COMPREHENSIVE CARE FACILITY (NURSING HOME)
APPLICATION FOR CERTIFICATE OF NEED

ALL APPLICATIONS MUST FOLLOW THE FORMATTING REQUIREMENTS DESCRIBED IMMEDIATELY BELOW. NOT FOLLOWING THESE FORMATTING INSTRUCTIONS WILL RESULT IN THE APPLICATION BEING RETURNED.

Required Format:

Table of Contents. The application must include a Table of Contents referencing the location of application materials. Each section in the hard copy submission should be separated with tabbed dividers. Any exhibits, attachments, etc. should be similarly tabbed, and pages within each should be numbered independently and consecutively. The Table of Contents must include:

- Responses to PARTS I, II, III, and IV of the COMPREHENSIVE CARE FACILITY (NURSING HOME) application form

- Responses to PART IV must include responses to the standards in the State Health Plan chapter, COMAR 10.24.08, applicable to the type of nursing home project proposed.
  - All Applicants must respond to the general standards, COMAR 10.24.08.05A.
  - Applicants proposing new construction or expansion of comprehensive care facility beds, including replacement of an existing facility or existing beds, if new outside walls are proposed must also respond to all the standards in COMAR 10.24.08.05B.
  - Applicants only proposing renovations within existing facility walls using beds currently shown in the Commission’s inventory as authorized to the facility must respond to all the standards in COMAR 10.24.08.05C in addition to the standards in .05A. Applicants for such renovations should not respond to the standards in .05B.

- Identification of each Attachment, Exhibit, or Supplement
Application pages must be consecutively numbered at the bottom of each page. Exhibits attached to subsequent correspondence during the completeness review process shall use a consecutive numbering scheme, continuing the sequencing from the original application. (For example, if the last exhibit in the application is Exhibit 5, any exhibits used in subsequent responses should begin with Exhibit 6. However, a replacement exhibit that merely replaces an exhibit to the application should have the same number as the exhibit it is replacing, noted as a replacement.

SUBMISSION FORMATS:

We require submission of application materials and the applicant’s responses to completeness questions in three forms: hard copy; searchable PDF; and in Microsoft Word.

- **Hard copy:** Applicants must submit six (6) hard copies of the application to:
  Ruby Potter
  Health Facilities Coordinator
  Maryland Health Care Commission
  4160 Patterson Avenue
  Baltimore, Maryland 21215

- **PDF:** Applicants must also submit searchable PDF files of the application, supplements, attachments, and exhibits. All subsequent correspondence should also be submitted both by paper copy and as searchable PDFs.

- **Microsoft Word:** Responses to the questions in the application and the applicant’s responses to completeness questions should also be electronically submitted in Word. Applicants are strongly encouraged to submit any spreadsheets or other files used to create the original tables (the native format). This will expedite the review process.

Applicants are strongly encouraged to submit any spreadsheets or other files used to create the original tables (the native format). This will expedite the review process.

PDFs and spreadsheets should be submitted to ruby.potter@maryland.gov and kevin.mcdonald@maryland.gov.

Note that there are certain actions that may be taken regarding either a health care facility or an entity that does not meet the definition of a health care facility where CON review and approval are not required. Most such instances are found in the Commission’s procedural regulations at COMAR 10.24.01.03, .04, and .05. Instances listed in those regulations require the submission of specified information to the Commission and may require approval by the full Commission. Contact CON staff at (410) 764-3276 for more information.

A pre-application conference will be scheduled by Commission Staff to cover this and other topics. Applicants are encouraged to contact Staff with any questions regarding an application.

10. TYPE OF PROJECT

The following list includes all project categories that require a CON pursuant to COMAR 10.24.01.02(A). Please mark all that apply in the list below.

If approved, this CON would result in (check as many as apply):

(1) A new health care facility built, developed, or established
(2) An existing health care facility moved to another site
(3) A change in the bed capacity of a health care facility
(4) A change in the type or scope of any health care service offered by a health care facility
(5) A health care facility making a capital expenditure that exceeds the current threshold for capital expenditures found at:

11. PROJECT DESCRIPTION

A. Executive Summary of the Project: The purpose of this BRIEF executive summary is to convey to the reader a holistic understanding of the proposed project: what it is, why you need to do it, and what it will cost. A one-page response will suffice. Please include:

(1) Brief Description of the project – what the applicant proposes to do
(2) Rationale for the project – the need and/or business case for the proposed project
(3) Cost – the total cost of implementing the proposed project

B. Comprehensive Project Description: The description should include details regarding:
   (1) Construction, renovation, and demolition plans
   (2) Changes in square footage of departments and units
   (3) Physical plant or location changes
   (4) Changes to affected services following completion of the project
   (5) Outline the project schedule.

