

# CRISP Monthly Reports

July 2014

The Chesapeake Regional Information System for our Patients (CRISP), the State-Designated health information exchange (HIE), submits monthly status reports to the Maryland Health Care Commission (MHCC). The monthly reports provide updates to the HIE program and use of HIE services, and the Regional Extension Center (REC) program. The MHCC's Center for Health Information Technology & Innovative Care Delivery uses the information to facilitate development of the State-Designated HIE, craft policy around privacy and security, and develop initiatives to expand health information technology adoption, including electronic health record adoption and meaningful use.

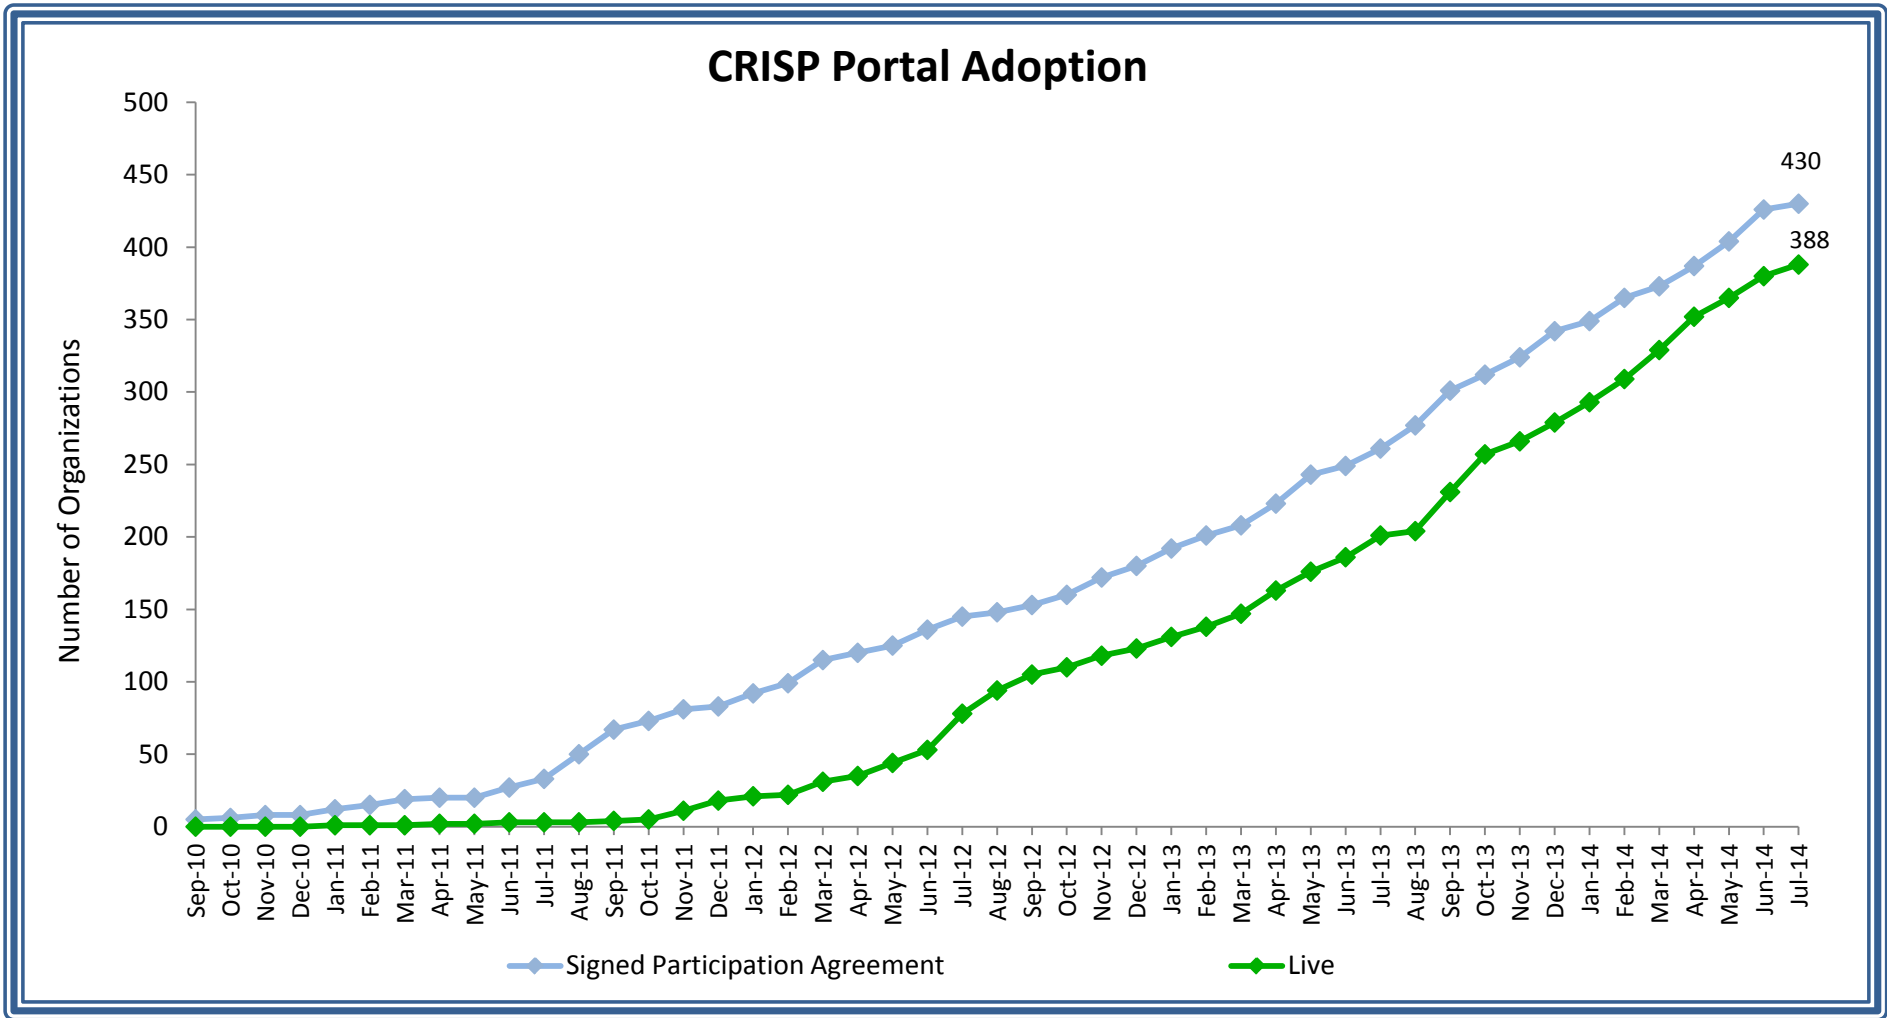

## At a Glance

HIE Category	New May	New June	New July	Total* #	Total* %
<b>Ambulatory Practice Data Consumption</b> (# of organizations) N=6,537					
Signed participation agreements - CRISP Portal	17	19	4	301	4.6%
CRISP portal live	11	12	5	267	4.1%
Direct message accounts live	21	17	19	334	5.1%
Encounter notification service live	3	10	9	86	1.3%
<b>Hospital Data Submission</b> (# of hospitals) N=46					
Laboratory reports	0	2	0	36	78%
Radiology reports	0	1	0	40	87%
Transcribed reports	1	1	0	38	84% <sup>1</sup>
<b>Long Term Care Data Consumption</b> (# of organizations) N=235					
Signed participation agreements - CRISP Portal	0	3	0	39	17%
CRISP portal live	2	3	0	30	13%
Encounter notification service live	1	0	1	8	3%
<b>Query Portal Usage</b>					
Number of CRISP Portal queries <sup>2</sup>	46,033	45,524	53,194		
Single-sign on live in Maryland hospitals	0	0	0	5	11%

\*Totals are cumulative

Notes:

- Garrett County Memorial Hospitals has no plans to submit transcribed reports to CRISP
- Number of CRISP Portal queries not listed in Total # and Total % columns because CRISP Portal queries are not calculated based on a cumulative total over time

**Key Terms:**

**CRISP Portal:** A standalone web-based system that contains patient health information from Maryland hospitals and other providers connected to the HIE. Information available via the portal includes patient demographics, laboratory results, radiology reports, discharge summaries, operative and consult notes, and medication fill history

