**MARYLAND AMBULATORY SURGERY
PROVIDER DIRECTORY
2009**

The 2009 edition of the Maryland Ambulatory Surgery Provider Directory is the twelfth edition of the Directory compiled by the Maryland Health Care Commission. This edition of the *Directory* contains data for the 2008 calendar year based on surveys of: (1) “Ambulatory surgical facilities” defined in Maryland regulation as outpatient surgical facilities with two or more operating rooms; (2) other freestanding (not hospital-based) facilities with ambulatory surgical capacity but no more than one sterile operating room; and (3) hospital-based ambulatory surgery services. The *Directory* provides a uniform data set for ambulatory surgical facilities for use by the Commission, health care providers, policy makers, health insurers, the public and other interested organizations. A list of providers by jurisdiction, information on specialties, and a list of freestanding facilities with hospital or health system affiliations are provided in the *Directory*. A statistical profile of ambulatory surgery in Maryland summarizes key data for 2008 and provides trend data on ambulatory surgery facilities, utilization, and revenues. Also included is a list of facilities that closed during the 2008 survey year and the number of projected facility openings, by jurisdiction, for 2009.

The *Directory* may be downloaded from the Commission's website at <http://mhcc.maryland.gov/ambulatorysurgery>. The information in this *Directory* is also available in the *Maryland Ambulatory Surgery Facility Consumer Guide* located at <http://mhcc.maryland.gov/consumerinfo/amsurg>. A public use ambulatory surgery facility data set containing facility specific information, patient demographics, operating and procedure room characteristics and cases by CPT codes is available in Access or Excel format by going to: http://mhcc.maryland.gov/public_use_files.

The Commission has taken every measure to provide the most current and accurate information. However, some names, addresses or specialties may have changed before posting the Directory on the website. Updates, feedback or requests for further information may be forwarded to:

Ms. Christine L. Parent, Project Coordinator
Ambulatory Surgery Provider Directory
Maryland Health Care Commission
Center for Hospital Services
4160 Patterson Avenue
Baltimore, Maryland 21215-2299
(410) 764-3834
cparent@mhcc.state.md.us

The Commission thanks the ambulatory surgery providers for their contribution to this Directory.

NOTES

- The number of operating rooms published in this Directory reflects data reported to the Commission in the 2009 Maryland Freestanding Ambulatory Surgery Facility Survey. The number of hospital operating rooms comes from a separate survey, sent to each acute care hospital in June of the survey year.
- The information and data in this Directory are reported as calendar years.
- Where N/A is reported, the data is either “not applicable” or “not available.”
- Reported hospital cases reflect outpatient ambulatory surgery cases and do not include inpatient cases.

Other Specialties	19,406	17,853	(1,553)	-8%

AMBULATORY SURGERY PROVIDERS ALL SETTINGS: MARYLAND, 2008

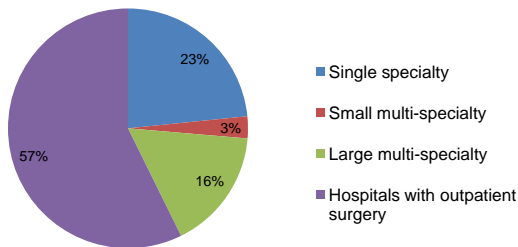

Single specialty = 257
 Small multi-specialty = 30
 Large multi-specialty = 38
 Hospitals with outpatient surgery = 47

AMBULATORY SURGERY CASES, ALL SETTINGS: MARYLAND, 2008

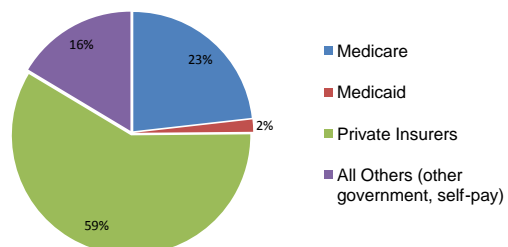

Single specialty = 436,108 cases
 Small multi-specialty = 42,551 cases
 Large multi-specialty = 116,255 cases
 Hospital = 473,935

AMBULATORY SURGERY BILLED CHARGES, ALL SETTINGS: MARYLAND, 2008

Single specialty = \$532,952,325
 Small multi-specialty = \$67,491,063
 Large multi-specialty = \$373,344,609
 Hospitals with outpatient surgery = \$1,308,286,644

FREESTANDING AMBULATORY SURGERY FACILITY NET REVENUE BY PAYER SOURCE: MARYLAND, 2008

Medicare = \$86,572,977
 Medicaid = \$6,160,097
 Private Insurers = \$219,043,765
 All Others (other government, self-pay) = \$61,174,923

*Notes: Small multi-specialty refers to facilities that performed cases in 2 or 3 specialties, large multi-specialty are facilities with four (4) or more specialties. Net revenue is defined as the difference between total billed charges for surgical services and adjustments for contractual allowances, charity care and bad debt.

