Sources: Bed Inventory: Maryland Health Care Commission and the Maryland Department of Health.

Utilization: Health Services Cost Review Commission's Inpatient Confidential Files (private chronic hospitals); and Maryland Department of Health's Hospital Management Information System (state-operated chronic hospitals).

¹ University of Maryland Rehabilitation and Orthopaedic Institute's 52 chronic hospital beds include 16 dually licensed chronic/rehabilitation beds.

² University of Maryland Prince George's Hospital Center temporarily delicensed its 12 special chronic hospital beds, effective April 1, 2021. This hospital was replaced by the University of Maryland Capital Region Medical Center in June 2021. This replacement hospital does not provide special chronic hospital services.

³ Western Maryland Hospital Center's occupancy rate, based on its reported 19 *budgeted* chronic hospital beds, would be 33.4 percent.

⁴ Deer's Head Hospital Center's occupancy rate, based on its 11 *budgeted* chronic hospital beds, would be 38.6 percent.

⁵ The occupancy rate for the two State-operated chronic hospitals, based on the total 30 *budgeted* chronic hospital beds, would be 35.3 percent.

⁶ The statewide chronic hospital bed occupancy rate, based on the 304 *licensed* beds at the five *private* facilities and the 30 *budgeted* beds at the two *state-operated* facilities would be 39.3 percent.
