2 Contractor Requirements: Scope of Work

2.1 Summary Statement

- 2.1.1** The Maryland Health Care Commission (MHCC or the "Commission") is issuing this Request for Proposals (RFP) to procure professional services from an organization to achieve two main goals: 1) Annually collect and analyze three (3) quality measurement instruments to include the Healthcare Effectiveness Data and Information Set (HEDIS®), the Maryland Plan Behavioral Health Assessment (BHA), and the Consumer Assessment of Healthcare Providers and Systems (CAHPS®) Survey instruments from the NCQA, and 2) Conduct data analysis and reporting implementing new quality metrics which may include behavioral health and health disparities metrics and may include data from other sources such as Medicare and Medicaid.

- 2.1.3** The Commission intends to make a single award as a result of this RFP. See RFP Section 4.9 Award Basis for more Contract award information.
- 2.1.4** An Offeror, either directly or through its subcontractor(s), must be able to provide all goods and services and meet all of the requirements requested in this solicitation and the successful Offeror (the Contractor) shall remain responsible for Contract performance regardless of subcontractor participation in the work.
- 2.1.5** A Contract award does not ensure a Contractor will receive all or any State business under the Contract.

2.2 Background, Purpose, and Goals

The Maryland Health Care Commission is issuing this Request for Proposals (RFP) to obtain a National Committee for Quality Assurance (NCQA) licensed HEDIS® compliance organization to carry out various activities related to the HEDIS® audit and performance evaluation services for commercial health benefit plans operating in the State of Maryland, as summarized in Section 2.1 of this RFP.

MHCC is a 15-member independent regulatory commission that functions administratively within the Maryland Department of Health (MDH) and is responsible for carrying out, inter alia, the provisions of Section 19-134(c) et seq. of the Health-General Article of the Maryland Code. This statute directs MHCC to establish and implement a system to comparatively evaluate the quality of care and performance of categories of health benefit plans, as determined by MHCC, on an objective basis and annually publish the summary findings of the evaluation. By establishing a common set of quality and performance measurements and disseminating the findings, health insurance carriers are assisted in their efforts to improve the quality of care for consumers and other interested parties.

The State of Maryland is a leader in collecting and publicly reporting information on health benefit plan quality to promote informed consumer choices and drive continuous quality improvement among health benefit plans. Individuals and employers may use the reports to compare and select plans and appropriate coverage. Health insurance carriers and providers may use the reports to assess the quality of care provided to enrollees, as well as identify areas of potential improvement. Providers may use the results to review plan performance and make more informed decisions about affiliations with specific plans. Government officials use the reports to

monitor health progress toward meeting public health goals (for example childhood immunizations and mammography screening).

MHCC partners with key stakeholders to help define and advance State priorities related to quality and performance initiatives of health benefit plans. Key stakeholders include Maryland employers and lay consumers, including employer organizations interested in comparing health benefit plans based on quality, major health insurance carriers operating in Maryland, and other interested parties, including policy makers within State government. Demonstrating fiscal responsibility in streamlining services, MHCC also assists the Maryland Health Benefit Exchange with required public reporting on the quality of care provided by qualified health plans operating in the Exchange market.

For annual reporting today, Maryland carriers are now authorized to combine performance data being reported for their health benefit plan products with similar licensing or delivery system structures. Therefore, carriers are permitted to combine data from their Health Maintenance Organization (HMO) and Point of Service (POS) plan products, HMO and Exclusive Provider Organization (EPO) plan products, and EPO and Preferred Provider Organization (PPO) plan products. Carriers' POS and PPO plan product combinations are authorized on a case-by-case basis. In addition, some carriers have been authorized to report HMO-only or PPO-only plan products on a case-by-case basis.

In 2020, six (6) HMO and HMO combination plans, plus five (5) PPO and PPO combination plans participated in reporting. Thus, there are eleven (11) distinct health benefit plans with quality data included in annual quality reporting for 2020. The total number and type of health benefit plans that are required to submit performance results are determined annually and are subject to change from year to year based on whether health benefit plans meet the three criteria identified in COMAR 10.25.08.01 as follows: 1) Holds a certificate of authority in the State; 2) Has a premium volume in Maryland for each category of health benefit plan that exceeds \$1,000,000; and 3) Has no more than 65 percent of its Maryland enrollees covered through the Medicaid and Medicare Programs (for each category of health benefit plan), as reported in an annual statement submitted by a carrier to MHCC that includes premium volume and enrollment percentages for the preceding calendar year.

2.2.1 Project Goals

- A. Annually, collect the results and analyze clinical and quality performance metrics of commercial health benefit plans. The metrics will include three (3) quality measurement instruments: the Healthcare Effectiveness Data and Information Set (HEDIS®), the Maryland Plan Behavioral Health Assessment (BHA), and the Consumer Assessment of Healthcare Providers and Systems (CAHPS®) Survey instruments.
- B. At least annually, two (2) to three (3) clinical areas of importance to MHCC, health benefit plans, and Marylanders will be identified for further investigation. These areas may include behavioral health and health disparities and may include Medicare and Medicaid data.

2.2.2 Existing Reporting

- A. An inaugural report on the quality of Health Maintenance Organizations in Maryland was produced in 1997. Since then, quality reporting has thoughtfully expanded to include not only quality reporting by HMOs, Preferred Provider Organizations, Exclusive Provider Organizations, Point of Service, and other types of plans, but also quality measurement through instruments that address clinical standards, consumer satisfaction, behavioral health care issues, health care disparities, and overall health care quality improvement.

- B. The clinical and quality performance evaluation currently includes three (3) quality measurement instruments and a Star Rating System. These three (3) quality measurement instruments include the HEDIS®, BHA, and the CAHPS®. The results of the three (3) quality measurement instruments are used to create a Star Rating System similar to that used by the Centers for Medicare and Medicaid Services and to calculate benchmarks.
- C. MHCC has incorporated the health benefit plan performance results of relevant clinical care, member experience, and other quality measures on our Maryland Quality Reporting website designed to address the information needs of consumers, employers, health insurance carriers, healthcare providers, and government officials.

