the opportunities for unnecessary conflict. This training also provides staff with strategies to de-escalate others when conflict occurs.

**Infection Control:** This training is designed to educate staff on infection control procedures and best practices, including appropriate handwashing, PPE use, spill and blood borne pathogen management.

**Fire Prevention and Safety:** This training is designed to educate staff on procedures for fire safety, including a review of the organization evacuation process and fire drill protocols.

Accident Prevention and Safety: This training is designed to educate staff on slips, trips and fall hazards and ways to prevent accidents in the facility, including the completion and follow up of a fall assessment for all patients.

CPR/First Aid/Choking Intervention: All staff are required to complete the American Red Cross or organizational equivalent for Adult Basic Life Safety/CPR.

Sexual Issues. This training is designed to educate staff how to identify and prevent possible sexual encounters between patients and to ensure all patients have and maintain a sense of sexual safety throughout their stay.

Use of unlicensed, uncertified or unregistered staff: This training is designed to educate staff on the state requirements, best practices for each designated staff role, and the importance of not allowing individuals to assist in roles for which they are not qualified.

### **.05M Sub-Acute Detoxification**

- 12. Please identify, in the floor plan drawings provided, the withdrawal management unit, and describe what factors influenced the design of the facility.**

#### Applicant Response

Applicant anticipates that the great majority of patients admitted to the facility will require and receive withdrawal management services. As a result, every bed will be set up to manage Level III.7 withdrawal management and/or III.7 services for cross coverage and with no patient impact for patients transitioning from III.7WM to III.7 services.

Factors influencing the design of the facility included the following goals: placing the nursing stations near patient rooms, designing every bedroom such that meals may be served bedside if patients are not well, having activities on a separate floor, placing all bedrooms on one floor, so that all other areas can be locked down at appropriate times, and providing adequate space and design to staff the facility 24/7/365.

### **.05O Outpatient Alcohol & Drug Abuse Program**

- 13. Where in the aftercare policy or referral agreement is continuity of care and appropriate staffing levels in the referred to outpatient programs addressed?**

#### Applicant Response

Applicant will not itself provide off-site outpatient programming and thus does not address staffing at outpatient programs in its aftercare policy. Applicant's Aftercare policy does state that "Each patient's treatment plan includes at least one year of aftercare following discharge from the facility, and available referral partners providing aftercare services, including evening and weekend options, are provided during discharge." Rather than providing outpatient services itself, Applicant instead intends to make outpatient programs available to its proposed patient population through written referral agreements that meet the requirements of Review Standard .05O(1)-(4), consistent with Review Standard .05O(5).

Currently, each referral agreement provides that “any information needed for continuity of care will be furnished upon request provided that all confidentiality requirements have been met.” As a potential new provider not yet operating in Maryland and with no regulatory approval, Applicant is not yet in a position to have more detailed agreements in place with providers but is developing such relationships. Applicant expects that, if its application is approved, it will be in a position to be able to provide such documentation prior to seeking First Use approval.

- 14. Please provide documentation that the contracted outpatient programs are willing to work with special populations (defined in regulation 10.24.14.08 as women, women with dependent children, elderly, homeless, poor, adolescents, persons with mixed dependencies, hearing impaired, disabled, minorities and others with special needs).**

#### Applicant Response

Applicant intends to make outpatient programs available to its proposed patient population through written referral agreements that meet the requirements of Review Standard .05O(1)-(4), consistent with Review Standard .05O(5). Applicant has obtained referral agreements with many providers, including those who work with the special populations defined in COMAR 10.24.14.08. As a potential new provider not yet operating in Maryland and with no regulatory approval, Applicant is not yet in a position to have more detailed agreements in place with providers, but is developing such relationships. Applicant expects that, if its application is approved, it will be in a position to provide such documentation prior to seeking First Use approval.

#### **Other Review Criteria**

##### **Availability of Cost-Effective Alternatives**

- 15. Provide information on how the effectiveness of the Malibu Detox addictions treatment program is measured. Describe the quality assurance program and any performance benchmarking assessments used for Malibu Detox.**

#### Applicant Response

Malibu Detox, LLC is not the Applicant, a parent company or owner of the Applicant, or an entity otherwise affiliated with the Applicant. Malibu Detox, LLC will not have any oversight of or control in Applicant’s programming. Moreover, Malibu Detox’s services include detox and partial hospitalization services, so its measurements would not provide an apples to apples comparison. Thus, Malibu Detox’s program is not directly relevant to Applicant and its proposed facility.

Without waiving these concerns, Applicant provides certain high level information concerning Malibu Detox, LLC’s outcome measures, attached as **Exhibit 12**.

- 16. The project cost of roughly 11 million dollars is approximately \$220,000 per bed. This is costly compared to other recent Track 1 projects that have come before the Commission. Please elaborate on how \$11-million-dollars for the proposed project is a cost-effective alternative for providing this level of addictions treatment.**

## Applicant Response

Applicant notes that the majority of the costs will be borne by the site owner, not Applicant, and that Applicant provided the site owner's acquisition costs in an abundance of caution and to provide full transparency – the site owner is not a parent or affiliate of Applicant. Applicant's costs will be \$482,840 plus its annual leasing expense. See Exhibit 1, Table B, including Notes. Other recently approved Track One Applicants who proposed to lease premises did not include the cost of the site owner's acquisition in their project budgets, and thus such costs do not appear to have been considered by the Commission. Maryland House Detox, Docket No. 16-02-2374; and Baltimore Detox Center, Docket No. 18-03-2419.

Applicant further notes that the cost of approximately \$220,000 per bed is in fact lower than the cost per bed of the only three recent Track One applicants to propose, and be approved for, projects involving purchase *and* construction or renovation of ICF facilities in recent years, without adjusting the approved cost of those projects upward to account for inflation since the decision dates.

<b>RCA-E</b>	<b>Residential Beds</b>	<b>ICF Beds</b>	<b>Total</b>
Approved Cost	\$ 35,157,692.00	\$ 7,388,582.00	\$ 42,546,274.00
Approved Beds	87	21	108
Per/Bed Cost	\$ 404,111.40	\$ 351,837.24	\$ 393,946.98
<b>RCA-W</b>	<b>Residential Beds</b>	<b>ICF Beds</b>	<b>Total</b>
Approved Cost	\$ 19,702,131.00	\$ 16,783,294.00	\$ 36,485,425.00
Approved Beds	76	64	140
Per/Bed Cost	\$ 259,238.57	\$ 262,238.97	\$ 260,610.18
<b>RCA-M</b>	<b>Residential Beds</b>	<b>ICF Beds</b>	<b>Total</b>
Approved Cost	\$ 15,577,188.00	\$ 12,239,219.00	\$ 27,816,407.00
Approved Beds	70	55	125
Per/Bed Cost	\$ 222,531.26	\$ 222,531.25	\$ 222,531.26

Sources: Recovery Centers of America – Earleville - Docket No. 15-07-2363, Staff Report and Recommendation for Modification (Dec. 21, 2017); Recovery Centers of America – Waldorf, Docket No. 15-08-2362, Staff Report and Recommendation for Modification (Dec. 21, 2017); Recovery Centers of America – Upper Marlboro - Docket No. 15-16-2364, Decision (Jan. 9, 2016).

Because the other two recently approved Track One providers approved by the Commission leased land, rather than purchased land, their per bed cost does not include the value of the land acquisition, and they do not provide an apt comparison to the costs Applicant demonstrates in the Project Budget. Maryland House Detox, Docket No. 16-02-2374; and Baltimore Detox Center, Docket No. 18-03-2419.

Moreover, the amount Applicant and its landlord will pay to acquire the land and construct the facility have no bearing on the costs to patients or the health care delivery system, and should have no bearing on Applicant's compliance with COMAR 10.24.01.08G(3)(c). COMAR 10.24.01.08G(3)(c) considers the availability of more cost effective alternatives as a comparison

of providing the services through alternative existing facilities or through a proposed facility as a part of a comparative review. Here, the applicable need methodology demonstrates significant need not being met by alternative existing facilities, and no applicant has submitted a competing application. Applicant's proposed charges are consistent and competitive in the market, and Applicant has committed to providing substantial charity care. As discussed in its application, pages 26-27, Applicant has compared its projected operational costs, revenue, and net income per patient day to other providers and has demonstrated that it measures favorably in all such comparisons.