12. Complete Table A of the CON Table Package for Nursing Home (CCF) Applications
13. Identify any community based services that are or will be offered at the facility and explain how each one will be affected by the project.

14. REQUIRED APPROVALS AND SITE CONTROL
   A. Site size: ______ acres
   B. Have all necessary State and local land use and environmental approvals, including zoning and site plan, for the project as proposed been obtained?
      YES_____ NO _____ (If NO, describe below the current status and timetable for receiving each of the necessary approvals.)

C. Form of Site Control (Respond to the one that applies. If more than one, explain.):
   (1) Owned by: ___________________________________________________________
   (2) Options to purchase held by: __________________________________________
      Please provide a copy of the purchase option as an attachment.
   (3) Land Lease held by: _________________________________________________
      Please provide a copy of the land lease as an attachment.
   (4) Option to lease held by: _____________________________________________
      Please provide a copy of the option to lease as an attachment.
   (5) Other: _____________________________________________________________
      Explain and provide legal documents as an attachment.
15. PROJECT SCHEDULE
In completing this section, please note applicable performance requirements time frames set forth in Commission regulations, COMAR 10.24.01.12. Ensure that the information presented in the following table reflects information presented in Application Item 11 (Project Description).

<table>
<thead>
<tr>

16. PROJECT DRAWINGS
Projects involving new construction and/or renovations should include scalable schematic drawings of the facility at at least a 1/16” scale. Drawings should be completely legible and include dates.

These drawings should include the following before (existing) and after (proposed), as applicable:

A. Floor plans for each floor affected with all rooms labeled by purpose or function, number of beds, location of bath rooms, nursing stations, and any proposed space for future expansion to be constructed, but not finished at the completion of the project, labeled as “shell space”.

B. For projects involving new construction and/or site work a Plot Plan, showing the "footprint" and location of the facility before and after the project.

C. Specify dimensions and square footage of patient rooms.

17. FEATURES OF PROJECT CONSTRUCTION

A. If the project involves new construction or renovation, complete the Construction and Renovation Square Footage worksheet in the CON Table Package (Table B)

B. Discuss the availability and adequacy of utilities (water, electricity, sewage, natural gas, etc.) for the proposed project and identify the provider of each utility. Specify the steps that will be necessary to obtain utilities.
PART II - PROJECT BUDGET

Complete the Project Budget worksheet in the CON Table Package (Table C).

**Note:** Applicant should include a list of all assumptions and specify what is included in each budget line, as well the source of cost estimates and the manner in which all cost estimates are derived. Explain how the budgeted amount for contingencies was determined and why the amount budgeted is adequate for the project given the nature of the project and the current stage of design (i.e., schematic, working drawings, etc.)

PART III - APPLICANT HISTORY, STATEMENT OF RESPONSIBILITY, AUTHORIZATION AND RELEASE OF INFORMATION, AND SIGNATURE

1. List names and addresses of all owners and individuals responsible for the proposed project and its implementation.

2. Are the applicant, owners, or the responsible persons listed in response to Part 1, questions 2, 3, 4, 7, and 9 above now involved, or have they ever been involved, in the ownership, development, or management of another health care facility? If yes, provide a listing of these facilities, including facility name, address, and dates of involvement.

3. Has the Maryland license or certification of the applicant facility, or any of the facilities listed in response to Question 2, above, been suspended or revoked, or been subject to any disciplinary action (such as a ban on admissions) in the last 5 years? If yes, provide a written explanation of the circumstances, including the date(s) of the actions and the disposition. If the applicant, owners or individuals responsible for implementation of the Project were not involved with the facility at the time a suspension, revocation, or disciplinary action took place, indicate in the explanation.