**Participation Agreement:** Providers sign a participation agreement with CRISP in order to query the CRISP Portal

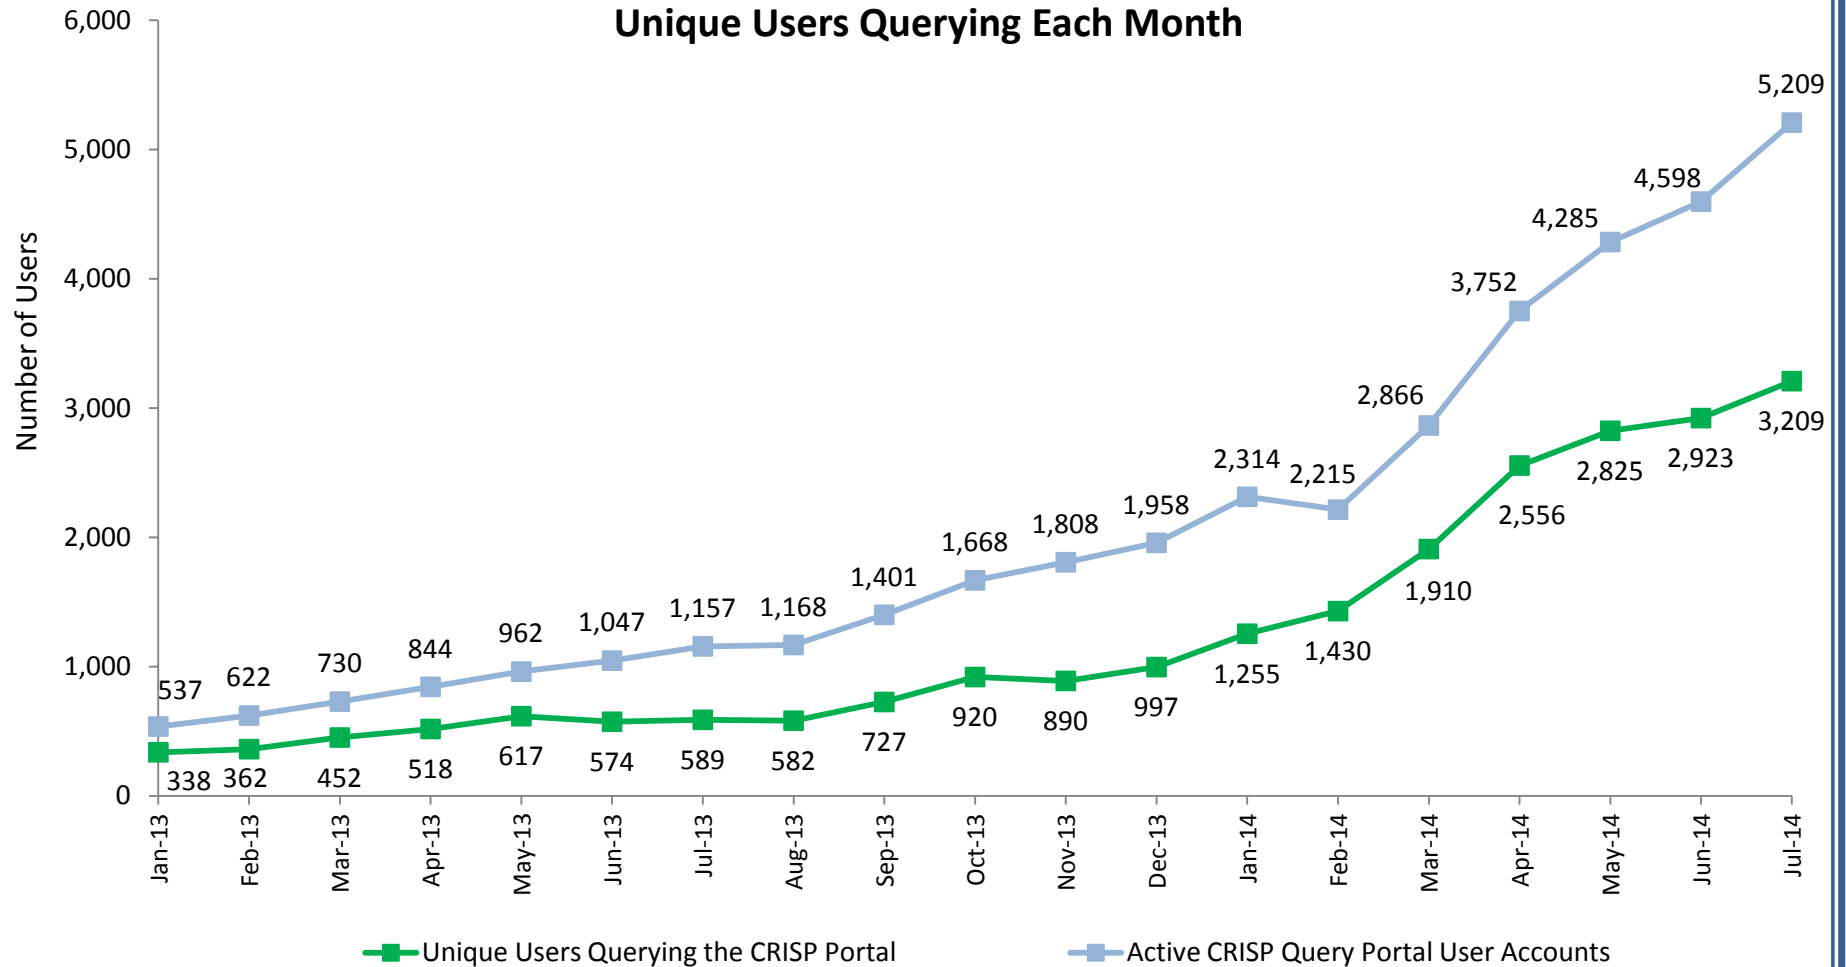

**Live:** An organization has completed the credentialing, legal, and training process and has at least one user approved to use the Portal

**Notes:**

Gap between organizations with a *Signed Participation Agreement* and those *Live*: some organizations only desire use of ENS and do not intend to use the portal

## CRISP Query Portal

### Active CRISP Query Portal User Accounts and Unique Users Querying Each Month

**Key Terms:**

**CRISP Portal:** A standalone web-based system that contains patient health information from Maryland hospitals and other providers connected to the HIE. Information available via the portal includes patient demographics, laboratory results, radiology reports, discharge summaries, operative and consult notes, and medication fill history

**Users:** Doctors, nurses, pharmacists and eligible medical staff whose identity and credentials have been authenticated and granted a CRISP login account

# CRISP Portal Availability

Average Portal Availability = 96.5%

**Key Terms:**

**CRISP Portal:** A standalone web-based system that contains patient health information from Maryland hospitals and other providers connected to the HIE. Information available via the portal includes patient demographics, laboratory results, radiology reports, discharge summaries, operative and consult notes, and medication fill history

**Portal Availability:** The percent of hours that the portal is live out of all possible hours in a month

**Percent Available:** The percent of hours that the portal is available during the month

## CRISP Portal Queries

**Key Terms:**

**CRISP Portal:** The CRISP Portal is a standalone system available via the Internet that