### **Viability**

- 17. The statement “1 month to obligate not less than 51 percent of capital/one month to break ground/12 months to complete” contradicts the timeframe given on p. 6 of the application. Please indicate which are the correct target dates.**

#### Applicant Response

Applicant recites the performance requirements of COMAR § 10.24.01.12 on page 6 of its application. Those requirements provide more time than Applicant would require to complete the project. Applicant expects that it would obligate not less than 51% of the approved capital expenditure within 1 month of CON approval. Applicant expects that it would break ground within one month thereafter, and complete construction within 12 months after breaking ground.

- 18. Provide financial statements for the last two years showing the financial condition of the applicant's related entities (Three locations of Malibu Detox, LLC).**

#### Applicant Response

Malibu Detox's financial condition has no bearing on the availability of financial and nonfinancial resources of the Applicant to implement or sustain the project. Malibu Detox, LLC, is not the Applicant, a parent company or owner of the Applicant, or an entity otherwise affiliated with the Applicant. Malibu Detox, LLC will not provide any equity contribution to Applicant, or any owner or affiliate of Applicant. As a result, Malibu Detox's financial statements are not relevant to the Applicant's satisfaction of COMAR 10.24.01.08G(3)(d), Viability of the Proposal.

- 19. The CPA letter included in the exhibits states they are your accountants; however, the criterion requires an independent CPA. Please provide more detail and be more specific on the CPA relationship.**

#### Applicant Response

Please see the explanation provided in the letter attached as Exhibit 13.

### **Impact**

- 20. In the Impact discussion, please describe the impact of the project on the payer mix of existing providers and costs to the health care delivery system.**

### Applicant Response

As discussed in response to Review Criterion COMAR 10.24.01.08G(3)(e), Applicant's proposed facility will be one of two in the region, which has significant need beyond that which Applicant proposes, and the closest facility is 20 miles away. Applicant expects that its sources will be the local population whose needs are not currently met by existing providers. As a result, Applicant does not expect to have an impact on the volume of existing providers.

Applicant further notes that, like other Track One providers who have applied for and received Certificates of Need in recent years, it has committed to providing 15% of its annual patient bed days to indigent and/or gray area patients, and expects that its payer mix will be similar to that of other Track One providers with similar commitments. Based on this commitment, the need for these services, and its distance from other providers, Applicant does not expect to affect the payer mix of existing providers.

In response to review criterion COMAR 10.24.01.08G(3)(c), Applicant compared its revenue and income projections to other recent Track One applicants. Among its findings are that Hygea Detox's net operative revenue per day and net income per patient day are lower than that proposed by four of five recent Track One providers whose CON applications were approved by the Commission, not accounting for any increase by those providers since their applications were submitted. Applicant further noted that ICF costs remain lower than the equivalent service in an inpatient hospital facility. While Applicant expects to serve an unmet need, to the extent any volume does shift from other providers, that shift will have a positive impact on the health care delivery system. To the extent Applicant serves patients who would not previously have received treatment, total costs to the health care delivery system will increase in the immediate time period, but given that the alternative in that scenario is these patients not having treatment, this is an appropriate increase. Applicant further notes that ICF services are not within Maryland's global budget revenue system or total cost of care model.

Finally, Applicant notes that ICF providers do not publically report their volume or patient mix. Thus, even if Applicant would have an impact on the volume or payer mix of existing providers – and it believes that it will not – it would not have access to data that would permit it to meaningfully project the impact.

- 21. Regarding the 76 FTE's you project for the project, please discuss your assessment of the labor market you conducted in your business planning and comment on any staffing shortages in the area.**

### Applicant Response

Applicant is aware of the ongoing staffing challenges for substance use disorder treatment programs in the Maryland market and will be offering enriched employment benefits and above market salary rates to recruit strong talent. Applicant is developing relationships with several college programs for access to counselors as well as utilizing recruitment strategies at conferences and through the Board of Professional Counselors, the Board of Social Work and several region-wide organizations such as LCPCM and Maryland Social Workers Association.

## Tables and Exhibits

### Table B Project Budget

- 22. The proposed project is listed as new construction, please revise your budget so no dollars show under renovations.**

#### Applicant Response

Applicant moved the expenses previously described in line 1b(1) to 1c(1) and clarified the description in line 1(c)1 to include Moveable Equipment including Kitchen FF&E. A revised Project Budget is attached as **Exhibit 14**.

- 23. Please explain no entry under Moveable Equipment for items such as beds, nursing stations or furnishings in the budget.**

#### Applicant Response

Line item 1(c)1, Moveable Equipment including FF&E, includes the items referenced in this question, for a total cost of \$372,840.

- 24. Please explain why there is no consideration in the budget for inflation.**

#### Applicant Response

Applicant, through its contractor, sought bids for the work based on preliminary designs that are reflective of the current inflationary environment as it exists as of June 2021. The contract is not a fixed price and will not be finalized until closing at which time the contract is signed and costs and budget will be updated then. Applicant, in consultation with its General Contractor, is hopeful that the cost of materials and labor may actually stabilize or decrease between June of 2021 and the date of execution based on the unique posture of the current market for costs of materials and labor that reflects shortages (due to issues with supply chain worldwide) as the state of the ongoing public health emergency stabilizes.

- 25. Please provide more detail on how the applicant estimated both the contingency allowance and the debt service reserve fund.**

#### Applicant Response

Applicant projected its contingency allowance by applying a 10% contingency assumption to each of the major division of labor totals (site costs, hard costs, and soft costs, but excluding financial costs.) Thus, the contingency amount is equal to approximately 10% of each of those respective line items. Once the project is fully designed and the contract with the general contractor finalized, the contingency may adjust downward and/or be distributed among the referenced costs as there may be fewer unknown variables at that time.

The debt service reserve fund is calculated based on the portion of the construction loan outstanding over each 12 fiscal months. The known outstanding debt balance in any given month or year during construction is unknown until project completion. Another unknown factor is interest rates, which for this loan float each month. Applicant does know that the pace of

construction will dictate the number and level of requests for the lender to fund. With these factors in mind, Applicant calculated the debt service reserve fund using the following assumptions:

Combined loan	\$7.9mm	
Average Outstanding	50% FY1	70% FY2
Total Loan Outstanding	\$3.9MM FY1	\$5.5MM FY2
Interest Rate	4.5% interest only	
Interest Reserve Estimate	\$178K FY1	\$250K FY2

**26. Please explain the third-party leasing fee of \$323,204.**

[Applicant Response](#)

This fee represents a leasing commission, based on a market-based schedule of 3.5% of the tenant rents over a 10 year term. The 3.5% is multiplied by a total collected rent of \$9.2MM (representing \$28.50/sf year one rent), then multiplied by 2.5% increase in rent per year. Applicant notes that the current lease is 12 years, but the proposed commission is based on a 10 year term based on local market industry custom and practice.

**Table C Statistical Projections**

**27. Please distinguish between 3.7 treatment (non-WM) and 3.7WM for discharges, patient days, average length of stay and occupancy percentage.**

[Applicant Response](#)

Applicant has not performed any internal projections that would enable it to distinguish between 3.7 and 3.7WM statistics for patient days, average length of stay, and occupancy percentage. Notably, the State Health Plan chapter governing this review and the form tables provided do not seek such a distinction. In addition, Applicant notes that commercial payers do not make a distinction in rates of reimbursement between these services, nor do the electronic medical record systems with which Applicant is familiar. As a result, Applicant does not have readily accessible data available to perform such projections. While Applicant recognizes that WM services require some program and staffing differences, and additional medication needs, the overall impact on revenue and staffing is minimal.

Without waiving these concerns, Applicant states that its best estimate is that 90% of patients to its proposed facility patients will require WM services in the beginning of their stay with Hygea Detox, based on general familiarity with patient presentation at Malibu Detox but without any firm data tracking this percentage. The patient days, average length of stay, and occupancy percentages provided in its application are based on the average of the complete patient care path for all projected patients, including patients who begin their treatment with 3.7WM services, and those who begin with 3.7 services.

**Applicant notes that the Completeness Questions received omit Nos. 28-32.**

**Table D Revenues & Expenses, Uninflated – Entire Facility**

**33. Please provide more detail on why there is no expense listed under supplies.**

*Applicant Response*

Applicant included the cost of certain supplies in Table D, Line Item 2.j., Other Expenses. These expenses are detailed more fully in Applicant’s Statement of Assumptions appended to Table D and include food, medical expenses, and office supplies, among other expenses described in that Statement.