4. Other than the licensure or certification actions described in the response to Question 3, above, has any facility with which any applicant is involved, or has any facility with which any applicant has in the past been involved (listed in response to Question 2, above) received inquiries in last from 10 years from any federal or state authority, the Joint Commission, or other regulatory body regarding possible non-compliance with any state, federal, or Joint Commission requirements for the provision of, the quality of, or the payment for health care services that have resulted in actions leading to the possibility of penalties, admission bans, probationary status, or other sanctions at the applicant facility or at any facility listed in response to Question 2? If yes, provide, for each such instance, copies of any settlement reached, proposed findings or final findings of non-compliance and related documentation including reports of non-compliance, responses of the facility, and any final disposition or conclusions reached by the applicable authority.
5. Have the applicant, owners or responsible individuals listed in response to Part 1, questions 2, 3, 4, 7, and 9, above, ever pled guilty to or been convicted of a criminal offense in any way connected with the ownership, development or management of the applicant facility or any of the health care facilities listed in response to Question 2, above? If yes, provide a written explanation of the circumstances, including as applicable the court, the date(s) of conviction(s), diversionary disposition(s) of any type, or guilty plea(s).

PART IV - CONSISTENCY WITH GENERAL REVIEW CRITERIA AT COMAR
10.24.01.08G(3):

INSTRUCTION: Each applicant must respond to all criteria included in COMAR 0.24.01.08G(3), listed below.

An application for a Certificate of Need shall be evaluated according to all relevant State Health Plan standards and other review criteria.

If a particular standard or criteria is covered in the response to a previous standard or criteria, the applicant may cite the specific location of those discussions in order to avoid duplication. When doing so, the applicant should ensure that the previous material directly pertains to the requirement and the directions included in this application form. Incomplete responses to any requirement will result in an information request from Commission Staff to ensure adequacy of the response, which will prolong the application's review period.

10.24.01.08G(3)(a). The State Health Plan.

Every Comprehensive Care Facility (“CCF” -- more commonly known as a nursing home) applicant must address each applicable standard from COMAR 10.24.08: State Health Plan for Facilities and Services -- Nursing Home and Home Health Services. Those standards follow immediately under 10.24.08.05 Nursing Home Standards.

Please provide a direct, concise response explaining the project's consistency with each standard. In cases where demonstrating compliance with a standard requires the provision of specific documentation, please include the documentation as a part of the application.

10.24.08.05 Nursing Home Standards.

A. General Standards. The Commission will use the following standards for review of all nursing home projects.

(1) Bed Need. The bed need in effect when the Commission receives a letter of intent for the application will be the need projection applicable to the review.

(2) Medical Assistance Participation.

(a) Except for short-stay, hospital-based skilled nursing facilities required to meet .06B of this Chapter, the Commission may approve a Certificate of Need for a nursing home only for an applicant that participates, or proposes to participate, in the Medical Assistance Program, and only if the applicant submits documentation or agrees to submit documentation of a written Memorandum of Understanding with Medicaid to maintain the proportion of Medicaid patient days required by .05A 2(b) of this Chapter.

2[1] Copies of all applicable State Health Plan chapters are available from the Commission and are available on the Commission's web site here: http://mhcc.maryland.gov/mhcc/pages/hcfs/hcfs_shp/hcfs_shp
(b) Each applicant shall agree to serve a proportion of Medicaid patient days that is at least equal to the proportion of Medicaid patient days in all other nursing homes in the jurisdiction or region, whichever is lower, calculated as the weighted mean minus 15.5% based on the most recent Maryland Long Term Care Survey data and Medicaid Cost Reports available to the Commission as shown in the Supplement to COMAR 10.24.08: Statistical Data Tables, or in subsequent updates published in the Maryland Register.

(c) An applicant shall agree to continue to admit Medicaid residents to maintain its required level of participation when attained and have a written policy to this effect.

(d) Prior to licensure, an applicant shall execute a written Memorandum of Understanding with the Medical Assistance Program of the Department of Health and Mental Hygiene to:

(i) Achieve or maintain the level of participation required by .05A 2(b) of this Chapter; and

(ii) Admit residents whose primary source of payment on admission is Medicaid.

(iii) An applicant may show evidence why this rule should not apply.

(3) Community-Based Services. An applicant shall demonstrate commitment to providing community-based services and to minimizing the length of stay as appropriate for each resident by:

(a) Providing information to every prospective resident about the existence of alternative community-based services, including, but not limited to, Medicaid home and community-based waiver programs and other initiatives to promote care in the most appropriate settings;

(b) Initiating discharge planning on admission; and

(c) Permitting access to the facility for all “Olmstead” efforts approved by the Department of Health and Mental Hygiene and the Department of Disabilities to provide education and outreach for residents and their families regarding home and community-based alternatives.

