# Recommendation

Staff recommends that the Commission issue a Certificate of Ongoing Performance that permits MUMH to continue providing primary and elective percutaneous coronary intervention services for four years subject to the following two conditions:

# Condition 1

MUMH shall hold interventional case review meetings at least every other month that include physicians, nurses and technicians, as required in COMAR 10.24.17.07D(5)(a). MUMH shall submit to Commission staff attendance lists for each of these meetings held between May and October by December 1 of each year and attendance lists for meetings held between November and April by June 1 of each year beginning with meetings held after November 30, 2024, until at least December 31, 2026, to document compliance with this condition. After this date, the Executive Director may release MUMH from the reporting requirement if the Executive Director determines that the hospital has achieved substantial compliance with this condition.

# Condition 2

MUMH shall hold monthly multiple care area group meetings. These meetings shall be attended by the physician and nursing leadership of each care area and include a review of all issues related to the primary PCI system, identify problem areas, and develop solutions, as required in COMAR 10.24.17.07D(5)(b). MUMH shall submit to Commission staff meeting minutes and attendance lists for each meeting held between May and October by December 1 of each year and meeting minutes and attendance lists for each meeting held between November and April by June 1 of each year, for meetings held after November 30, 2024, and continuing until at least December 31, 2026. After this date, the Executive Director may release MUMH from the reporting requirement if the Executive Director determines that the hospital has achieved substantial compliance with this condition.