**34. Please provide additional information on the lease relative to the market value of the land, and the timeframe the lease will be in effect.**

*Applicant Response*

The agreed upon rent is based on the current market, and the land value was based on an analysis of the current zoning (before entitlements) and site work.

The lease provides for a twelve year term. Applicant notes that Lease Agreement as filed had a typo stating the lease term as “ten (12) years.” Applicant attaches as **Exhibit 15** a corrected Lease Agreement as **Corrected Exhibit 4**. No changes have been made other than to correct “ten” to “twelve.”

Hi Margaret,

You sent us the attached Hygea Detox Reciprocal Referral Agreement signed by Dr. Branch on April 8 through the email below, and we sent you back a copy signed by Hygea's CEO, Robby Stempler. We since realized that Robby's signature line was not followed by his title and the date. We've added that information here. Please see the attached for your files, and please confirm receipt.

Thank you!

Jon Schulman

## RECIPROCAL REFERRAL AGREEMENT

Hygea Detox, Inc. (“Hygea Detox”) has submitted a Letter of Intent to the Maryland Health Care Commission stating its intent to apply for a Certificate of Need to establish a program located in Baltimore County, Maryland that will offer all services permitted to be provided by a Track One Intermediate Care Facility, including services classified by American Society of Addiction Medicine (“ASAM”) as Level III.7 – Medically Monitored Intensive Inpatient Services Withdrawal Management, and Level III.7D – Medically Monitored Inpatient Detoxification).

As a part of the Certificate of Need application and review process, Hygea Detox will commit to dedicating a percentage of its annual bed days for care to the indigent and gray area population, defined as persons who qualify for services under the Maryland Medical Assistance Program, regardless of whether Medical Assistance will reimburse for alcohol and drug abuse treatment, and those persons who do not qualify for services under the Maryland Medical Assistance Program but whose annual income from any sources is no more than 180 percent of the most recent Federal Poverty Index, and who have no insurance for alcohol and drug abuse treatment services.

This Agreement acknowledges that the Baltimore County Health Department is aware of the planned project and Hygea Detox’s commitment to provide care to the indigent and gray area population. If the Maryland Health Care Commission issues a Certificate of Need for the proposed project, Hygea Detox will agree to accept appropriate patient referrals from Baltimore County in accordance with program policy and procedures (to be developed jointly with Baltimore County Health Department) and Hygea Detox’s charity care program, and to abide by federal, state, and county standard dealing with the confidentiality of patient information.

Hygea Detox agrees to dedicate an average of seven (7) of its beds for patients referred from Baltimore County who are eligible for charity care Hygea Detox will offer consistent with its conditions of Certified of Need approval, subject to the terms of this Agreement. The number of patients that Hygea Detox will accept will depend upon bed availability, the patient’s qualification for the services Hygea Detox is authorized to provide, the patient’s eligibility for charity care and/or Medical Assistance, and Hygea Detox’s progress towards meeting its annual commitment of charity care. Due to the need for these services in Maryland and Hygea Detox’s commitment to satisfying the Maryland Health Care Commission’s regulatory requirements, the parties understand that Hygea Detox will not hold beds open for referrals from Baltimore County, and may satisfy its commitment to provide care to indigent and gray area patients through other referrals should it not have sufficient referrals of eligible patients from Baltimore County to fill an average of seven beds.

The Baltimore County Health Department agrees that a candidate referred for potential admission to Hygea Detox will meet the following minimum criteria:

- Baltimore County resident

- Eligible for Charity Care:
  - (A) Qualified for Medicaid or Medicare, regardless of whether these plans will reimburse for substance use disorder treatment; or
  - (B) Annual income from any source is equal to no more than 180 percent of the most recent Federal Poverty Index, and have no insurance for substance use disorder treatment.
- Motivated to complete a complete course of treatment, including appropriate outpatient care following discharge.

The Baltimore County Health Department agrees to refer appropriate patients in accordance with program policy and procedures and to abide by federal, state and county standards dealing with the confidentiality of patient information. Any information needed for continuity of care will be furnished upon request provided that all confidentiality requirements have been met. In addition, it is understood that patients appropriate for admission shall be treated without regard to race, religion, sex, sexual preference, national origin, or physical disability.

For any calendar year in which the care Hygea Detox has provided to indigent and gray area patients meets or exceeds the commitment required by the final decision of the Maryland Health Care Commission on Hygea Detox's application for Certificate of Need, Hygea Detox may, at its election, cease admitting patients referred through this agreement for charity care. The Baltimore County Health Department may continue to refer patients to Hygea Detox for placement on a waitlist for the next calendar year.

This Agreement further acknowledges that the Baltimore County Health Department will accept appropriate patient referrals from Hygea Detox of eligible residents who may be qualified for services that the Baltimore County Health Department provides or makes available through community providers of substance use prevention and disorder treatment services, including services related to prevention, education, driving-while-intoxicated programs, family counseling, and other substance use disorder and treatment services. Hygea Detox will contact the Baltimore County Health Department REACH Hotline to discuss any particular patient's need and eligibility for any such services, complying with all required privacy requirements.

Nothing in this agreement shall be construed as limiting the rights of either party to enter into similar agreements with any other facility or agency. This agreement may be terminated by either party within 30 days of written notice to the other. This agreement becomes effective on the date signed below and will remain in effect for two years unless terminated in writing by either party.

# Outcomes Measurements

---

Malibu Detox and Residential Treatment Center. Calendar year 2020. N=207.

# MDRTC utilizes the Brief Addiction Monitor to measure outcomes.

---

A 17-item measure of addiction problem severity that is designed to support measurement-based treatment in SUD specialty care settings.

---

May be administered as a clinical interview (in-person or telephonically) or via patient self-report; and it typically takes about 5 minutes to complete.

---

Retrospectively examines the patient's behavior in the past 30-days but has been adapted for repeated administrations as frequently as every 7 days (BAM for IOP).

---

Includes items that assess Risk factors for substance use, Protective factors that support sobriety, and drug and alcohol Use.

---

Produces composite scores for Risk and Protection as well as a Use score. A patient's clinical status may be assessed by examining individual BAM items and/or composite scores.

The BAM has an emphasis on the clinically relevant and useful factors of substance use, other indicators or relapse risk, and recovery-oriented behaviors.

---

### **Substance Use**

Substance use is measured by any alcohol use, heavy alcohol use, and drug use.

---

### **Risk Factors**

Risk factors are measured by craving, sleep problems, mood, involvement in risky situations, family or social problems, and physical health.

---

### **Protective Factors**

Protective factors are measured by self-efficacy, involvement in self-help programs, religion or spirituality, enrollment in school or work, income, and social supports for recovery.

Aspects of the healthcare industry are “broken” and fragmented. We accept responsibility for being an innovative integrator.

# Average use factors decreased by 87% during treatment.

Aspects of the healthcare industry are “broken” and fragmented. We accept responsibility for being an innovative integrator.

# Average risk factors decreased by 53% during treatment.

To: Maryland Health Care Commission

RE: Hygea Detox, Inc.

Please be advised that we are the accountants for Mr. Robby Stempler, a member of the above entity, as well as Certified Public Accountants (CPAs).

In our capacity as CPAs, we are bound by the Code of Professional Conduct of the American Institute of Certified Public Accountants (AICPA).

Pursuant to the AICPA Code of Professional Conduct, Independence consists of two elements, independence of mind and independence in appearance, defined further in the AICPA Code of Professional Conduct, 0.400.21. While we provide independent tax and accounting services to Mr. Stempler, we are not employed by him or Hygea Detox, or otherwise affiliated with him or Hygea Detox. The only financial benefit we derive from Mr. Stempler is through payment for our services as independent CPAs. As a result, we consider ourselves independent CPAs with respect to Mr. Stempler and Hygea Detox within the meaning of the AICPA Code of Professional Conduct.

In our capacity as CPAs, the AICPA Code of Professional Conduct precludes us from issuing comfort letters, and therefore we are not issuing such a letter.

With that being said and being so precluded, we have considered the member's global cash flow and the entity's projections and there seems to be adequate availability of funds to implement and sustain the proposed Certificate of Need project.

Please feel free to contact us should you have any questions.

Cordially,  
  
Eric M. Nislow, CPA

## LEASE AGREEMENT

THIS LEASE AGREEMENT (this "Lease") is made this 27 day of May, 2021 (the "Effective Date") by and between Middle River Medical Ventures, LLC, LLC, a Maryland limited liability company (the "Landlord"), and Hygea Detox, Inc., a Maryland corporation (the "Tenant").