(4) Nonelderly Residents. An applicant shall address the needs of its nonelderly (<65 year old) residents by:

(a) Training in the psychosocial problems facing nonelderly disabled residents; and

(b) Initiating discharge planning immediately following admission with the goal of limiting each nonelderly resident’s stay to 90 days or less, whenever feasible, and voluntary transfer to a more appropriate setting.

(5) Appropriate Living Environment. An applicant shall provide to each resident an appropriate living environment, including, but not limited to:
(a) In a **new construction** project:

(i) Develop rooms with no more than two beds for each patient room;

(ii) Provide individual temperature controls for each patient room; and

(iii) Assure that no more than two residents share a toilet.

(b) In a **renovation** project:

(i) Reduce the number of patient rooms with more than two residents per room;

(ii) Provide individual temperature controls in renovated rooms; and

(iii) Reduce the number of patient rooms where more than two residents share a toilet.

(c) An applicant may show evidence as to why this standard should not be applied to the applicant.

(6) **Public Water.** Unless otherwise approved by the Commission and the Office of Health Care Quality in accordance with COMAR 10.07.02.26, an applicant for a nursing home shall demonstrate that its facility is, or will be, served by a public water system.

(7) **Facility and Unit Design.** An applicant must identify the special care needs of the resident population it serves or intends to serve and demonstrate that its proposed facility and unit design features will best meet the needs of that population. This includes, but is not limited to:

(a) Identification of the types of residents it proposes to serve and their diagnostic groups;

(b) Citation from the long term care literature, if available, on what types of design features have been shown to best serve those types of residents;

(c) An applicant may show evidence as to how its proposed model, which is not otherwise documented in the literature, will best serve the needs of the proposed resident population.

(8) **Disclosure.** An applicant shall disclose whether any of its principals have ever pled guilty to, or been convicted of, a criminal offense in any way connected with the ownership, development, or management of a health care facility.

(9) **Collaborative Relationships.** An applicant shall demonstrate that it has established collaborative relationships with other types of long term care providers to assure that each resident has access to the entire long term care continuum.
B. New Construction or Expansion of Beds or Services. The Commission will review proposals involving new construction or expansion of comprehensive care facility beds, including replacement of an existing facility or existing beds, if new outside walls are proposed, using the following standards in addition to .05A(1)-(9):

(1) Bed Need.

(a) An applicant for a facility involving new construction or expansion of beds or services, using beds currently in the Commission's inventory, must address in detail the need for the beds to be developed in the proposed project by submitting data including, but not limited to: demographic changes in the target population; utilization trends for the past five years and expected changes in the next five years; and demonstrated unmet needs of the target population.

(b) For a relocation of existing comprehensive care facility beds, an applicant must demonstrate need for the beds at the new site, including, but not limited to: demonstrated unmet needs; utilization trends for the past five years and expected changes in the next five years; and how access to, and/or quality of, needed services will be improved.

(2) Facility Occupancy.

(a) The Commission may approve a nursing home for expansion only if all of its beds are licensed and available for use, and it has been operating at 90 percent or higher, average occupancy for the most recent consecutive 24 months.

(b) An applicant may show evidence why this rule should not apply.

(3) Jurisdictional Occupancy.

(a) The Commission may approve a CON application for a new nursing home only if the average jurisdictional occupancy for all nursing homes in that jurisdiction equals or exceeds a 90 percent occupancy level for at least the most recent 12 month period, as shown in the Medicaid Cost Reports for the latest fiscal year, or the latest Maryland Long Term Care Survey, if no Medicaid Cost Report is filed. Each December, the Commission will issue a report on nursing home occupancy.

(b) An applicant may show evidence why this rule should not apply.

(4) Medical Assistance Program Participation.

(a) An applicant for a new nursing home must agree in writing to serve a proportion of Medicaid residents consistent with .05A 2(b) of this Chapter.

(b) An applicant for new comprehensive care facility beds has three years during which to achieve the applicable proportion of Medicaid participation from the time the facility is licensed, and must show a good faith effort and reasonable progress toward achieving this goal in years one and two of its operation.
(c) An applicant for nursing home expansion must demonstrate either that it has a current Memorandum of Understanding (MOU) with the Medical Assistance Program or that it will sign an MOU as a condition of its Certificate of Need.

(d) An applicant for nursing home expansion or replacement of an existing facility must modify its MOU upon expansion or replacement of its facility to encompass all of the nursing home beds in the expanded facility, and to include a Medicaid percentage that reflects the most recent Medicaid participation rate.

