

Long Term Care Lunch & Learn Webinar

Facilitating Care Coordination in Long Term Care with Health Information Exchange

February 27, 2020 | 12:00pm - 1:00pm

About

This webinar will highlight the use of the Chesapeake Regional Information System for our Patients (CRISP), Maryland's State-Designated health information exchange, in facilitating care coordination in long-term care (LTC). Join us to learn more about services and supports that are available, along with best practices to optimize care coordination and enhance integration of care.

How to Register

To register, click the link below or copy and paste it into your web browser:

<https://register.gotowebinar.com/register/5666466618901881347>

Please complete your registration by **February 24th**. After registering, you will receive a confirmation email containing information on how to join the webinar.

Learning Objectives:

- Explain CRISP participation requirements for LTC organizations
- Describe the role of CRISP in supporting LTC coordination
- Identify various approaches for utilizing CRISP data to improve care delivery

Who Should Attend?

LTC Administrators, Staff, and Clinicians

Presenters

Anene Onyeabo, MPH, PMP, Program Manager, Maryland Health Care Commission

William Hokemeyer, Jr, Post-Acute Liaison, CRISP

Wayne Brannock, Chief Operating Officer, Lorien Health Services