provides patient health information from Maryland hospitals and other providers who are connected to the HIE. Currently, select information is available via the portal, including patient demographics, laboratory results, radiology reports, discharge summaries, operative and consult notes, and medication fill history

**Queries:** Number of searches within the CRISP Portal per month

\*Includes access to CRISP Portal, encounter notification service (ENS), and/or Prescription Drug Monitoring Program (PDMP); details about providers consuming CRISP data are available on the *CRISP Portal, ENS & PDMP Adoption by Facility* table; PDMP users include prescribers (health care providers with the authorization to prescribe controlled dangerous substances), pharmacists (dispensers of controlled dangerous substances), and delegates (licensed health professionals with access to PDMP under an overseeing prescriber or pharmacist)

\*\* Includes CRISP Portal and PDMP queries

\*\*\*Pharmacy data available beginning in October 2013

**Key Terms:**

**Direct Message Accounts:** A secure and encrypted e-mail service that supports electronic communication between health care providers

**Live:** Users live with a CRISP Direct Messaging account

## Encounter Notification Service Adoption

### Key Terms:

**Encounter Notification System (ENS):** A system that notifies providers when one of their patients has an encounter at a Maryland hospital, which includes patient admission, discharge, and transfer activity

**Live:** The number of organizations receiving ENS alerts

## Hospital Data Submission Laboratory Reports Live

(N=46)

**Key Terms:**

**Live:** The number of hospitals using the laboratory documents exchange service

**N:** The number of acute care hospitals in Maryland

## Hospital Data Submission Radiology Reports Live

(N=46)