(e) An applicant may show evidence as to why this standard should not be applied to the applicant.

(5) **Quality.** An applicant for expansion of an existing facility must demonstrate that it has no outstanding Level G or higher deficiencies, and that it maintains a demonstrated program of quality assurance.

(6) **Location.** An applicant for the relocation of a facility shall quantitatively demonstrate how the new site will allow the applicant to better serve residents than its present location.

C. **Renovation of Facility.** The Commission will review projects involving renovation of comprehensive care facilities using the following standards in addition to .05A(1)-(9).

(1) **Bed Status.** The number of beds authorized to the facility is the current number of beds shown in the Commission’s inventory as authorized to the facility, provided:

   (a) That the right to operate the facility, or the beds authorized to the facility, remains in good standing; and

   (b) That the facility provides documentation that it has no outstanding Level G or higher deficiency reported by the Office of Health Care Quality.

(2) **Medical Assistance Program Participation.** An applicant for a Certificate of Need for renovation of an existing facility:

   (a) Shall participate in the Medicaid Program;

   (b) May show evidence as to why its level of participation should be lower than that required in .05A2(b) of this Chapter because the facility has programs that focus on discharging residents to community-based programs or an innovative nursing home model of care;

   (c) Shall present a plan that details how the facility will increase its level of participation if its current and proposed levels of participation are below those required in .05A2(b) of this Chapter; and

   (d) Shall agree to accept residents who are Medicaid-eligible upon admission.
(3) Physical Plant. An applicant must demonstrate how the renovation of the facility will improve the quality of care for residents in the renovated facility, and, if applicable will eliminate or reduce life safety code waivers from the Office of Health Care Quality and the State Fire Marshall’s Office.

10.24.01.08G(3)(b). Need.

The Commission shall consider the applicable need analysis in the State Health Plan. If no State Health Plan need analysis is applicable, the Commission shall consider whether the applicant has demonstrated unmet needs of the population to be served, and established that the proposed project meets those needs.

INSTRUCTIONS: Fully address the way in which the proposed project is consistent with any specific applicable need standard or need projection methodology in the State Health Plan. If the current bed need projection published by the MHCC based on the need formula in the State Health Plan does not project a need for all of the beds proposed, the applicant should identify the need that will be addressed by the proposed project by quantifying the need for all facility and service capacity proposed for development, relocation or renovation in the project.

If the project involves modernization of an existing facility through renovation and/or expansion, provide a detailed explanation of why such modernization is needed by the service area population of the nursing home. Identify and discuss relevant building or life safety code issues, age of physical plant issues, or standard of care issues that support the need for the proposed modernization.

Please assure that all sources of information used in the need analysis are identified and identify all the assumptions made in the need analysis with respect to demand for services, the projected utilization rate(s), and the relevant population considered in the analysis with information that supports the validity of these assumptions. The existing and/or intended service area population of the applicant should be clearly defined.

Complete the Statistical Projection (Tables D and E, as applicable) worksheets in the CON Table Package, as required. Instructions are provided in the cover sheet of the CON package. Table D must be completed if the applicant is an existing facility. Table E must be completed if the application is for a new facility or service or if it is requested by MHCC staff.

The Commission shall compare the cost effectiveness of the proposed project with the cost effectiveness of providing the service through alternative existing facilities, or through an alternative facility that has submitted a competitive application as part of a comparative review.

INSTRUCTIONS: Please describe the planning process that was used to develop the proposed project. This should include a full explanation of the primary goals or objectives of the project or the problem(s) being addressed by the project. It should also identify the alternative approaches to achieving those goals or objectives or solving those problem(s) that were considered during the project planning process, including the alternative of the services being provided by existing facilities.
For all alternative approaches, provide information on the level of effectiveness in goal or objective achievement or problem resolution that each alternative would be likely to achieve and the costs of each alternative. The cost analysis should go beyond development cost to consider life cycle costs of project alternatives. This narrative should clearly convey the analytical findings and reasoning that supported the project choices made. It should demonstrate why the proposed project provides the most effective goal and objective achievement or the most effective solution to the identified problem(s) for the level of cost required to implement the project, when compared to the effectiveness and cost of alternatives including the alternative of providing the service through alternative existing facilities, or through an alternative facility that has submitted a competitive application as part of a comparative review.

10.24.01.08G(3)(d). Viability of the Proposal.