### WITNESSETH:

In consideration of the agreements set forth in this Lease, Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord the Leased Premises described below.

#### I. PRINCIPAL LEASE PROVISIONS.

A. Landlord's Address: Middle River Medical Ventures, LLC.  
1 E. Pratt Street Suite 904  
Baltimore, MD 21202

B. Tenant's Address: Hygea Detox, Inc.  
1210 Middle River Rd.  
Middle River, MD 21220

C. Leased Premises. 1210 Middle River Road, Baltimore County, Maryland.  
(See Exhibit A to this Lease Agreement.)

D. The real property consisting of the description in Exhibit A and all improvements and facilities located on the land, including, but not limited to, the Building (as defined below which is attached hereto and made a part hereof (referred to herein as the "Leased Premises" or "Property").

E. Building. The two-story single-tenant building located within the Leased Premises with the street address of, 1210 Middle River Road, Baltimore County, MD containing approximately 29,308 square feet (the "Building").

*twelve*  
*JS/RS*  
*8.4.2021*  
F. The "Lease Term" shall commence on the Lease Commencement Date and shall be a period of ~~ten~~ (12) years plus the part of the month, if any, from the Lease Commencement Date to the first day of the first full calendar month thereafter. The "Lease Term" shall include any properly exercised Extension Terms.

Extension Term. In addition to the original Lease Term, so long as Tenant has well and faithfully performed all its obligations to be performed under this Lease, Tenant shall have the option to extend the Lease Term for two (2) consecutive extension terms of five (5) years each (each, an "Extension Term"). If Tenant desires to exercise its option to extend the Lease Term or to further extend the Lease after the first Extension Term, Tenant shall deliver to Landlord written notice upon no less than twelve (12) months before the expiration of the

original Lease Term or first Extension Term, as applicable. The Terms and conditions pursuant to the Renewal Term shall be the same as for the Lease Term, except that the Base Rental Rate for the Renewal Term shall be determined by the then prevailing market conditions, but in no event less than the Base Rental Rate for the last year of the Lease Term. All the Terms, covenants and conditions of this Lease pertaining to Lease Term also shall apply during each Extension Term (including the Base Rent set forth below) except that at the expiration of the second Extension Term, Tenant shall not have the further right to extend the Lease Term. If, for any reason, Tenant fails to exercise its option to extend within the time and in the manner described above, then this right and option shall Terminate and be null and void without the necessity of any further actor documentation by Landlord or Tenant, and the Lease Term shall terminate in accordance with the provisions set forth elsewhere in this Lease.

G. Lease Commencement Date. The Lease Commencement Date shall be the later to occur of the following: (i) the Effective Date, or (ii) January 1, 2023, which shall be deemed by the parties to be the date upon which Landlord delivers possession of the Leased Premises to Tenant. Upon final determination of the Lease Commencement Date, Landlord may prepare a written instrument confirming the Lease Commencement Date and expiration date of the Lease Term. Tenant shall execute such instrument within five (5) days after receipt from Landlord.

H. Rent Commencement Date. The Rent Commencement Date shall be the same as the Lease Commencement Date.

I. Base Rent.

<b>Time Period</b>	<b>Monthly Installment</b>
Year 1	\$73,844.00
Year 2	\$76,059.32
Year 3	\$78,341.10
Year 4	\$80,691.33
Year 5	\$83,112.07
Year 6	\$85,605.43
Year 7	\$88,173.60
Year 8	\$90,818.81
Year 9	\$93,543.37

Year 10	\$96,543.37
Year 11	\$99,240.16
Year 12	\$102,217.37

J. Permitted Use. The "Permitted Use" is: Drug and alcohol detox treatment facility uses, including but not limited to drug, alcohol abuse, and mental health rehabilitation, education, and treatment, and for any lawful purpose incidental thereto.

K. Security Deposit. There is no Security Deposit.

L. Tenant's Proportionate Share. "Tenant's Proportionate Share" shall be 100% of the building.

## II. DEFINITIONS.

A. Operating Expenses. "Operating Expenses" shall mean expenses, costs and disbursements of every kind and nature incurred in connection with the ownership, management, maintenance, repair and operation of the Property, including but not limited to the following:

1. All costs and expenses of operating, repairing, lighting, cleaning, and insuring the Property, including replacement of equipment and systems, and all costs incurred in removing snow, ice and debris therefrom and of policing and regulating traffic with respect thereto, and depreciation of all machinery and equipment used therein or thereon;

2. Cost of all supplies and materials used in the ordinary and customary operation, maintenance and repair of the Building and all other portions of the Property, including sales and uses taxes on the same;

3. Cost of all water and sewer (including surcharges) for the Property;

4. Costs incurred under all maintenance and service agreements for the Building, including but not limited to access control, energy management services, window cleaning, elevator maintenance, janitorial service and landscaping;

5. Cost of insurance relating to the Property, including but not limited to the cost of casualty and liability insurance;

6. Cost of ordinary and customary general maintenance to the Property which shall include necessary repairs and replacements but shall exclude any repairs and replacements of a capital nature;

7. Costs of any repairs, or replacements required or made necessary by law or changes in law arising after the date hereof;
8. Cost of any licenses or permits required by any public authority after completion of the construction;
9. Maintenance, repair and replacement of mechanical and electrical equipment including heating, ventilation and air conditioning equipment;
10. Window cleaning, janitorial service, trash removal service and pest control services, including, if applicable, the cost of necessary equipment, uniforms, supplies and sundries;
11. Maintenance and repair of elevators, stairways, restrooms, lobbies, hallways and other facilities;
12. Repainting and redecoration of the Building;
13. Actual management fees incurred by Landlord;
14. Cost of wages and salaries of all employees engaged full time in the operation and maintenance of the Property, including but not limited to payroll taxes, insurance and benefits, and the prorated cost of wages and salaries of all employees engaged part time in the operation and maintenance of the Property, including but not limited to payroll taxes, insurance and benefits;
15. Legal, accounting and administrative fees and expenses;
16. Costs and expenses of grass cutting, fertilizing, planting, replanting and replacing flowers, shrubs or other exterior decorations within the Property;
17. Costs necessary for providing adequate security and/or security personnel to the Property, if such is deemed necessary by Landlord;
18. Taxes. "Taxes" shall mean all present and future real estate taxes, assessments, CPACE incurred, and valorem charges, personal property taxes, front foot benefit charges and all other governmental impositions and/or levies, whether or not now customary or within the contemplation of the parties hereto and regardless of whether the same shall be extraordinary or ordinary, general or special, foreseen or unforeseen, or similar or dissimilar to any of the foregoing. "Taxes" shall further mean any advances or escrow deposits paid or made to any taxing authority or third party such as lender on account of any of the foregoing. If, during the Lease Term or any extension thereof, the method of taxation prevailing at the commencement of the Lease Term shall be

altered or eliminated so as to cause all or any part of the items listed in the preceding sentences of this paragraph to be replaced or supplemented by a capital levy, tax, imposition or otherwise, on the rents or income received from the Property, (provided the tax on such income is not a tax levied on taxable income from all sources generally) then the charge to Landlord resulting from such modified or replaced method of taxation shall be deemed to be within the definition of "taxes." All reasonable expenses incurred by Landlord (including attorneys' fees and costs) in contesting, appealing and/or negotiating against any increase in taxes or any increase in the assessment of the Property shall be included as an item of taxes for purposes hereof;

19. **Utility Costs.** "Utility Costs" shall mean all costs of electricity, gas, steam and fuel used in lighting, heating, ventilating and air conditioning and all other electrical operations within the Property; and

20. All other expenses which would be considered an expense of owning, maintaining, operating or repairing the Property. Landlord may, from time to time and with prior notice to Tenant, and at Landlord's election in Landlord's sole and absolute discretion, require Tenant to pay for any Operating Costs directly to the applicable vendor, municipality, or other payee, or Landlord may instead pay for such costs directly and send Tenant periodic invoices seeking reimbursement of such costs. Tenant shall pay any such invoices within thirty (30) days after receipt of same.

21. "Lease Year" shall be a calendar year from January 1 through December 31. If the Lease Commencement Date is a date other than January 1, then the first Lease Year shall include the portion of the calendar year following the Lease Commencement Date. The last Lease Year shall include the portion of the calendar year immediately preceding the expiration of the Lease Term.