2.3 Responsibilities and Tasks

The Contractor shall:

2.3.1 Licensure

- A. The Contractor shall maintain organizational licensure as a National Committee for Quality Assurance (NCQA) Licensed Healthcare Effectiveness Data and Information Set (HEDIS®) Compliance Organization for the duration of the Contract resulting from this RFP.
- B. The Contractor shall meet all requirements and follow all current guidelines, specifications, standards, policies, and procedures pertinent to licensed HEDIS® Compliance Organizations as established in NCQA's HEDIS Compliance Audit: Standards, Policies, and Procedures, Volume 5.
- C. The Contractor shall comply with all HEDIS® standards updates, which are published annually. NCQA may release other policies and standards, which licensed organizations and certified auditors shall follow. Please refer to NCQA's website (<http://www.ncqa.org>) for additional information. HEDIS® audit activities carried out by the Contractor shall provide data collected in the course of the audit necessary to meet relevant NCQA requirements for Maryland health benefit plans seeking accreditation or seeking to maintain their accreditation status.
- D. The Contractor shall obtain a license for the use of NCQA's annual National Benchmarks by a predetermined time each year for public reporting of health benefit plan quality and performance by MHCC.

2.3.2 Secure Portal

- A. The Contractor must establish and maintain a secure portal site or method for transmission of all audit-related materials at the time of Contract Commencement. The Contractor shall be responsible for the establishment and maintenance of the secure portal site, which shall be fully functional at the time of Contract Commencement.
- B. The Contractor's secure portal or method of transmission for audit-related materials shall be certified as HIPAA compliant. As proof of meeting this requirement, the Offeror shall provide annually to the Contract Monitor a copy of the HIPAA Compliance Certificate from the certifying agency, which indicates that the Offeror's secure portal is HIPAA compliant for the full term of the contract.
- C. Email shall not be used for transmission of audit documentation except in the development process of any document.

2.3.3 Planning Conference Requirements

- A. Annually, prior to the annual Kick-Off Procedures (see Section 2.3.4), a Planning Conference will be scheduled by the Contract Monitor and the Contractor. This Planning Conference may be held via teleconference, the approximate duration of which will be two to three hours. The Contractor's Project Manager is required to participate in the teleconference. The purpose of the Planning Conference will be to:
- 1) Finalize the Work Plan
 - 2) Schedule Status Updates/Progress Reports (see Section 2.3.10)
 - 3) Review data collection (see Section 2.3.7) for the next Reporting Year
 - 4) Review the Proposed Slide Set (see Section 2.3.4)
 - 5) Review the Quality and Performance Reporting Requirements (QPRR) (see Section 2.3.4)
- B. Prior to the annual Planning Conference, the Contractor shall submit to the Contract Monitor for feedback and subsequent approval a draft of the detailed Work Plan as proposed in its Technical Proposal for the respective Contract year. The Work Plan shall contain a specific timeline for all data collection activities. The Contract Monitor will return any comments to the Contractor within one week, and the Contractor shall incorporate any feedback and submit its final draft with all comments incorporated within one week.
- 1) This timeline must align with NCQA-specified timeframes and provide specific dates for activities related to processing each health benefit plan's HEDIS®, BHA, and CAHPS performance results. Also, the timeline must include all data analysis associated with HEDIS®, BHA, and CAHPS performance results.
 - 2) The Work Plan shall contain a specific timeline for all activities related to the innovative selection of areas of interest for additional data analysis (Section 2.3.5). MHCC expects to identify two (2) to three (3) topics per year to analyze in-depth to better understand health benefit plan data. This timeline shall include the cooperative selection of areas of interest, data analytic activities, creation of analytic data files, and completion of written reports.
- C. Prior to the annual Planning Conference, the Contractor shall submit to MHCC for approval a Proposed Slide Set (Section 2.3.4), targeted for Maryland health benefit plans as a public document. The Proposed Slide Set shall contain highlighted information and key dates that pertain to the upcoming HEDIS®, CAHPS, and BHA reporting processes. This timeline must align with the NCQA specified timeframes and provide specific dates for each health benefit plan's HEDIS®-related activities.
- D. Prior to the annual Planning Conference, the Contractor shall submit to MHCC for approval of the QPRR (Section 2.3.4). The QPRR highlights the critical dates for reporting compliance and copies of all MHCC specific tools (e.g., BHA instrument and 5-Star Rating System). This document shall include a detailed list of all metrics collected for each measurement tool. See our website for a copy of the [2020 QPRR](#).

2.3.4 Kick-Off Procedures for Data Collection

- A. The Kick-Off Procedures will be in the form of an email to health benefit plan representatives. It will include two items, the Slide Set and the Quality and Performance Reporting Requirements (QPRR).

- 1) Prior to the start of data collection, the Contractor's Project Manager shall distribute the Slide Set to all health benefit plan representatives. The slide set shall contain the data collection process for the upcoming Reporting Year, including any changes to the protocol, timeline, and due dates.
- 2) The Slide Set is a public document that serves as a summary of data collection requirements, including any changes from the previous year. The Slide Set shall contain highlighted information and key dates that pertain to the upcoming HEDIS®, CAHPS®, and BHA reporting processes. This timeline must align with the NCQA specified timeframes and provide specific dates for each health benefit plan's HEDIS®-related activities.
- 3) The Contractor's Project Manager shall distribute the QPRR, which highlights the key dates for reporting compliance and copies of all MHCC specific tools (e.g., BHA instrument and 5-Star Rating System). The QPRR is a public document that shall include a detailed list of all metrics collected for each measurement tool. See our website for a copy of the [2020 QPRR](#).

2.3.5 Innovative Data Analysis

- A. Annually, per the issuance of a Work Order, as instructed in Section 3.14, the Contractor shall identify up to three (3) metrics of interest within various areas of importance to MHCC, commercial health benefit plans, and Marylanders. Areas of importance will be chosen that are important to the health of Marylanders, health benefit plans, and MHCC. Analyses may be in the areas of behavioral health and health disparities and may include data from Medicaid and Medicare.
- B. After identification, the Contractor shall provide a one-page, high level work plan to address the methodological approach to the selected analysis(es).
- C. After identification and approval of the one-page work plan, the Contractor shall conduct appropriate statistical analyses that will allow for an understanding of the impacts of those identified areas on MHCC, health benefit plans, and/or Marylanders.
- D. The Contractor shall provide statistical and analytical results in a format conducive to public reporting and inclusion on the Maryland Quality Reporting website.
- E. A Final Report and/or an Issue Brief (Section 2.3.6) may be requested for each analysis.