The Commission shall consider the availability of financial and nonfinancial resources, including community support, necessary to implement the project within the time frames set forth in the Commission’s performance requirements, as well as the availability of resources necessary to sustain the project.

INSTRUCTIONS: Please provide a complete description of the funding plan for the project, documenting the availability of equity, grant(s), or philanthropic sources of funds and demonstrating, to the extent possible, the ability of the applicant to obtain the debt financing proposed. Describe the alternative financing mechanisms considered in project planning and provide an explanation of why the proposed mix of funding sources was chosen.

- Complete applicable Revenue & Expense Tables and the Workforce and Bedside Care Staffing worksheets in the CON Table Package, as required (Tables H and I for all applicants and Table F for existing facilities and/or Table G, for new facilities, new services, and when requested by MHCC staff). Attach additional pages as necessary detailing assumptions with respect to each revenue and expense line item. Instructions are provided in the cover sheet of the CON package and on each worksheet. Explain how these tables demonstrate that the proposed project is sustainable and provide a description of the sources and methods for recruitment of needed staff resources for the proposed project, if applicable. If the projections are based on Medicare percentages above the median for the jurisdiction in which the nursing home exists or is proposed, explain why the projected Medicare percentages are reasonable.

- Audited financial statements for the past two years should be provided by all applicant entities and parent companies to demonstrate the financial condition of the entities involved and the availability of the equity contribution. If audited financial statements are not available for the entity or individuals that will provide the equity contribution, submit documentation of the financial condition of the entities and/or individuals providing the funds and the availability of such funds. Acceptable documentation is a letter signed by an independent Certified Public Accountant. Such letter shall detail the financial information considered by the CPA in reaching the conclusion that adequate funds are available.

- If debt financing is required and/or grants or fund raising is proposed, detail the experience of the entities and/or individuals involved in obtaining such financing and grants and in raising funds for similar projects. If grant funding is proposed, identify the grant that has been or will be pursued and document the eligibility of the proposed project for the grant.
• Describe and document relevant community support for the proposed project.

• Identify the performance requirements applicable to the proposed project (see Part I question 15) and explain how the applicant will be able to implement the project in compliance with those performance requirements. Explain the process for completing the project design, obtaining State and local land use, environmental, and design approvals, contracting and obligating the funds within the prescribed time frame. Describe the construction process or refer to a description elsewhere in the application that demonstrates that the project can be completed within the applicable time frame(s).

10.24.01.08G(3)(e). Compliance with Conditions of Previous Certificates of Need.

An applicant shall demonstrate compliance with all terms and conditions of each previous Certificate of Need granted to the applicant, and with all commitments made that earned preferences in obtaining each previous Certificate of Need, or provide the Commission with a written notice and explanation as to why the conditions or commitments were not met.

INSTRUCTIONS: List all of the Maryland Certificates of Need that have been issued to the project applicant, its parent, or its affiliates or subsidiaries over the prior 15 years, including their terms and conditions, and any changes to approved Certificates that needed to be obtained. Document that these projects were or are being implemented in compliance with all of their terms and conditions or explain why this was not the case.

10.24.01.08G(3)(f). Impact on Existing Providers and the Health Care Delivery System.

An applicant shall provide information and analysis with respect to the impact of the proposed project on existing health care providers in the health planning region, including the impact on geographic and demographic access to services, on occupancy, on costs and charges of other providers, and on costs to the health care delivery system.

INSTRUCTIONS: Please provide an analysis of the impact of the proposed project. Please assure that all sources of information used in the impact analysis are identified and identify all the assumptions made in the impact analysis with respect to demand for services, payer mix, access to service and cost to the health care delivery system including relevant populations considered in the analysis, and changes in market share, with information that supports the validity of these assumptions. Provide an analysis of the following impacts:

a) On the volume of service provided by all other existing health care providers that are likely to experience some impact as a result of this project;

b) On the payer mix of all other existing health care providers that are likely to experience some impact on payer mix as a result of this project. If an applicant for a new nursing home claims no impact on payer mix, the applicant must identify the likely source of any expected increase in patients by payer.

c) On access to health care services for the service area population that will be served by the project. (State and support the assumptions used in this analysis of the impact on access);
d) On costs to the health care delivery system.

If the applicant is an existing nursing home, provide a summary description of the impact of the proposed project on costs and charges of the applicant nursing home, consistent with the information provided in the Project Budget, the projections of revenues and expenses, and the work force information.