### **III. BASE RENT; SECURITY DEPOSIT; LATE CHARGE.**

A. **Base Rent.** Tenant covenants and agrees to pay to Landlord, as rental for the Leased Premises, the Base Rent set forth in Section 1 of this Lease. Tenant shall pay the Base Rent in twelve (12) equal monthly installments in advance on the first day of each full calendar month during the Lease Term. All rental and other monetary obligations of Tenant set forth in this Lease (whether or not characterized as rent), except for Base Rent, shall be referred to as "Additional Rent." All Base Rent and Additional Rent are sometimes collectively referred to as "Rent" or "rent."

B. **Rent Payment.** All Rent payable by Tenant to Landlord under this Lease shall be paid to Landlord at Landlord's address set forth in Section 1 above. Tenant will promptly pay all Rent when and as the same shall become due and payable, without notice, demand, abatement, deduction or set-off.

C. Late Charge. In the event that Tenant makes any payment due hereunder more than five (5) days after the due date thereof, Tenant also shall pay a late charge to Landlord to cover the extra expense involved in handling delinquent payments; provided, however, that Tenant shall be entitled to one (1) five (5) day notice during each twelve (12) month period before the late charge shall be payable with respect to the late payment as to which such notice relates. The late charge shall be equal to five percent (5%) of the amount of the late payment.

#### **IV. PERMITTED USE.**

Tenant shall use the Leased Premises solely for the Permitted Use and for no other purpose or purposes. No use shall be made or permitted to be made of the Leased Premises or acts done which will increase the existing rate of insurance on the Property or cause the cancellation of any insurance policy covering the Property or any part thereof, nor shall Tenant sell or permit to be kept, used or sold in or about the Leased Premises any article which may be prohibited by the standard form of fire insurance policies. Tenant shall not commit or suffer to be committed any waste upon the Leased Premises or any public or private nuisance. Tenant shall not use the Leased Premises or permit the same to be used in whole or in part for any purpose or use that is deemed to be in violation of any of the laws, ordinances, regulations or rules of any public authority or organization at any time.

#### **V. OPERATING EXPENSES.**

A. Commencing as of the Rent Commencement Date, for each calendar year or portion thereof during the Term, Tenant shall pay Landlord, without demand or offset, as Additional Rent, an amount reasonably estimated by Landlord to reflect Tenant's Proportionate Share of Operating Expenses that are reimbursable to Landlord by Tenant.

B. Landlord will deliver to Tenant an annual reconciliation statement of the actual Operating Expenses incurred during each calendar year. Tenant shall pay, or Landlord shall refund, any underpayment or overpayment of Operating Expenses within thirty (30) days after the date of the annual reconciliation.

C. Tenant's obligation to pay any additional rent accruing during the Lease Term pursuant to this Section shall apply pro rata to the proportionate part of a calendar year in which the Lease Term begins or ends, for the portion of each such year during which this Lease is in effect. Such obligation to make payments of such additional rent shall survive the expiration or sooner termination of the Lease Term, whether or not this Lease is superseded by a subsequent lease of the Leased Premises or of any other space or Tenant leaves the Building; any such superseding lease shall not serve to supersede Tenant's obligation for any such additional rent unless it makes express reference thereto and recites that such additional rent is abated in consideration of the superseding lease.

#### **VI. HVAC SERVICES AND UTILITIES.**

Landlord shall ensure that the following utilities are provided to the Leased Premises on the Commencement Date, but Tenant shall provide routine maintenance of all equipment necessary to supply the same after the Commencement Date: Heat or air conditioning ("HVAC"), hot and cold water, electricity, gas, sewer, and other standard utility services typically necessary for the Permitted Use. Landlord shall be responsible for any repairs or replacements of a capital nature to any plumbing or electrical systems, except to the extent that such repair or replacement is caused by the negligence or willful misconduct of Tenant or Tenant's agents, employees, contractors, guests or invitees, and Landlord may pass through to Tenant as part of Operating Expenses, so long as such costs are amortized over the useful life of such repair or replacement on a straight-line basis in accordance with generally accepted accounting principles and only the portion allocable to the Lease Term shall be payable by Tenant.

## **VII. INTERRUPTION.**

A. Landlord shall have no liability to Tenant on account of any failure, modification or interruption of electricity, water or other utility or HVAC or other service, unless caused by Landlord's negligence or intentional misconduct. In the event of failure or interruption of such service, Landlord shall take reasonable steps to provide for the resumption of such service to the extent the same is within Landlord's control. There shall be no allowance to Tenant for any diminution of rental value of the Leased Premises.

B. Landlord shall have no liability to Tenant for any discontinuance of heat, air conditioning, and hot water unless directly due to Landlord's gross negligence or intentional misconduct and not covered by insurance carried or otherwise required to be carried by Tenant under this Lease. Landlord shall not be liable for any loss or damage to the Tenant caused by rain, snow, water or storms that may leak into or flow from any part of the premises through any defects in the roof or plumbing or from any other source unless directly due to Landlord's negligence and not covered by insurance carried or otherwise required to be carried by Tenant under this Lease.

C. There shall be no allowance to Tenant for any diminution of rental value and no liability on the part of the Landlord by reason of inconvenience, annoyance or injury to business arising from the making by Landlord, Tenant or others of any repairs or improvements in or to the Building or the Leased Premises, or in or to the fixtures, appurtenances or equipment thereof which are made in the ordinary course of business.

D. Landlord shall have no liability to Tenant for any injury or damage resulting from acts or omissions of persons occupying property adjoining the Leased Premises, or for any injury or damage resulting to Tenant or its property from bursting, stoppage, or leaking of water, gas sewer or steam pipes, except where such loss or damage is caused by Landlord's gross negligence or intentional misconduct.

## **VIII. INSURANCE BY TENANT.**

A. Throughout the Lease Term (including any extensions thereof), Tenant shall procure and maintain, at its expense, the following insurance policies for any claim, damage, liability, loss or expense (hereinafter, "Claims") caused by, resulting from, arising out of or in connection with the Tenant's use and occupancy of the Leased Premises and any portion of the Property, any construction or other work being performed by or on behalf of Tenant, and the operations and activities of Tenant, its employees, agents, contractors, guests and other invitees at the Leased Premises:

1. Commercial General Liability insurance with limits not less than \$2,000,000 each occurrence and \$2,000,000 in the aggregate. Such insurance shall include coverage for contractual liability, premises liability, products-completed operations, personal and advertising injury, tenant's legal liability, premises damage legal liability, medical payments, and third-party property damage and bodily injury liability (including death).

2. Automobile Liability insurance for claims arising out of Tenant's use, maintenance or operation of any vehicles (including service trucks) within the Property, with limits not less than \$1,000,000 each accident combined single limit for bodily injury and property damage; and Auto Physical Damage providing coverage for Comprehensive and Collision related damages to such vehicles.

3. Workers' Compensation insurance covering Tenant's employees with limits as required by statutory law, including Employer's Liability coverage with limits not less than \$1,000,000 each accident.

4. Property insurance written on an "all risk" replacement cost basis with respect to all alterations, improvements, and other modifications made by or on insurance written on an "all risk" replacement cost basis with respect to all alterations, improvements, and other modifications made by or on behalf of Tenant at the Leased Premises, and any theft, loss or damage to Tenant's business personal property, including but not limited to, furniture, fixtures, equipment, Signage, communication systems, computer systems, cable systems, microwaves, satellites or other antenna systems, supplies, contents and other property owned, leased, held or possessed by Tenant at the Building and/or the Leased Premises.

B. All insurance required to be maintained by Tenant pursuant to this Lease shall be maintained with responsible companies that are admitted to do business, and are in good standing, in the jurisdiction in which the Leased Premises are located and that have a financial strength rating of at least "A" and are within a financial size category of not less than "Class X" in the most current Best's Key Rating Guide or such similar rating as may be reasonably selected by Landlord.

C. To the fullest extent permitted by law, the commercial general liability and auto insurance carried by Tenant pursuant to this Lease shall name Landlord, Landlord's managing agent, and such other Persons as Landlord may reasonably request from time to time as additional insureds with respect to liability arising out of this Lease or the operations of Tenant (collectively "Additional Insureds"). Such insurance shall provide primary coverage without contribution from any other insurance carried by or for the benefit of Landlord, Landlord's managing agent, or other Additional Insureds. For the avoidance of doubt, each primary policy and each excess/umbrella policy through which Tenant satisfies its obligations under this section must provide coverage to the Additional Insureds that is primary and noncontributory.