2.3.6 Issue Briefs for Innovative Data Analysis

- A. For each analysis associated with the innovative data analyses, MHCC may request an Issue Brief that summarizes the analyses and results.
- B. Each Issue Brief shall be developed in cooperation with the Contract Monitor.
- C. Issue Briefs may vary in their target audience. Target audiences may include Maryland residents, health plan professionals, or other Maryland agencies and institutions.
- D. Final Issue Briefs shall be in a publishable form suitable for distribution to Commissioners and suitable for uploading to the Maryland Quality Reporting website.

2.3.7 Health Plan Data Collection

- A. Data File Specifications - Each Contract year, prior to the annual Planning Conference, the Contractor shall provide participating health benefit plans and MHCC with directions, data file elements, and field allocations for member data files. These specifications must align with the NCQA specifications for CAHPS®-related activities.

- B. Facilitate Reporting Compliance - The Contractor shall facilitate health benefit plans' compliance with annual quality reporting to MHCC in accordance with MHCC's annual Quality and Performance Reporting Requirements (QPRR) document posted on MHCC's website at http://mhcc.maryland.gov/mhcc/pages/apcd/apcd_quality/apcd_quality_hbp.aspx. Reporting compliance includes annual quality reporting to NCQA through a series of prescribed steps for the NCQA accreditation purposes as established in NCQA's *HEDIS Compliance Audit: Standards, Policies and Procedures, Volume 5* and *HEDIS Volume 2: Technical Specifications*.
- C. Maintain Confidentiality
 - 1) The Contractor shall ensure that confidential enrollee information, as well as proprietary health plan information shall be protected. The Contractor may have access to enrollee information and proprietary health plan information. The Contractor shall make every effort to maintain this information confidential and shall maintain the ability to send and receive electronic data and information through a secure platform. All Contractors must maintain compliance with the Code of Professional Conduct for Certified HEDIS Compliance Auditors as described in NCQA's *HEDIS Compliance Audit: Standards, Policies, and Procedures, Volume 5*.
 - 2) The Contractor, including subcontractors, and anyone working under the Contract must maintain the confidentiality of protected, proprietary, and other sensitive information at all times and must maintain HIPAA certification throughout the duration of this Contract.
- D. Annually, the Contractor shall collect data submitted to NCQA from the health benefit plans. Specifically, collect data from three (3) quality measurement instruments to include the HEDIS®, BHA, and CAHPS®. Exact measures will be detailed in the QPRR and presented to health benefit plan representatives in the Kick-Off Procedures.
- E. Annually conduct a health insurance carrier-specific BHA performance evaluation of each health benefit plan participating in quality reporting to MHCC. Click [here](#) to learn more about the 2020 Quality and Performance Reporting Requirements, including the BHA. Please note that the BHA instrument includes a complete listing of all network providers, including Behavioral Health providers, location of practice(s), language, race, and other demographics extracted from the health benefit plan credentialing and transaction systems.
- F. Based upon the HEDIS®, BHA, and CAHPS® data collected, the Contractor shall conduct basic data validation and provider network data analysis on demographics and other similar information prior to delivery to MHCC.
- G. The Contractor shall provide statistical and analytical results to support the ability to include the results on the Maryland Quality Reporting website. All analytic files shall be submitted to MHCC in a researchable EXCEL® format.

2.3.8 Data Analysis of HEDIS®, BHA, and CAHPS®

- A. Develop, implement, and annually update a 5-Star rating system for the comparison of health benefit plans. The 5-Star rating system will require annual updates as quality measures required for reporting change annually due to measures being retired, having specification changes, or new measures being implemented. Click [here](#) to learn more about the 2020 methodology. The methodology for the 5-Star rating system shall be developed cooperatively with MHCC to incorporate feedback from key stakeholders such as members of the Quality Assurance/Quality Improvement Workgroup. The 5-Star rating system will include HEDIS®, CAHPS®, and BHA results and is similar to the system used by the Centers for Medicare and Medicaid Services.

- B. After completion of the HEDIS®, CAHPS®, and BHA data collection, the Contractor shall calculate the following benchmarks:
- 1) Performance Summary Against Maryland and National Benchmarks
 - a) Excellent Performance Areas - Performance areas rated excellent represent the measure rates where all or most Maryland benefit plans had quality and performance scores equivalent to or better than the National average. The measures are then grouped by specific domains or categories to show which areas Maryland benefit plans are collectively maintaining focus. The aggregation of these measure rates does not distinguish between HMO vs. PPO and is conducted at a high level of all plans.
 - b) Areas that Need Improvement - Performance areas rated needs improvement represent the measure rates where all or most Maryland benefit plans had quality and performance scores below the National average. The measures are then grouped by specific domains or categories to show where Maryland benefit plans' performances are less than desired. The aggregation of these measure rates does not distinguish between HMO vs. PPO and is conducted at a high level of all plans.
 - 2) Maryland Average Benchmark (MAB) - The MAB is an average of the rates as reported to NCQA for the health benefit plans in this report. The average is calculated for six HMOs and authorized HMO combinations such as HMO/POS plan combinations and four PPOs and authorized PPO combinations such as PPO/EPO plan combinations. If a health benefit plan reported: NA, indicating Not Applicable due to an insufficient eligible population (e.g., <30 members, or <100 survey respondents) to calculate a rate; NB, indicating No Benefit offered by the health benefit plan; UN, the measure was unaudited; BR, indicating the performance score was bias and not reported; then the NA, NB, BR, and UN performance results were not included in the calculation of the Maryland Average Benchmark.
 - 3) National Average Benchmark (NAB) - The NAB is an average of the rates as reported to NCQA for all of the health benefit plans across the United States and its territories. A mean value of each reported rate is taken from NCQA's HEDIS® Audit Means, Percentiles, and Ratios – Commercial HMO/POS and Commercial PPO Plans, which are released to the public each year. The NCQA data set gives prior year rates for each measure displayed as the mean rate and the rate at the 5th, 10th, 25th, 50th, 75th, 90th, and 95th percentiles. NCQA averages the rates of all organizations submitting HEDIS® performance results gathered through the administrative, supplemental, or hybrid methods. Therefore, the method for calculating the NAB is the same as that used for calculating the MAB, but on a larger scale. The star assignment is based on plan performance in relationship to the percentiles.
 - 4) National Top Performers (NTP) Benchmark - The National Top Performers benchmark represents one of the highest performance levels that can be achieved by health benefit plans. When all of the performance scores reported to NCQA for a particular measure are compared, the NTP marks the bar where eighty-nine percent of the health benefit plans had a lower score, and ten percent had a higher score. The NTP is different from the MAB and NAB, which are averages calculated from all reported performance scores. The NTP represents a specific placeholder of all performance scores reported when they are sorted from lower to higher. It serves as a clear indication and comparison of the health

benefit plan's performance in comparison to peers reporting the same product without regard to the size of the health benefit plan or geographic service area.