**Key Terms:**

**Live:** The number of hospitals using the radiology documents exchange service

**N:** The number of acute care hospitals in Maryland

## Hospital Data Submission Transcribed Reports Live

(N=45)\*

**Key Terms:**

**Live:** The number of hospitals using the transcribed exchange service

**N:** The number of acute care hospitals in Maryland

\*Garrett County Memorial Hospital has no plans to submit transcribed reports to CRISP

## Prescription Drug Monitoring Program

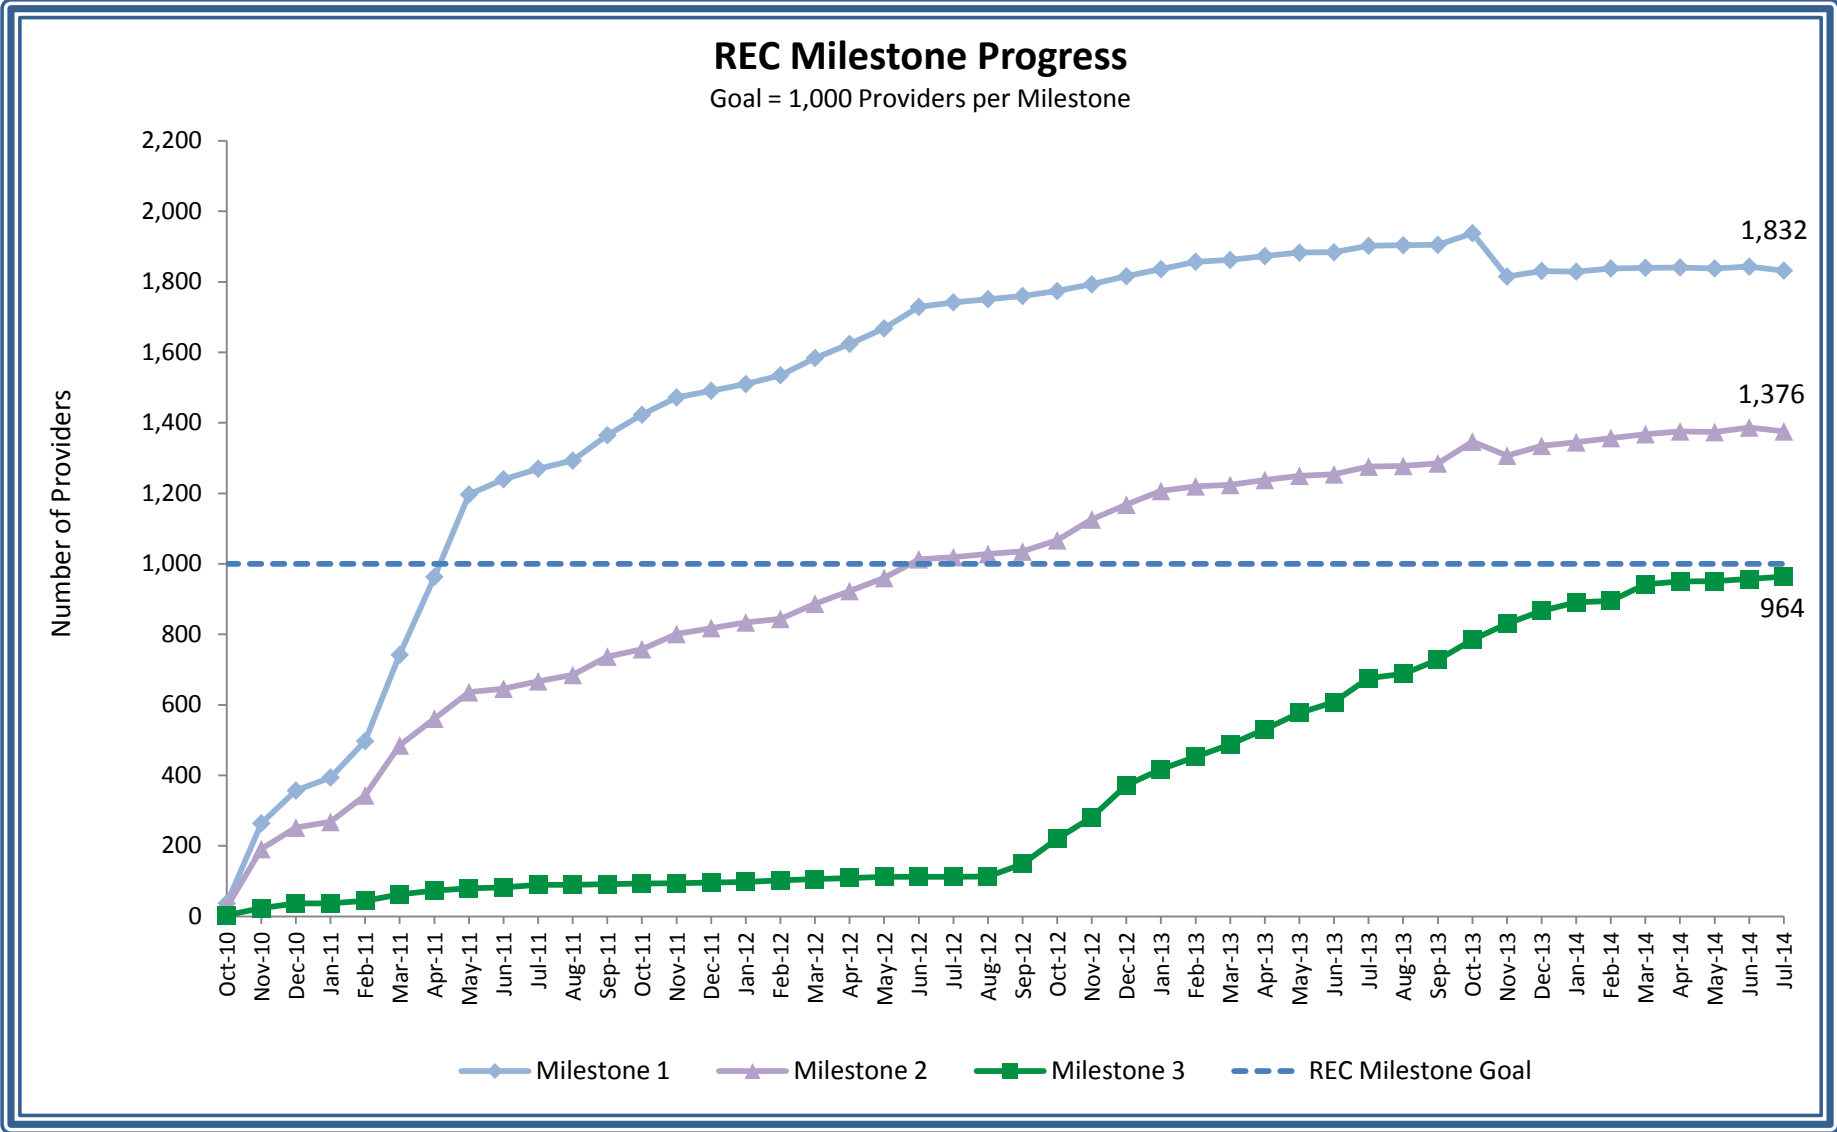

### **Key Terms:**

**Prescription Drug Monitoring Program (PDMP):** Records of all dispensing of controlled dangerous substances (CDS) available in CRISP query portal that went live as a pilot in November 2013

**Prescribers:** Health care providers with the authorization to prescribe CDS

**Pharmacists:** Dispensers of CDS

**Delegates:** Licensed health professionals with access to PDMP under an overseeing prescriber or pharmacist

**Key Terms:**

**REC:** The Regional Extension Center (REC) provides technical assistance to priority primary care providers (PCPs) in adopting and using an electronic health record (EHR)

**Milestone 1:** A PCP that has signed a participation agreement with a management service organization

**Milestone 2:** A PCP that has adopted an EHR and is using certain functionalities of the system

**Milestone 3:** A PCP that has achieved meaningful use defined by the Centers for Medicare & Medicaid Services

**REC Milestone Goal:** The milestone goal was established by the Office of the National Coordinator for Health Information Technology

REC Progress						
Milestone	Provider did not have an EHR at sign up with the program		Provider had an EHR when signed up with the program		Total	
	#	%	#	%	#	%
Milestone 1	732	40	1,100	60	1,832	183
Milestone 2	685	50	691	50	1,376	138
Milestone 3	456	47	508	53	964	96