D. On or before the earlier of (i) the date on which Tenant first enters the Leased Premises for any reason or (ii) the Commencement Date, Tenant shall furnish Landlord with certificates evidencing that all insurance requirements in this Lease have been met. Renewal certificates shall be furnished to Landlord annually thereafter (on the anniversary of the Commencement Date), and at least thirty (30) days prior to the expiration date of each policy for which a certificate was furnished. Failure by the Tenant to provide the certificates required by this section shall not be deemed to be a waiver of the requirements in this section. Upon request by Landlord, a true and complete copy of any insurance policy required by this Lease shall be delivered to Landlord within ten (10) days following Landlord's request.

E. All insurance required to be maintained by Tenant hereunder shall contain an endorsement prohibiting cancellation, failure to renew, reduction of amount of insurance, or change in coverage without the insurer first giving Landlord thirty (30) days' prior written notice (by certified or registered mail, return receipt requested, or by fax or email) of such proposed action. If the insurer fails to give such notice, Tenant shall give such notice to Landlord at least ten (10) days prior to such modification, cancellation, or non-renewal.

F. To the fullest extent permitted by law, Landlord and Tenant waive and release any and all rights of recovery against the other; and agree not to seek to recover from the other or to make any claim against the other, and in the case of Landlord, against all "Tenant Parties" (defined below in Section 17), and in the case of Tenant, against all "Landlord Parties" (defined below in Section 17), for any loss or damage incurred by the waiving/releasing party to the extent the party receives insurance proceeds for such loss or damage under any insurance policy required by this Lease, or to the extent the party would have received such insurance proceeds had the party carried the insurance it was required to carry hereunder. Tenant shall obtain from its subtenants and other occupants of the Leased Premises a similar waiver and release of claims against all Tenant Parties and Landlord Parties. In addition, the parties hereto (and in the case of Tenant, its subtenants and other occupants of the Leased Premises) shall procure an appropriate clause in, or endorsement on, any insurance policy required by this Lease pursuant to which the insurance company waives subrogation against Tenant Parties and Landlord Parties. The insurance policies required by this Lease shall contain no provision that would invalidate or restrict the parties' waiver

and release of the rights of recovery in this section. The parties hereto covenant that no insurer shall hold any right of subrogation against the parties hereto by virtue of such insurance policy.

G. In the event Tenant shall fail to obtain or maintain any insurance meeting the requirements of this Article, or to deliver such policies or certificates as required by this Article, Landlord may, at its option, on five (5) days' notice to Tenant, procure such policies for the account of Tenant, and the cost thereof shall be paid to Landlord within five (5) days after delivery to Tenant of bills therefor.

H. During such times that Tenant is performing work or having work or services performed in or to the Demised Premises, Tenant shall require that each contractor and subcontractor hired to perform such work or services maintain at such contractor's and/or subcontractor's expense, insurance as reasonably required by Landlord.

I. Landlord reserves the right to modify the insurance requirements under this Lease from time to time in its reasonable discretion.

#### **IX. INSURANCE BY LANDLORD.**

Landlord shall maintain insurance against loss or damage to the Building with coverage for perils as set forth under the "Causes of Loss-Special Form" or equivalent property insurance policy in an amount equal to the full insurable replacement cost of the Building (excluding coverage of Tenant's personal property and any alterations by Tenant), and such other insurance, including rent loss coverage, as Landlord may reasonably deem appropriate or as any mortgagee may require.

#### **X. RULES AND REGULATIONS.**

Tenant shall comply with all rules and regulations (the "Rules of Regulations") established by Landlord which Rules and Regulations are attached hereto as Exhibit B and are hereby made a part of this Lease. Landlord shall have the right to make additions and amendments to the Rules and Regulations, which shall be as binding on Tenant as if set forth herein, provided such additions and amendments do not materially and adversely affect the Tenant's use of the Leased Premises and are not inconsistent with the terms of this Lease.

#### **XI. MAINTENANCE.**

A. Except for the items specified as Landlord obligations pursuant to Section 12.b. below, Tenant shall at all times maintain the interior and exterior of the Leased Premises and all equipment, personal property and fixtures in good, clean, and safe repair and condition, ordinary wear and tear excepted. Tenant shall enter into and maintain a contract with a janitorial service company and landscaping company reasonably approved by Landlord pursuant to which such company shall perform regularly scheduled cleaning and landscaping services, as applicable, at the Property.

B. Landlord shall furnish, supply and maintain in good order and repair, and replace, if necessary in Landlord's sole discretion, with costs for same to be passed through as Operating Expenses as provided elsewhere in this Lease: (a) the roof and other structural portions of the exterior of the Building, (b) the Building systems and facilities to the extent such repair or replacement is of a capital nature; including, but not limited to, plumbing, electrical and heating and air-conditioning facilities, and (c) the facade of the Building.

C. Alterations, repairs and replacements to the Property, including the Leased Premises, made necessary because of Tenant's alterations or installations, any use or circumstances special or particular to Tenant, or any act or omission of Tenant or its agents shall be made at the sole expense of Tenant. Tenant shall be responsible for the cost incurred by Landlord in connection with the maintenance, repair and replacement of hardware and locks on the exterior entrance doors of the Leased Premises.

## **XII. HAZARDOUS AND INFECTIOUS WASTE**

A. Prohibitions. Tenant, its employees, licensees, invitees, agents and contractors shall not use, manufacture, release, store or dispose of on, under or about the Leased Premises, the Property, any medical waste, biohazards, explosives, flammable substances, radioactive materials, asbestos in any form, paint containing lead, materials containing urea formaldehyde, polychlorinated biphenyls, or any other hazardous, toxic or dangerous substances, wastes or materials, whether having such characteristics in fact or defined as such under federal, state or local laws or regulations and any amendments thereto (all such materials and substances being hereinafter referred to as "Hazardous Materials"), except such Hazardous Materials routinely used in connection with Tenant's permitted use under this Lease and then only in such quantities reasonably required in connection with Tenant's operations and in compliance with all applicable laws.

B. Inspection. After notice to Tenant, Landlord in addition to its other rights under this Lease, may enter upon the Leased Premises for the purposes of inspecting to determine whether the Leased Premises, the Building, the Property or the environment have become contaminated with Hazardous Materials. In the event Landlord discovers the existence of any such Hazardous Materials due to fault or other act of Tenant or its agents, employees, invitees or licensees, Tenant shall reimburse Landlord upon demand for the costs of such inspection, sampling and analysis.

C. Cleaning and Removal. At Tenant's sole cost, Tenant promptly shall remove the following from the Leased Premises and sanitize the affected area: bodily fluids and blood-borne pathogens. In the event that any of the foregoing are introduced to the Property by Tenant, its agents, employees, guests or invitees, then Tenant promptly shall remove the same and cause the area to be sanitized.

D. Indemnification. Without limiting the above, Tenant shall indemnify and hold harmless Landlord from and against any and all claims, losses, liabilities, damages, costs and expenses, including without limitation attorneys' fees and the costs of any required or necessary repair, cleanup or detoxification, arising out of or in any way connected with the existence, use, manufacture, storage or disposal of Hazardous Materials by Tenant or its employees, agents, invitees, licensees or contractors on, under or about the Leased Premises, the Building or the Property. The indemnity obligations of Tenant under this clause shall survive any termination of this Lease.

### **XIII. ALTERATIONS BY TENANT.**

Landlord shall deliver the Premises to Tenant and Tenant shall accept the Premises in the "as-is" condition existing on the Effective Date. Tenant shall be responsible for all costs and expenses necessary to convert the Building into a drug and alcohol detox and rehabilitation facility. Subject to the prior written consent of Landlord, Tenant at Tenant's expense, may make alterations, additions or improvements which are non-structural and which do not affect utility services or plumbing and electric lines, in or to the interior of the Leased Premises. All alterations, improvements or additions shall become the property of Landlord upon their installation and shall remain upon the Leased Premises at the expiration of this Lease Term. Notwithstanding the foregoing, Landlord may elect to require that Tenant remove any alterations or improvements by delivering written notice to Tenant at least thirty (30) days before the expiration or early termination of this Lease. In such event Tenant shall at its expense immediately remove such alterations, improvements and additions. Tenant may remove any of its trade fixtures installed at its expense. Upon removal of any trade fixtures from the Leased Premises or upon removal of any alterations, additions or improvements as may be required by Landlord, Tenant shall immediately and at its expense, repair and restore the Leased Premises to the condition existing prior to installation and repair any damage to the Leased Premises or the Building due to such removal. Tenant shall be responsible to pay all costs associated with any alteration, construction or reconstruction of the Leased Premises required by any governmental authority in order to comply with the provisions of the Americans with Disabilities Act of 1990. All property permitted or required to be removed by Tenant at the end of the term remaining in the Leased Premises after Tenant's removal shall be deemed abandoned and may at the election of Landlord, either be retained as Landlord's property or may be removed from the premises by Landlord at Tenant's expense. If any mechanic's lien is filed against the Leased Premises, the Property for work claimed to have been done for, or materials furnished to Tenant whether or not pursuant to this Section, the same shall be discharged by Tenant within ten (10) days thereafter. Failure to timely discharge any such lien shall constitute an Event of Default hereunder.