2.3.9 Data Extracts for Website

- A. The Contractor shall provide the Contract Monitor and the website development contractor with the validated and analyzed results for the HEDIS®, CAHPS®, and BHA selected measure sets established annually by MHCC. The Contractor shall provide the Contract Monitor and the website development contractor with the validated and analyzed results for the innovative data analysis(es). As such, by July 31 of each Contract Year, the Contractor shall provide, in electronic format to be determined by the Contract Monitor at the annual Planning Conference, an extract of final summary data files to the MHCC that contains all fields used to generate and display the health plan specific metrics and summary information.
- B. The Contractor will work with the MHCC to determine the format for the final electronic data files. This analysis shall be in a predefined format that can be used to update the Maryland Quality Reporting website. At a minimum, the following shall be provided:
 - 1) Comparison of each HEDIS® measure to national benchmarks published by NCQA (The Contractor is responsible for obtaining a license to use such benchmarks in the reports.);
 - 2) Comparison of HEDIS® measures to the national Mean and 90th percentile;
 - 3) Development and implementation of a 5-Star rating for each measure based on these national means and percentiles;
 - 4) Summary of all measures up to specific domains to develop a 5-Star rating;
 - 5) Summary of all results of the two (2) to three (3) areas innovative data analysis(es), including a comparison of all measures to state-wide metrics as available.

2.3.10 Communication and Coordination

- A. The Contractor shall ensure open communication and shall facilitate coordination of all clinical and quality performance data collection and data analysis with MHCC, the health benefit plans, and other participating MHCC Contractors, such as the web-based public reporting contractor, ensuring timely communication of timelines and processes and assisting health benefit plans with issues as needed.
- B. The Contractor shall provide one progress report/deliverables status report per month to MHCC due on the last Friday of every month to the Contract Monitor. If the last Friday of a month falls on a State Holiday (see www.dbm.maryland.gov – keyword: State Holidays), the progress report shall be due the preceding Business Day.
- C. The Contractor shall work with MHCC to determine the format of the progress reports. At a minimum, the progress reports must include information on the status of deliverables, preliminary findings, description of any problems, and suggestions for improving the reporting process, as well as other professional recommendations.

2.4 Deliverables

2.4.1 Deliverable Submission

- A. For every deliverable, the Contractor shall request the Contract Monitor confirm receipt of that deliverable by sending an e-mail identifying the deliverable name and date of receipt.
- B. Unless specified otherwise, written deliverables shall be compatible with Microsoft Office, Microsoft Project, or Microsoft Visio within two (2) versions of the current version. At the

Contract Monitor's discretion, the Contract Monitor may request one hard copy of a written deliverable.

- C. A standard deliverable review cycle will be elaborated and agreed upon between the State and the Contractor. This review process is entered into when the Contractor completes a deliverable.
- D. 4.18 Proposal Affidavit

A Proposal submitted by the Offeror must be accompanied by a completed Proposal Affidavit. A copy of this Affidavit is included as **Attachment C** of this RFP.

4.19 Contract Affidavit

All Offerors are advised that if a Contract is awarded as a result of this solicitation, the successful Offeror will be required to complete a Contract Affidavit. A copy of this Affidavit is included for informational purposes as **Attachment N** of this RFP. This Affidavit must be provided within five (5) Business Days of notification of recommended award. For purposes of completing Section “B” of this Affidavit (Certification of Registration or Qualification with the State Department of Assessments and Taxation), a business entity that is organized outside of the State of Maryland is considered a “foreign” business.

4.20 Compliance with Laws/Arrearages

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, agrees that it will comply with all federal, State, and local laws applicable to its activities and obligations under the Contract.

By submitting a response to this solicitation, each Offeror represents that it is not in arrears in the payment of any obligations due and owing the State, including the payment of taxes and employee benefits, and shall not become so in arrears during the term of the Contract if selected for Contract award.

4.21 Verification of Registration and Tax Payment

Before a business entity can do business in the State, it must be registered with the State Department of Assessments and Taxation (SDAT). SDAT is located at State Office Building, Room 803, 301 West Preston Street, Baltimore, Maryland 21201. For registration information, visit <https://www.egov.maryland.gov/businessexpress>.

It is strongly recommended that any potential Offeror complete registration prior to the Proposal due date and time. The Offeror’s failure to complete registration with SDAT may disqualify an otherwise successful Offeror from final consideration and recommendation for Contract award.

4.22 False Statements

Offerors are advised that Md. Code Ann., State Finance and Procurement Article, § 11-205.1 provides as follows:

4.22.1 In connection with a procurement contract a person may not willfully:

- A. Falsify, conceal, or suppress a material fact by any scheme or device.
- B. Make a false or fraudulent statement or representation of a material fact.
- C. Use a false writing or document that contains a false or fraudulent statement or entry of a material fact.

4.22.2 A person may not aid or conspire with another person to commit an act under **Section 4.22.1**.

4.22.3 A person who violates any provision of this section is guilty of a felony and on conviction is subject to a fine not exceeding \$20,000 or imprisonment not exceeding five (5) years or both.

4.23 Payments by Electronic Funds Transfer

By submitting a Proposal in response to this solicitation, the Offeror, if selected for award:

- 4.23.1** Agrees to accept payments by electronic funds transfer (EFT) unless the State Comptroller’s Office grants an exemption. Payment by EFT is mandatory for contracts exceeding \$200,000. The successful Offeror shall register using the COT/GAD X-10 Vendor Electronic Funds (EFT) Registration Request Form.
- 4.23.2** Any request for exemption must be submitted to the State Comptroller’s Office for approval at the address specified on the COT/GAD X-10 form, must include the business identification information as stated on the form, and must include the reason for the exemption. The COT/GAD X-10 form may be downloaded from the Comptroller’s website at:
<https://www.marylandtaxes.gov/divisions/gad/eft-program.php>
- 4.23.3** Prompt Payment Policy

This procurement and the Contract(s) to be awarded pursuant to this solicitation are subject to the Prompt Payment Policy Directive issued by the Governor’s Office of Small, Minority & Women Business Affairs (GOSBA) and dated August 1, 2008. Promulgated pursuant to Md. The Contractor shall comply with the prompt payment requirements outlined in the Contract, Section 31 “Prompt Pay Requirements” (see **Attachment M**). Additional information is available on GOSBA’s website at:
<http://www.gomdsmallbiz.maryland.gov/documents/legislation/promptpaymentfaqs.pdf>.