Guide to State Regulations Affecting Freestanding Ambulatory Surgery Providers in Maryland*

Rex W. Cowdry, M.D.
Executive Director

Annual Maryland Freestanding Ambulatory Surgical Facility Survey

1. All Maryland non-hospital ambulatory surgery providers are required to complete the Maryland Health Care Commission's (MHCC's) annual *Maryland Freestanding Ambulatory Surgical Facility Survey*. The survey is conducted in the second quarter of the year and surveys the preceding calendar year. The survey is Internet-based and is completed and submitted online.
2. Ambulatory surgery providers should begin collecting necessary data as soon as surgical cases are performed at the center in anticipation of completing the survey. Providers are responsible for submitting data for any part of the year the center is operational. If the center closes mid-year, please make arrangements with MHCC to complete the survey. A list of the survey data fields is available from the MHCC upon request.

Developing New Ambulatory Surgery Capacity

1. Developing any new ambulatory surgery capacity in Maryland requires obtaining, from MHCC, a Certificate of Need (CON) or a written determination stating that your proposed center does not require a CON. Developing a facility with two (2) or more operating rooms requires a CON. Please contact Paul Parker, Chief, CON at 410-764-3261 for additional information on filing a CON application. A physician's office seeking to establish one operating room may not need a CON, but requires a determination of coverage under the CON rules. To begin the process, please refer to the Commissions website <http://mhcc.maryland.gov/>, For information on filing a request for determination of coverage go to http://mhcc.maryland.gov/certificateofneed/amsurg/con_amsurg.pdf (See COMAR 10.24.01.05).
2. Determination letters are effective for two (2) years from the date the letter is issued. If the operating room capacity is not implemented within two years, a new determination letter must be obtained from MHCC.

Making Changes to Your Plans Before Opening

You must notify MHCC in writing 45 days in advance of making any of the following changes to your plans to develop ambulatory surgery capacity (See COMAR 10.24.01.05).
Examples of the types of changes requiring notification include;

- Change in ownership
- Change in legal structure
- Change in floor plan
- Change in location
- Change in operating and/or procedure room capacity

Opening Your New Surgery Center

1. All ambulatory surgery centers seeking third party reimbursement for a facility fee must obtain a license from the Office of Health Care Quality. A determination of coverage letter or a CON from MHCC is required by OHCQ in order to obtain a license (see COMAR 10.05.05).
2. The licensing and certification process requires:
 - a. Medicare certification;
 - b. Fire Marshall Survey; and
 - c. Licensing survey

Making Changes to Your Existing Ambulatory Surgery Center

- 1 You must notify MHCC and OHCQ in writing of the following planned changes to your existing ambulatory surgery center at least 45 days prior to implementation of any of these changes (see COMAR 10.24.01.05)
 - a. Center name;
 - b. Specialties provided;
 - c. Ownership (also see below);
 - d. Addition of new physicians;
 - e. Legal structure;
 - f. Closure of surgery center;
 - g. Change in floor plan; and/or
 - h. Change in surgical capacity

Moving or Expanding Your Ambulatory Surgery Center

1. If you are planning to move your center to another location and/or are considering a change in operating room capacity, you must apply to MHCC for a CON or, in the case of a single operating room facility a new determination of coverage, at least 45 days in advance (See COMAR 10.24.01.05). Increasing operating room capacity will require a CON if the facility has one or more operating rooms.
2. You must also contact OHCQ as soon as possible before your move. Please notify OHCQ with an effective date of the move to schedule an on-site inspection and to arrange for a replacement license.

Changes in Ownership

If a majority of the ownership interest in an ambulatory surgery center changes or if the principal owner changes, a new determination of coverage is required. Please note that the principal owner includes both the person issued the original letter of determination and, when there are multiple owners, the person or entity that holds the largest percentage of ownership in the ambulatory surgery center.