### **XIV. SURRENDER OF PREMISES.**

A. At the expiration or earlier termination of the Lease Term, (i) Tenant will surrender the Leased Premises to Landlord broom clean and in as good condition as when received, excepting depreciation caused by ordinary wear and tear, and (ii) in addition to any alterations and improvements required to be removed by Tenant from the Leased Premises pursuant to other provisions of this Lease, Tenant shall remove all wiring and cabling installed by or on behalf of Tenant.

B. This Lease and the tenancy hereby created shall cease and terminate at the end of the Lease Term, without the necessity of any notice of termination from either Landlord or Tenant. Tenant hereby waives any notice of termination of the Leased Premises. Tenant agrees that Landlord shall be entitled to the benefit of all laws respecting such recovery of possession of premises from a tenant holding over to the same extent as if statutory notice was given. If Tenant shall occupy the Leased Premises after such expiration or termination, either due to a failure to timely exercise an option for an Extension Term or otherwise, Tenant shall hold the Leased Premises as a tenancy at sufferance, subject to all the other Terms and conditions of this Lease, at an amount equal to two hundred percent (200%) of the monthly Base Rent in effect immediately preceding such holdover for the first (1st) partial and full calendar month of such holdover, with such amount to increase by an additional ten percent (10%) each successive month of such holdover until the last calendar day of the month in which Tenant eventually vacates and surrenders the Leased Premises to Landlord in the condition required under this Lease. There shall be no pro-ration of Base Rent in the event that Tenant vacates and surrenders the Leased Premises in the condition required under this Lease prior to the last day in a calendar month and such occupancy shall be deemed to extend through, and Base Rent shall be owed for the period extending through, the last day of such calendar month.

#### **XV. INDEMNITY.**

A. Indemnity. To the fullest extent permitted by law, Tenant waives any right to contribution against the Landlord Parties (as hereinafter defined) and agrees to indemnify and save harmless the Landlord Parties from and against all claims of whatever nature by a third party arising from or claimed to have arisen from (i) any intentional misconduct or negligence of the Tenant Parties (as hereinafter defined); (ii) any accident, injury or damage whatsoever caused to any person, or to the property of any person, occurring in or about the Leased Premises from the Commencement Date, and thereafter throughout and until the end of the Lease Term, and after the end of the Lease Term for so long after the end of the Lease Term as any property of Tenant remains on the Leased Premises, or anyone acting by, through or under Tenant may use, be in occupancy of any part of, or have access to the Leased Premises or any portion thereof, except to the extent caused by Landlord's negligence or willful misconduct; (iii) any accident, injury or damage whatsoever occurring outside the Leased Premises, where such accident, injury or damage results, or is claimed to have resulted, from any intentional misconduct or negligence on the part of any of the Tenant Parties; (iv) any breach of this Lease by Tenant. Tenant shall pay such indemnified amounts as they are incurred by the Landlord Parties. This indemnification shall not be construed to deny or reduce any other rights or obligations of indemnity that Landlord Parties may have under this Lease or the common law.

B. Breach. In the event that Tenant breaches any of its indemnity obligations hereunder or under any other contractual or common law indemnity: (i) Tenant shall pay to the Landlord Parties all liabilities, loss, cost, or expense (including

attorney's fees) incurred as a result of said breach, and the reasonable value of time expended by the Landlord Parties as a result of said breach; and (ii) the Landlord Parties may deduct and offset from any amounts due to Tenant under this Lease any amounts owed by Tenant pursuant to this section.

C. No limitation. The indemnification obligations under this section shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for Tenant or any subtenant under workers' compensation acts, disability benefit acts, *or* other employee benefit acts. Tenant waives any immunity from or limitation on its indemnity or contribution liability to the Landlord Parties based upon such acts.

IN WITNESS WHEREOF, the parties hereto have executed this Lease Agreement as of the day and year first above written and will take effect on the 27 day of May, 2021.

## **EXHIBIT B**

### **RULES AND REGULATIONS**

1. Tenant will comply with all laws, rules and regulations issued by any and all governmental agencies, federal, state and local municipalities whose jurisdiction affects all or any portion of the Property.

2. When electric wiring of any kind is introduced, it must be connected as directed by Landlord, and no stringing or cutting of wires will be allowed, except with the prior written consent of Landlord, and shall be performed only by contractors approved in advance in writing by Landlord. The number and location of telephones, electric appliances, and equipment shall be subject to Landlord's approval.

4. No awning or other projections shall be attached to the outside walls of the Building. No curtains, blinds, shades or screens shall be attached to or hung in, or used in connections with, any window or door of the Leased Premises, without the prior written consent of Landlord. Such curtains, blinds or shades must be of a quality, type, design, and color, and attached in a manner approved by Landlord.

5. The sidewalks, halls, passages, exits, entrances, elevators and stairways shall not be obstructed by Tenant or used for any purpose other than for ingress to and egress. Unless making repairs required to be made under the terms of the Lease to heating, ventilation or air conditioning located thereon, neither Tenant nor any employees or invitees of Tenant shall have access to or go upon the roof of the Building without the prior approval of Landlord.

6. Tenant, its agents, servants, employees and invitees, shall abide by such security rules and regulations as Landlord may promulgate.

7. Water closets and urinals shall not be used for any other purpose other than those for which they were constructed; and no sweepings, rubbish, ashes, newspaper or any other substances of any kind shall be thrown into them. Waste and excessive or unusual use of electricity or water is prohibited.

8. Trash or garbage generated by Tenant's occupancy of the Leased Premises shall be removed by Tenant at its sole cost or expense.

9. Tenant shall not make or permit to be made any loud or offensive noises, keep any foul or noxious gas or substance or other disturbances of any kind in the Leased Premises or within the Building.

10. No additional lock or locks shall be placed by Tenant on any door in the Building, without prior written consent of Landlord.

11. Tenant shall not use any other method of heating or air conditioning than via the equipment existing in the Property on the Effective Date, without first obtaining the written consent of Landlord.

12. No animals or birds of any kind shall be kept in or permitted on or about the Leased Premises or any other part of the Building.

13. The Leased Premises shall not be used for any improper, objectionable or immoral purposes.

14. Tenant shall not be permitted to use or keep explosives, kerosene, cleaning fluid or any other illuminating, combustible or explosive material or substance of any kind in the Building or the Leased Premises excepting those products which are generally accepted for everyday cleaning, and excepting those used in the operation of Tenant's business and used, stored and disposed of in accordance with applicable laws.

15. Tenant shall not be permitted to keep food upon the Leased Premises except in proper containers, cabinets and refrigerators and in strict accordance with all applicable rules, regulations and ordinances of all local health and sanitation authorities.

16. Tenant shall comply with all requirements issued and mandated by insurance companies insuring the Building.

17. Landlord reserves the right to institute energy management procedures when applicable.

18. No vending, video, amusement machine or machines of any other description shall be installed, maintained or operated upon the Leased Premises or the Building without the prior written consent of Landlord.

19. Tenant shall not lay linoleum, tile, carpet or other similar floor covering so that the same shall be affixed to the floor of the Leased Premises or the Building in any manner except as approved by Landlord. The expense of repairing any damage resulting from violation of this Rule or of removing any floor covering shall be borne and paid for by Tenant who violated, either by its own actions or the actions of its contractors or employees, this Rule.

21. No contract of any kind with any supplier of towels, water, ice, toilet articles, waxing, rug shampooing, venetian blind washing, furniture polishing, lamp servicing, cleaning of electrical fixtures, removal of waste paper, rubbish or garbage, or other like service shall be entered into by Tenant for the Leased Premises or any other portion of the Leased Premises without the prior written approval of Landlord.