In the case of electronic transactions authorized by this RFP, electronic records and signatures by an authorized representative satisfy a requirement for written submission and signatures.
- 4.24.3** “Electronic means” refers to exchanges or communications using electronic, digital, magnetic, wireless, optical, electromagnetic, or other means of electronically conducting transactions. Electronic means includes e-mail, internet-based communications, electronic funds transfer, specific electronic bidding platforms (e.g., <https://procurement.maryland.gov>), and electronic data interchange.

4.25 MBE Participation Goal

4.25.1 Establishment of Goal and Subgoals

An overall MBE subcontractor participation goal as identified in the Key Information Summary Sheet has been established for this procurement, representing a percentage of the total Contract dollar value, including all renewal option terms, if any, has been established for this procurement.

Notwithstanding any subgoals established for this RFP, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from any/all of the various MBE classifications to meet the remainder of the overall MBE participation goal.

By submitting a response to this solicitation, the Offeror acknowledges the overall MBE subcontractor participation goal and subgoals, and commits to achieving the overall goal and subgoals by utilizing certified minority business enterprises, or requests a full or partial waiver of the overall goal and subgoals.

An Offeror that does not commit to meeting the entire MBE participation goal outlined in this Section 4.26 implies that it is requesting a full or partial waiver for the remainder of the MBE goal or subgoals as applicable and, if recommended for award, shall submit documentation supporting its good faith efforts to meet the MBE goal made prior to submission of its proposal as outlined in Attachment D-1B, Waiver Guidance. Failure of an Offeror to properly complete, sign, and submit Attachment D-1A at the time it submits its Technical Response(s) to the RFP may result in the State's rejection of the Offeror's Proposal.

4.25.2 Attachments.

- A. D-1 to D-5 – The following Minority Business Enterprise participation instructions, and forms are provided to assist Offerors:
1. Attachment D-1A, MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (must be submitted with Proposal)
 2. Attachment D-1B, Waiver Guidance
 3. Attachment D-1C, Good Faith Efforts Documentation to Support Waiver Request
 4. Attachment D-2 Outreach Efforts Compliance Statement
 5. Attachment D-3A, MBE Subcontractor Project Participation Certification
 6. Attachment D-3B, MBE Prime Project Participation Certification
 7. Attachment D-4A, Prime Contractor Paid/Unpaid MBE Invoice Report
 8. Attachment D-4B, MBE Prime Contractor Report
 9. Attachment D-5, Subcontractor Paid/Unpaid MBE Invoice Report
- B. The Offeror shall include with its Proposal a completed MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) whereby:
1. The Offeror acknowledges the certified MBE participation goal and commits to make a good faith effort to achieve the goal and any applicable subgoals, or requests a waiver, and affirms that MBE subcontractors were treated fairly in the solicitation process; and
 2. The Offeror responds to the expected degree of MBE participation, as stated in the solicitation, by identifying the specific commitment of certified MBEs at the time of Proposal submission. The Offeror shall specify the percentage of total contract value associated with each MBE subcontractor identified on the MBE participation schedule, including any work performed by the MBE prime (including a prime participating as a joint venture) to be counted towards meeting the MBE participation goals.
 3. The Offeror requesting a waiver should review **Attachment D-1B** (Waiver Guidance) and **D-1C** (Good Faith Efforts Documentation to Support Waiver Request) prior to submitting its request.

If the Offeror fails to submit a completed Attachment D-1A with the Proposal as required, the Procurement Officer shall determine that the Proposal is not reasonably susceptible of being selected for award, unless the inaccuracy is determined to be the result of a minor irregularity that is waived or cured in accordance with COMAR 21.06.02.04.

- 4.25.3 Offerors are responsible for verifying that each MBE (including any MBE prime and MBE prime participating in a joint venture) selected to meet the goal and any subgoals and subsequently identified in **Attachment D-1A** is appropriately certified and has the correct NAICS codes allowing it to perform the committed work.
- 4.25.4 Within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, the Offeror must provide the following documentation to the Procurement Officer.
- A. Outreach Efforts Compliance Statement (**Attachment D-2**);
 - B. MBE Subcontractor/Prime Project Participation Certification (**Attachment D-3A/3B**); and
 - C. Any other documentation required by the Procurement Officer to ascertain Offeror responsibility in connection with the certified MBE subcontractor participation goal or any applicable subgoals.
 - D. Further, if the recommended awardee believes a waiver (in whole or in part) of the overall MBE goal or of any applicable subgoal is necessary, the recommended awardee must submit a fully-documented waiver request that complies with COMAR 21.11.03.11.

If the recommended awardee fails to return each completed document within the required time, the Procurement Officer may determine that the recommended awardee is not responsible and, therefore, not eligible for Contract award. If the Contract has already been awarded, the award is voidable.

- 4.25.5 A current directory of certified MBEs is available through the Maryland State Department of Transportation (MDOT), Office of Minority Business Enterprise, 7201 Corporate Center Drive, Hanover, Maryland 21076. The phone numbers are (410) 865-1269, 1-800-544-6056, or TTY (410) 865-1342. The directory is also available on the MDOT website at <https://www.mdot.maryland.gov>. The most current and up-to-date information on MBEs is available via this website. **Only MDOT-certified MBEs may be used to meet the MBE subcontracting goals.**
- 4.25.6 The Offeror that requested or implied to request a waiver of the goal or any of the applicable subgoals will be responsible for submitting the Good Faith Efforts Documentation to Support Waiver Request (**Attachment D-1C**) and all documentation within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, as required in COMAR 21.11.03.11.
- 4.25.7 All documents, including the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (**Attachment D-1A**), completed and submitted by the Offeror in connection with its certified MBE participation commitment shall be considered a part of the Contract and are hereby expressly incorporated into the Contract by reference thereto. All of the referenced documents will be considered a part of the Proposal for order of precedence purposes (see Contract – **Attachment M, Section 2.1**).
- 4.25.8 The Offeror is advised that liquidated damages will apply in the event the Contractor fails to comply in good faith with the requirements of the MBE program and pertinent Contract provisions. (See Contract – **Attachment M, Liquidated Damages for MBE, section 39**).