**Key Terms:**

**REC:** The Regional Extension Center (REC) provides technical assistance to priority primary care providers (PCPs) in adopting and using an electronic health record (EHR)

**Milestone 1:** A PCP that has signed a participation agreement with a management service organization

**Milestone 2:** A PCP that has adopted an EHR and is using certain functionalities of the system

**Milestone 3:** A PCP that has achieved meaningful use defined by the Centers for Medicare & Medicaid Services

**REC Milestone Goal:** The milestone goal was established by the Office of the National Coordinator for Health

## Maryland REC Progress - Milestone 1 Percent PCPs Participating by MSO

Total PCPs signed up with an MSO: 1,832

## Maryland REC Progress - Milestone 2 Percent PCPs Live on an EHR by MSO

Total PCPs live on an EHR: 1,376

## Maryland REC Progress - Milestone 3 Percent PCPs Achieved Meaningful Use by MSO

Total PCPs achieved meaningful use: 964

**Key Terms:**

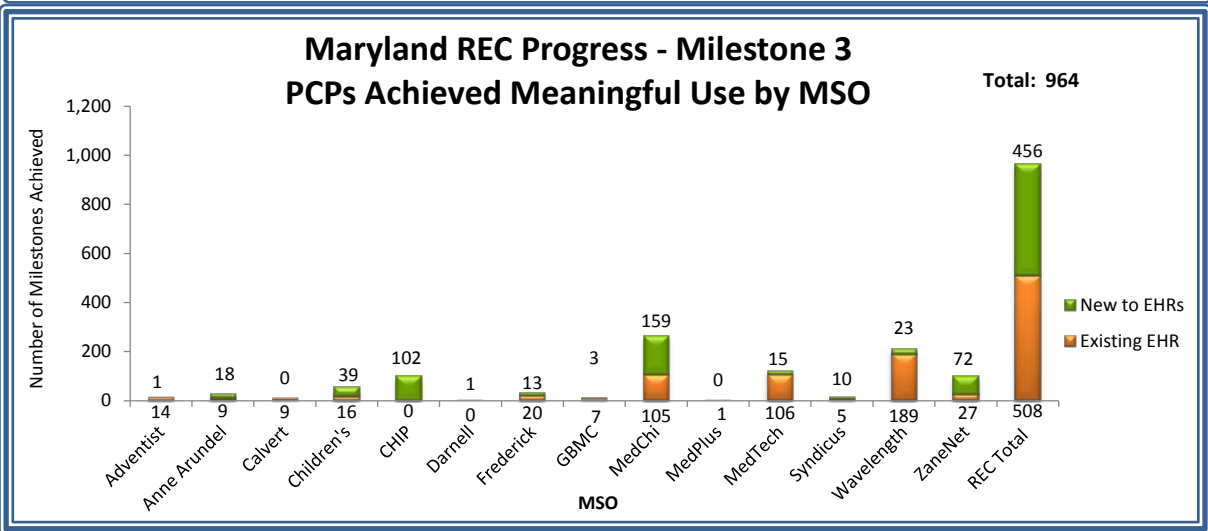

**REC:** The Regional Extension Center (REC) provides technical assistance to priority primary care providers (PCPs) in adopting and using an electronic health record (EHR)

**Milestone 1:** A PCP that has signed a participation agreement with a management service organization (MSO)

**Milestone 2:** A PCP that has adopted an EHR and is using certain functionalities of the system

**Milestone 3:** A PCP that has achieved meaningful use defined by the Centers for Medicare & Medicaid Services

**Primary care provider:** Primary-care providers in individual and small group practices (fewer than 10 physicians and/or other health care professionals with prescriptive privileges) primarily focused on primary care; and physicians, physician assistants, or nurse practitioners who provide primary care services in public and critical access hospitals, community health centers, rural health clinics, and in other settings that predominantly serve uninsured, underinsured, and medically underserved populations

**Key Terms:**

**Key Terms and Notes:**

**CRISP Portal:** The CRISP Portal is a standalone system available via the Internet that provides patient health information from Maryland hospitals and other providers who are connected to the HIE. Currently, select information is available via the portal, including patient demographics, laboratory results, radiology reports, discharge summaries, operative and consult notes, and medication fill history

**Encounter Notification System (ENS):** A system that notifies providers when one of their patients has an encounter at a Maryland hospital, which includes patient admission, discharge, and transfer activity

**ENS Live:** The number of organizations receiving ENS alerts

**Green Shading Indicates Completed:** Practices that have completed the category are shaded green with the month indication of completion

**Participation Agreement:** Providers sign a participation agreement with CRISP in order to query the CRISP Portal. Multiple facilities or organizations can be covered under a single Participation Agreement (e.g. MedStar); entries containing an organization name in the Portal Participation Agreement field indicate the name of the organization that holds the Participation Agreement. Pharmacies are exempt from signing a Participation Agreement.