22. Canvassing, soliciting and peddling in the Building are prohibited, and Tenant shall cooperate with Landlord to prevent these practices.

23. There shall not be used in the Leased Premises or in the Building, either by Tenant or by others in the delivery or receipt of merchandise, any hand trucks except those equipped with rubber tires and side guards.

24. Landlord reserves the right at any time to rescind any one or more of these Rules and Regulations, or to make such other and further reasonable Rules and Regulations as in Landlord's judgement may, from time to time, be necessary for the safety, care and cleanliness of the Property or any part thereof, and for the preservation of other herein.

## EXHIBIT C

### GUARANTY OF LEASE

This Guaranty of Lease (the "Guaranty") is attached to and made a part of that certain real estate Lease Agreement (the "Lease") dated 10/27/01 between Hygea Detox Inc, a Maryland limited Liability company (the "Landlord"), and Middle River Medical Ventures LLC, a Delaware limited liability company (the "Tenant"). The terms used in this Guaranty shall have the same definitions as set-forth in the Lease.

In order to induce Landlord to enter into the Lease with Tenant, Hygea Detox, Inc. a Maryland limited liability company, with the address of 400 Redland Court Suite 102 Owings Mills, MD 21117 ("Guarantor"), has agreed to execute and deliver this Guaranty to Landlord. Guarantor acknowledges that Landlord would not enter into the Lease if each Guarantor did execute and deliver this Guaranty to Landlord.

**1. Guaranty:** In consideration of the execution of the lease by Landlord and as a material inducement to Landlord to execute the Lease, Guarantor hereby irrevocable, unconditionally, jointly and severally guarantees the full, timely and complete (a) payment of all rent and other sums payable by Tenant to Landlord under the Lease, and any amendments or modifications thereto by agreement or course of conduct, and (b) performance of all covenants, representations and warranties made by Tenant and all obligations to be performed by Tenant pursuant to the Lease, and any amendments or modifications thereto by agreement or course of conduct. The payment of those amounts and performance of those obligations shall be conducted in accordance with all terms, covenants and conditions set-forth in the Lease, without deduction, offset or excuse of any nature and without regard to the enforceability or validity of the Lease, or any part thereof, or any disability of Tenant.

**2. Landlord's Rights.** Landlord may perform any of the following acts at any time during the Lease Term, without notice to or assent of Guarantor and without in any way releasing, affecting or impairing any of Guarantor's obligations or liabilities under this Guaranty: (a) alter, modify or amend the Lease by agreement or course of conduct, (b) grant extensions or renewals of the lease, (c) assign or otherwise transfer its interest under the lease, (e) release Guarantor, or amend or modify this guaranty with respect to Guarantor, without releasing or discharging Guarantor from any of Guarantor's obligations or liabilities under this Guaranty, (f) take and hold security for the payment of this Guaranty and exchange, enforce, waive and release any such security, (g) apply such security and direct the order or manner of sale thereof as landlord, in its sole discretion deems appropriate, and (h) foreclose upon any such security by judicial or non-judicial sale, without affecting or impairing in any way the liability of Guarantor under this Guaranty, except to the extent the indebtedness has been paid.

**3. Tenant's Default.** This Guaranty is a guaranty of payment and performance, and not of collection. Upon any breach or default by Tenant under the Lease, Landlord may proceed immediately against Tenant and/or Guarantor to enforce any of Landlord's rights or remedies against Tenant or Guarantor pursuant to this Guaranty, the Lease, or at law or in equity without notice to or demand upon either Tenant or Guarantor. This Guaranty shall not be released,

modified or affected by any failure or delay by Landlord to enforce any of its rights or this Guaranty, or at law or in equity.

**4. Guarantor's Waivers.** Guarantor hereby waives (a) presentment, demand for payment and protest of non-performance under the Lease, (b) notice of any kind including, without limitation, notice of acceptance of this Guaranty, protest, presentment, demand for payment, default, nonpayment, or the creation or incurring of new or additional obligations of Tenant to Landlord, (c) any right to require Landlord to enforce its rights or remedies against Tenant under the Lease, or otherwise, or against any other party, (d) any right to require Landlord to proceed against any security held from Tenant or any other party, (e) any right of subrogation and (f) any defense arising out of the absence, impairment or loss of any right of reimbursement of subrogation or other right or remedy of guarantors against Landlord or any such security, whether resulting from an election by Landlord, or otherwise. Any part payment by Tenant or other circumstance, which operates to toll any statute of limitations as to Tenant, shall operate to toll the statute of limitations as to Guarantor.

**5. Separate and Distinct Obligations.** Guarantor acknowledges and agrees that Guarantor's obligations to Landlord under this Guaranty are separate and distinct from Tenant's obligations to Landlord under the Lease. The occurrence of any of the following events shall not have any effect whatsoever on Guarantor's obligations to Landlord hereunder, each of which obligations shall continue in full force or effect as though such event had not occurred: (a) the commencement by Tenant of a voluntary case under the federal bankruptcy laws, as now constituted or hereafter amended or replaced, or any other applicable federal or state bankruptcy, insolvency or other similar law (collectively, the "Bankruptcy Laws"), (b) the consent by Tenant to the appointment of or taking possession by a receiver, liquidator, assignee, trustee, custodian, sequestrator or similar official of Tenant or for any substantial part of its property, (c) any assignment by Tenant for the benefit of creditors, (d) the failure of Tenant generally to pay its debts as such debts become due, (e) the taking of corporate action by Tenant in the furtherance of any of the foregoing; or (f) the entry of a decree or order for relief by a court having jurisdiction in respect of Tenant in any involuntary case under the Bankruptcy Laws, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or similar official) of Tenant or for any substantial part of its property, or ordering the winding-up or liquidation of any of its affairs and the continuance of any such decree or order unstayed and in effect for a period of sixty (60) consecutive days. The liability of Guarantor under this Guaranty is not and shall not be affected or impaired by any payment made to the landlord under or related to the Lease for which Landlord is required to reimburse Tenant pursuant to any court order or in settlement of any dispute, controversy or litigation in any bankruptcy, reorganization, arrangement, moratorium or other federal or state debtor relief proceeding, if, during any such proceeding, the Lease is assumed by Tenant or any trustee, or thereafter assigned by the Tenant or any trustee to a third party, this Guaranty shall remain full force and effect with respect to the full performance of Tenant, any such trustee or any such third party's obligations under the Lease. If the Lease is terminated or rejected during any such proceeding, or any of the events described in Subparagraphs (a) through (f) of this paragraph 5 occur, as between Landlord and Guarantor, Landlord shall have the right to accelerate all of Tenant's obligations under the Lease and Guarantor's obligations under this Guaranty. In such event, all such obligations shall become immediately due and payable by Guarantor to the Landlord. Guarantor waives any defense of Tenant or by reason of the cessation from any cause whatsoever of the liability of the Tenant.

6. **Subordination.** All existing and future advances by the Guarantor to Tenant, and all existing and future debts of Tenant to any Guarantor, shall be subordinated to all obligations owed to Landlord under the Lease and this Guaranty.

7. **Successors and Assigns.** This Guaranty binds Guarantor's personal representatives, successors and assigns.

8. **Corporate Authority.** If Guarantor is an entity, each individual signing this Guaranty on behalf of Guarantor represents and warrants that he is duly authorized to execute and deliver this Guaranty on behalf of the entity, and that this Guaranty is binding on Guarantor in accordance with its terms. Guarantor shall, at Landlord's request, deliver a certified copy of a resolution of its governing board or the equivalent authorizing such execution.

9. **Disclosure of Related Entities/Persons.** Guarantor acknowledges that its Manager, Robby Stempler an individual, has ownership, management, fiduciary, and/or other business and personal interests and relationships with one or more Landlord and Tenant parties. Guarantor acknowledges that such interests and relationships have been disclosed and that Guarantor has had ample opportunity to investigate such interests and relationships and hereby waives any conflicts of interest which may arise by virtue of such interests and relationships.

10. **Attorneys' Fees.** In the event of any suit, action, or other proceeding at law or in equity, by either party hereto against the other, by reason of any matter arising out of this Guaranty, the prevailing party shall recover, not only its legal costs, but also reasonable attorneys' fees (to be fixed by the Court) for the maintenance or defense of said suit, action or other proceeding, as the case may be.