4.25.9 As set forth in COMAR 21.11.03.12-1(D), when a certified MBE firm participates on a contract as a prime contractor (including a joint-venture where the MBE firm is a partner), a procurement agency may count the distinct, clearly defined portion of the work of the contract that the certified MBE firm performs with its own work force towards fulfilling up to fifty-percent (50%) of the MBE participation goal (overall) and up to one hundred percent (100%) of not more than one of the MBE participation subgoals, if any, established for the contract.

In order to receive credit for self-performance, an MBE prime must list its firm in Section 4A of the MBE Participation Schedule (**Attachment D-1A**) and include information regarding the work it will self-perform. For the remaining portion of the overall goal and the subgoals, the MBE prime must also identify other certified MBE subcontractors [see Section 4B of the MBE Participation Schedule (**Attachment D-1A**)] used to meet those goals. If dually-certified, the MBE prime can be designated as only one of the MBE subgoal classifications but can self-perform up to 100% of the stated subgoal.

As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract. Refer to MBE forms (**Attachment D**) for additional information.

4.26 VSBE Goal

There is no VSBE participation goal for this procurement.

4.27 Living Wage Requirements

- A. Maryland law requires that contractors meeting certain conditions pay a living wage to covered employees on State service contracts over \$100,000. Maryland Code Ann., State Finance and Procurement Article, § 18-101 et al. The Commissioner of Labor and Industry at the Maryland Department of Labor requires that a contractor subject to the Living Wage law submit payroll records for covered employees and a signed statement indicating that it paid a living wage to covered employees; or receive a waiver from Living Wage reporting requirements. See COMAR 21.11.10.05.
- B. If subject to the Living Wage law, Contractor agrees that it will abide by all Living Wage law requirements, including but not limited to reporting requirements in COMAR 21.11.10.05. Contractor understands that failure of Contractor to provide such documents is a material breach of the terms and conditions and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions. Information pertaining to reporting obligations may be found by going to the Maryland Department of Labor website <http://www.dllr.state.md.us/labor/prev/livingwage.shtml>.
- C. Additional information regarding the State's living wage requirement is contained in **Attachment F**. Offerors must complete and submit the Maryland Living Wage Requirements Affidavit of Agreement (**Attachment F-1**) with their Proposals. If the Offeror fails to complete and submit the required documentation, the State may determine the Offeror to not be responsible under State law.
- D. Contractors and subcontractors subject to the Living Wage Law shall pay each covered employee at least the minimum amount set by law for the applicable Tier area. The specific living wage rate is determined by whether a majority of services take place in a Tier 1 Area or a Tier 2 Area of the State. The specific Living Wage rate is determined by whether a majority of services take place in a Tier 1 Area or Tier 2 Area of the State.

- 1) The Tier 1 Area includes Montgomery, Prince George's, Howard, Anne Arundel and Baltimore Counties, and Baltimore City. The Tier 2 Area includes any county in the State not included in the Tier 1 Area. In the event that the employees who perform the services are not located in the State, the head of the unit responsible for a State Contract pursuant to §18-102(d) of the State Finance and Procurement Article shall assign the tier based upon where the recipients of the services are located. If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. In this circumstance, the Contract will be determined to be a Tier 1 Contract.
 - 2) The Contract will be determined to be a Tier 1 Contract or a Tier 2 Contract depending on the location(s) from which the Contractor provides 50% or more of the services. The Offeror must identify in its Proposal the location(s) from which services will be provided, including the location(s) from which 50% or more of the Contract services will be provided.
 - 3) If the Contractor provides 50% or more of the services from a location(s) in a Tier 1 jurisdiction(s) the Contract will be a Tier 1 Contract.
 - 4) If the Contractor provides 50% or more of the services from a location(s) in a Tier 2 jurisdiction(s), the Contract will be a Tier 2 Contract.
- E. If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. See COMAR 21.11.10.07.
- F. The Offeror shall identify in the Proposal the location from which services will be provided.
- G. **NOTE:** Whereas the Living Wage may change annually, the Contract price will not change because of a Living Wage change or a change in the State minimum wage.

- 4.29.3** Additionally, a Contractor has an ongoing obligation to ensure that all Contractor Personnel are without conflicts of interest prior to providing services under the Contract. For policies and procedures applying specifically to Conflict of Interests, the Contract is governed by COMAR 21.05.08.08.
- 4.29.4** Participation in Drafting of Specifications: Disqualifying Event: Offerors are advised that Md. Code Ann. State Finance and Procurement Article §13-212.1(a) provides generally that “an individual who assists an executive unit in the drafting of specifications, an invitation for bids, a request for proposals for a procurement, or the selection or award made in response to an invitation for bids or a request for proposals, or a person that employs the individual, may not: (1) submit a bid or proposal for that procurement; or (2) assist or represent another person, directly or

- 3) Value, type, duration, and description of goods and services provided.

The Commission reserves the right to request additional references or utilize references not provided by the Offeror. Points of contact must be accessible and knowledgeable regarding Offeror performance.

J. List of Current or Prior State Contracts (Submit under TAB I)

Provide a list of all contracts with any entity of the State of Maryland for which the Offeror is currently performing goods and services or for which services have been completed within the last five (5) years. For each identified contract, the Offeror is to provide:

- 1) The State contracting entity;
- 2) A brief description of the goods and services provided;
- 3) The dollar value of the contract;
- 4) The term of the contract;
- 5) The State employee contact person (name, title, telephone number, and, if possible, e-mail address); and
- 6) Whether the contract was terminated before the end of the term specified in the original contract, including whether any available renewal option was not exercised.

Information obtained regarding the Offeror's level of performance on State contracts will be used by the Procurement Officer to determine the responsibility of the Offeror and considered as part of the experience and past performance evaluation criteria of the RFP.

K. Financial Capability (Submit under TAB J)

The Offeror must include in its Proposal a commonly-accepted method to prove its fiscal integrity. If available, the Offeror shall include Financial Statements, preferably a Profit and Loss (P&L) statement and a Balance Sheet, for the last two (2) years (independently audited preferred).

In addition, the Offeror may supplement its response to this Section by including one or more of the following with its response:

- 1) Dun & Bradstreet Rating;
- 2) Standard and Poor's Rating;
- 3) Lines of credit;
- 4) Evidence of a successful financial track record; and
- 5) Evidence of adequate working capital.

L. Certificate of Insurance (Submit under TAB K)

The Offeror shall provide a copy of its current certificate of insurance showing the types and limits of insurance in effect as of the Proposal submission date. The current insurance types and limits do not have to be the same as described in **Section 3.6**. See **Section 3.6** for the required insurance certificate submission for the apparent awardee.

