

## SCHEDULES FOR CERTIFICATE OF NEED REVIEW

The Maryland Health Care Commission provides the following schedules to interested members of the public and sponsors of health care facility and service projects subject to Certificate of Need ("CON") review and approval. Not every type of project subject to the requirements of CON review and approval is included in this review schedule. In these cases, persons seeking CON approval for a project may file a letter of intent at any time. (See COMAR 10.24.01.07 and .08 for additional information on CON application filing and project review.)

The general criteria for Certificate of Need review are set forth at COMAR 10.24.01.08G(3). It will be noted that the first criterion is evaluation of the project according to all relevant State Health Plan standards, policies, and criteria. State Health Plan regulations can be accessed at [https://mhcc.maryland.gov/mhcc/pages/hcfs/hcfs\\_shp/hcfs\\_shp.aspx](https://mhcc.maryland.gov/mhcc/pages/hcfs/hcfs_shp/hcfs_shp.aspx)

This Certificate of Need review schedule updates the last schedule published in the *Maryland Register* on May 20, 2022. This review schedule is not a solicitation by the Commission for Certificate of Need applications, and does not indicate, in and of itself, that additional capacity is needed in services subject to Certificate of Need review, or that Certificate of Need applications submitted for the services described will be approved by the Commission.

Applicants are encouraged to discuss their development plans and projects with the Commission Staff prior to filing letters of intent or applications.

Letters of Intent and applications for scheduled reviews may only be received and reviewed according to these published schedules. All Letters of Intent and Certificate of Need applications, including the required number of copies of CON applications, must be received at the offices of the Maryland Health Care Commission, 4160 Patterson Avenue, Baltimore, Maryland 21215, no later than 4:30 p.m. on the scheduled date of submission. Letters of Intent should be filed by US mail and email to [ruby.potter@maryland.gov](mailto:ruby.potter@maryland.gov) and [wynnee.hawk1@maryland.gov](mailto:wynnee.hawk1@maryland.gov). Letters of intent for projects not covered by this review schedule may be filed at any time.

For further information about review schedules or procedures, contact Wynnee Hawk, Chief, Certificate of Need, at (410) 764-5982 or [wynnee.hawk1@maryland.gov](mailto:wynnee.hawk1@maryland.gov)

**Replacement of Hospital Emergency CONs with Formal CONs – Changes in Bed Capacity**

The Commission hereby publishes the following special schedule for the submission of Certificate of Need applications by general hospitals that received emergency CONs during the period of 2020 to 2021 to add bed capacity in response to the COVID-19 pandemic and the heightened demand for hospital beds that surges in COVID-19 cases created. MHCC has established guidance for holders of emergency CONs expiring in 2023 and this schedule is consistent with that guidance. Please note that the following schedule only applies to projects that will formally authorize, on a permanent basis, the increases in physical bed capacity at existing general hospitals previously authorized in an emergency CON. It does not apply to the establishment of a new general hospital as a replacement for the emergency CONs that established "Alternate Care Site" hospitals.

**Cardiac Surgery Services**

The Maryland Health Care Commission provides the following schedule for the review of applications for Certificates of Need (“CON”) by general hospitals seeking to introduce cardiac surgery services. This review schedule is not a solicitation by the Commission for CON applications, and it does not indicate that additional capacity is needed or that CON applications submitted will be approved by the Commission. Applicants are encouraged to discuss their development plans and projects with the Commission staff prior to filing Letters of Intent. Please note that there is no scheduled review cycle for the Baltimore/Upper Shore region because the applicable State Health Plan, COMAR 10.24.17, states that, “a new cardiac surgery program will only be considered in a health planning region if the most recently approved program in the health planning region has been in operation for at least three years.” The most recently approved program in the Baltimore/Upper Shore region initiated operation in December, 2020.