**Patient Education:** Education materials are provided to practices to hand out to patients regarding the CRISP Portal before a practice may begin using the Portal

**PDMP (Prescription Drug Monitoring Program) Access:** Number of organizations using PDMP services; records of prescribing and dispensing of controlled dangerous substances available in CRISP query portal that went live as a pilot in November 2013

**Portal Live:** An organization has completed the credentialing, legal, and training process and has at least one user approved to use the Portal

**Portal Training:** CRISP provides training to clinical providers in order for participants to learn how to access clinical information in real-time Training includes information about accessing the Portal and patient education. Training is the first person trained at the facility

\* Although most providers/practices follow a sequence (provider agreement, training, usage), some practices completed the steps in a different order; metrics in chart represent a snapshot of CRISP data available at the end of each month, certain dates may fluctuate from month to month

## CRISP Other Projects

#	Project Name	Project Description
1	Regional Extension Center Operations	Provides support to 1,000 small practices to achieve meaningful use by providing direct technical assistance through Management Service Organizations
2	Direct Secure Messaging	Provides the ability for an individual clinician or organization to send or receive Secure Email, to support a variety of clinical purposes
3	State Innovation Model (SIM) Reporting and Mapping	Partnering with the Department of Health and Mental Hygiene (DHMH) on the development of hospital encounter reporting and mapping capabilities to support the community integrated medical home model
4	Health Enterprise Zone (HEZ) Dash-boarding and Mapping	Leveraging the capabilities developed under the SIM grant, to offer dash-boarding and technical assistance for the HEZ program
5	Prescription Drug Monitoring Program (PDMP)	The PDMP makes records of the prescribing and dispensing of controlled dangerous substances available in the CRISP Query Portal, in an effort to stem the rise of prescription drug abuse and diversion. The PDMP project went live in mid-December.
6	Health Benefit Exchange (HBE) - Provider Information Management	CRISP is obtaining provider information from the Qualified Health Plans participating in Maryland's HBE and partnering with Optum to produce a verified provider demographics source so that consumers of the HBE can search for health insurance plans by provider name
7	HBE - All Payer Claims Database Unique Identifier	Relying on the Initiate Master Patient Index, CRISP is attaching a unique patient identifier to carrier eligibility files sent to MHCC to enable insights into member churn between commercial Qualified Health Plans and Medicaid
8	HBE - Care Summary	In its early stage, this project would allow a new enrollee in a health plan to choose to send prior clinical records to care coordinators affiliated with their new health plan, such that proactive services may be provided in advance of a new billing history building up
9	Public Health - Electronic Lab Reporting	To support reporting for the public health meaningful use measure, CRISP is sending a copy of electronic reportable labs to the State via Health Level Seven (HL7), providing assistance with the formatting of the lab messages as necessary
10	Public Health - Immunization Reporting	Hospitals will send Immunization messages via HL7 to CRISP which will pass them along to the State to a Secure File Transfer Protocol (SFTP) location
11	Public Health - Syndromic Surveillance	CRISP will send a copy of existing discharge (A04) and update (A08) messages to DHMH via HL7 to an SFTP location, providing assistance with the formatting of the admission, discharge, and transfer (ADT) messages as necessary
12	Department of Public Safety and Correctional Services Query	Providing access to the CRISP Query Portal for Department of Corrections and users at the locked ward at Bon Secours Hospital
13	Single Sign On	Implementing additional HIE capabilities to Medicaid providers, such as single sign on to the HIE
14	DC Hospital Integration	Working with DC Department of Health Care Finance (DHCF) to support DC acute care hospital connectivity with the CRISP HIE infrastructure
15	Medicaid Outreach DHMH	Partnering with DHMH for outreach to eligible professionals and hospitals in regards to the Medicaid Meaningful Use Incentives Program in Maryland