M. Subcontractors (Submit under TAB L)

The Offeror shall provide a complete list of all subcontractors that will work on the Contract if the Offeror receives an award, including those utilized in meeting the MBE and VSBE

subcontracting goal(s), if applicable. This list shall include a full description of the duties each subcontractor will perform and why/how each subcontractor was deemed the most qualified for this project. If applicable, subcontractors utilized in meeting the established MBE or VSBE participation goal(s) for this solicitation shall be identified as provided in the appropriate attachment(s) of this RFP.

N. Legal Action Summary (Submit under TAB M)

This summary shall include:

- 1) A statement as to whether there are any outstanding legal actions or potential claims against the Offeror and a brief description of any action;
- 2) A brief description of any settled or closed legal actions or claims against the Offeror over the past five (5) years;
- 3) A description of any judgments against the Offeror within the past five (5) years, including the court, case name, complaint number, and a brief description of the final ruling or determination; and
- 4) In instances where litigation is ongoing and the Offeror has been directed not to disclose information by the court, provide the name of the judge and location of the court.

O. Economic Benefit Factors (Submit under TAB N)

- 1) The Offeror shall submit with its Proposal a narrative describing benefits that will accrue to the Maryland economy as a direct or indirect result of its performance of the Contract. Proposals will be evaluated to assess the benefit to Maryland's economy specifically offered. The economic benefit offered should be consistent with the Offeror's Total Proposal Price from **Attachment B**, the Financial Proposal Form. See COMAR 21.05.03.03A (3).
- 2) Proposals that identify specific benefits as being contractually enforceable commitments will be rated more favorably than Proposals that do not identify specific benefits as contractual commitments, all other factors being equal.
- 3) Offerors shall identify any performance guarantees that will be enforceable by the State if the full level of promised benefit is not achieved during the Contract term.
- 4) As applicable, for the full duration of the Contract, including any renewal period, or until the commitment is satisfied, the Contractor shall provide to the Procurement Officer or other designated agency personnel reports of the actual attainment of each benefit listed in response to this section. These benefit attainment reports shall be provided quarterly, unless elsewhere in these specifications a different reporting frequency is stated.
- 5) In responding to this section, the following do not generally constitute economic benefits to be derived from the Contract:
 - a) generic statements that the State will benefit from the Offeror's superior performance under the Contract;
 - b) descriptions of the number of Offeror employees located in Maryland other than those that will be performing work under the Contract; or
 - c) tax revenues from Maryland-based employees or locations, other than those that will be performing, or used to perform, work under the Contract.

- 6) Discussion of Maryland-based employees or locations may be appropriate if the Offeror makes some projection or guarantee of increased or retained presence based upon being awarded the Contract.
 - 7) Examples of economic benefits to be derived from a contract may include any of the following. For each factor identified below, identify the specific benefit and contractual commitments and provide a breakdown of expenditures in that category:
 - a) The Contract dollars to be recycled into Maryland's economy in support of the Contract, through the use of Maryland subcontractors, suppliers and joint venture partners. **Do not include actual fees or rates paid to subcontractors or information from your Financial Proposal;**
 - b) The number and types of jobs for Maryland residents resulting from the Contract. Indicate job classifications, number of employees in each classification and the aggregate payroll to which the Offeror has committed, including contractual commitments at both prime and, if applicable, subcontract levels; and whether Maryland employees working at least 30 hours per week and are employed at least 120 days during a 12-month period will receive paid leave. If no new positions or subcontracts are anticipated as a result of the Contract, so state explicitly;
 - c) Tax revenues to be generated for Maryland and its political subdivisions as a result of the Contract. Indicate tax category (sales taxes, payroll taxes, inventory taxes and estimated personal income taxes for new employees). Provide a forecast of the total tax revenues resulting from the Contract;
 - d) Subcontract dollars committed to Maryland small businesses and MBEs; and
 - e) Other benefits to the Maryland economy which the Offeror promises will result from awarding the Contract to the Offeror, including contractual commitments. Describe the benefit, its value to the Maryland economy, and how it will result from, or because of the Contract award. Offerors may commit to benefits that are not directly attributable to the Contract, but for which the Contract award may serve as a catalyst or impetus.
- P. Technical Proposal - Required Forms and Certifications (Submit under TAB O)
- 1) All forms required for the Technical Proposal are identified in Table 1 of **Section 7** – RFP Attachments and Appendices. Unless directed otherwise by instructions within an individual form, complete, sign, and include all required forms in the Technical Proposal, under TAB O.
 - 2) Offerors shall furnish any and all agreements and terms and conditions the Offeror expects the State to sign or to be subject to in connection with or in order to use the Offeror's services under this Contract. This includes physical copies of all agreements referenced and incorporated in primary documents, including but not limited to any software licensing agreement for any software proposed to be licensed to the State under this Contract (e.g., EULA, Enterprise License Agreements, Professional Service agreement, Master Agreement) and any AUP. The State does not agree to terms and conditions not provided in an Offeror's Technical Proposal and no action of the State, including but not limited to the use of any such software, shall be deemed to constitute acceptance of any such terms and conditions. Failure to comply with this section renders any such agreement unenforceable against the State.

- 3) For each service, hardware or software proposed as furnished by a third-party entity, Offeror must identify the third-party provider and provide a letter of authorization or such other documentation demonstrating the authorization for such services. In the case of an open source license, authorization for the open source shall demonstrate compliance with the open source license.
- 4) A Letter of Authorization shall be on letterhead or through the provider's e-mail. Further, each Letter of Authorization shall be less than twelve (12) months old and must provide the following information:
 - i) Third-party POC name and alternate for verification
 - ii) Third-party POC mailing address
 - iii) Third-party POC telephone number
 - iv) Third-party POC email address
 - v) If available, a Re-Seller Identifier

5.4 Volume II – Financial Proposal

The Financial Proposal shall contain all price information in the format specified in **Attachment B**. The Offeror shall complete the Financial Proposal Form only as provided in the Financial Proposal Instructions and the Financial Proposal Form itself. Do not amend, alter, or leave blank any items on the Financial Proposal Form or include additional clarifying or contingent language on or attached to the Financial Proposal Form. Failure to adhere to any of these instructions may result in the Proposal being determined to be not reasonably susceptible of being selected for award and rejected by the Commission.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

6 Evaluation and Selection Process

6.1 Evaluation Committee

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review Proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. The Commission reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

During the evaluation process, the Procurement Officer may determine at any time that a particular Offeror is not susceptible for award.

