Hi Jennifer,

We have two follow up questions regarding the Clarification Responses you that CESC provided on January 18.

1. Please send us all of the assumptions that were used when updating your need calculations/projections.
2. Please let us know what average turnaround time (TAT) was included in your calculations (25 minutes/case TAT is set forth in the regulation). If you did not use a 25 minute TAT, please provide an explanation and justification for why.

If you have any questions for us, please let me know.

Thank you for your help throughout this process.

Best,

Laura