6.2 Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any sub-criteria within each criterion have equal weight.

6.2.1 Offeror's Technical Response to Requirements and Work Plan (See RFP § 5.3.2.F)

The State prefers the Offeror's Technical Proposal to illustrate a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be performed. Proposals which include limited responses to work requirements such as "concur" or "will comply" will receive a lower ranking than those Proposals that demonstrate an understanding of the work requirements and include plans to meet or exceed them.

6.2.2 Experience and Qualifications of Proposed Staff (See RFP § 5.3.2.G)

6.2.3 Offeror Qualifications and Capabilities, including proposed subcontractors (See RFP § 5.3.2.H)

6.2.4 Economic Benefit to State of Maryland (See RFP § 5.3.2.O)

6.3 Financial Proposal Evaluation Criteria

All Qualified Offerors (see **Section 6.5.2.D**) will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Proposal Price within the stated guidelines set forth in this RFP and as submitted on **Attachment B** - Financial Proposal Form.

6.4 Reciprocal Preference

6.4.1 Although Maryland law does not authorize procuring agencies to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. COMAR 21.05.01.04 permits procuring agencies to apply a reciprocal preference under the following conditions:

- A. The Maryland resident business is a responsible Offeror;
- B. The most advantageous Proposal is from a responsible Offeror whose principal office, or principal base of operations is in another state;
- C. The other state gives a preference to its resident businesses through law, policy, or practice; and
- D. The preference does not conflict with a federal law or grant affecting the procurement Contract.

- 6.4.2 The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

6.5 Selection Procedures

6.5.1 General

- A. The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The CSP method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.
- B. With or without discussions, the State may determine the Offeror to be not responsible or the Offeror's Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award.

6.5.2 Selection Process Sequence

- A. A determination is made that the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) is included and is properly completed, if there is a MBE goal. In addition, a determination is made that the VSBE Utilization Affidavit and subcontractor Participation Schedule (**Attachment E-1**) is included and is properly completed, if there is a VSBE goal.
- B. Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State's requirements and the Offeror's ability to perform the services, as well as to facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.
- C. Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Technical Proposal. Technical Proposals are given a final review and ranked.
- D. The Financial Proposal of each Qualified Offeror (a responsible Offeror determined to have submitted an acceptable Proposal) will be evaluated and ranked separately from the Technical evaluation. After a review of the Financial Proposals of Qualified Offerors, the Evaluation Committee or Procurement Officer may again conduct discussions to further evaluate the Offeror's entire Proposal.
- E. When in the best interest of the State, the Procurement Officer may permit Qualified Offerors to revise their initial Proposals and submit, in writing, Best and Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO. **Offerors may only perform limited substitutions of proposed personnel as allowed in Section 3.11 (Substitution of Personnel).**

6.5.3 Award Determination

Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most

advantageous to the State. In making this most advantageous Proposal determination, technical factors will receive equal weight with financial factors.

6.6 Documents Required upon Notice of Recommendation for Contract Award

Upon receipt of a Notification of Recommendation for Contract award, the apparent awardee shall complete and furnish the documents and attestations as directed in Table 1 of **Section 7 – RFP Attachments and Appendices**.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

Attachment B. Financial Proposal Instructions & Form

B-1 Financial Proposal Instructions

In order to assist Offerors in the preparation of their Financial Proposal and to comply with the requirements of this solicitation, Financial Proposal Instructions and a Financial Proposal Form have been prepared. Offerors shall submit their Financial Proposal on the Financial Proposal Form in accordance with the instructions on the Financial Proposal Form and as specified herein. Do not alter the Financial Proposal Form or the Proposal may be determined to be not reasonably susceptible of being selected for award. The Financial Proposal Form is to be signed and dated, where requested, by an individual who is authorized to bind the Offeror to the prices entered on the Financial Proposal Form.

The Financial Proposal Form is used to calculate the Offeror's TOTAL Proposal PRICE. Follow these instructions carefully when completing your Financial Proposal Form:

- A) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., \$24.15. Make your decimal points clear and distinct.
- B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this RFP and may not be contingent on any other factor or condition in any manner.
- C) All calculations shall be rounded to the nearest cent, e.g., .344 shall be .34 and .345 shall be .35.
- D) Any goods or services required through this RFP and proposed by the vendor at **No Cost to the State** must be clearly entered in the Unit Price, if appropriate, and Extended Price with **\$0.00**.
- E) Every blank in every Financial Proposal Form shall be filled in. Any changes or corrections made to the Financial Proposal Form by the Offeror prior to submission shall be initialed and dated.
- F) Except as instructed on the Financial Proposal Form, nothing shall be entered on or attached to the Financial Proposal Form that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Proposal not reasonably susceptible of being selected for award.
- G) It is imperative that the prices included on the Financial Proposal Form have been entered correctly and calculated accurately by the Offeror and that the respective total prices agree with the entries on the Financial Proposal Form. Any incorrect entries or inaccurate calculations by the Offeror will be treated as provided in COMAR 21.05.03.03.F, and may cause the Proposal to be rejected.
- H) If option years are included, Offerors must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the RFP at the prices entered in the Financial Proposal Form.
- I) All Financial Proposal prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the RFP. The Financial Proposal price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully-loaded rates; no overtime amounts will be paid.
- J) Unless indicated elsewhere in the RFP, sample amounts used for calculations on the Financial Proposal Form are typically estimates for evaluation purposes only. Unless stated otherwise in the RFP, the Commission does not guarantee a minimum or maximum number of units or usage in the performance of the Contract.

K) Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

B-1 Financial Proposal Form

The Financial Proposal Form shall contain all price information in the format specified on these pages. Complete the Financial Proposal Form only as provided in the Financial Proposal Instructions. Do not amend, alter or leave blank any items on the Financial Proposal Form. If option years are included, Offerors must submit pricing for each option year. Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

The Commissioner shall publish any adjustments to the wage rates on the Division of Labor and Industry's website. Code Ann., Labor and Employment Article, §3-413.
- I. Under Md. Code Ann., State Finance and Procurement Article, Title 18, if the Commissioner determines that the Contractor/subcontractor violated a provision of this title or regulations of the Commissioner, the Contractor/subcontractor shall pay restitution to each affected employee, and the State may assess liquidated damages of \$20 per day for each employee paid less than the Living Wage.
